CLIFFORD SEYMOUR PASSES AT ADDISON

Young Man Greatly Mourned—W.M.S. Takes Charge of Service.

Addison, April 14.—A gloom was cast over Addison when it became known that Clifford Seymour, one of those rare characters, quiet, gentle and beloved by all, and so young, scarcely twenty-three years old, had been called by his reward, after a few days' illness. Clifford had been working at the home of Roy Scott. His illness at first was not considered serious, but pneumonia set in and did its fatal work in a very few days. The body was taken to his mother's home in Athens, and the funeral service was held in the Methodist church, where Rev. H. E. Warren preached an appropriate sermon.

Tell him to take Cod Liver Oil for a couple of months and get enough good healthy flesh on his bones to look like a real man.

Tell him, it's the only way to take those grave-like hollows from his cheeks and neck.

Tell him he won't have to swallow the nasty oil with the nauseating fishy taste, because the McCoy Laboratories, of New York, are now putting up Cod Liver Oil in sugar coated tablet form.

ONLY THE MOTHER KNOWS ABOUT THE COUGHS AND COLDS OF THE CHILDREN

It is hard to keep them from taking cold; they will run out of doors not properly clad, or have on too much clothing; play too hard and get overheated, and cool off too suddenly; get their feet wet; kick off the bed clothes at night, and do a dozen things the mother can't prevent.

The prompt use of DR. WOOD'S Norway Pine Syrup will check the cough or cold before any serious lung trouble can possibly develop.

Mrs. Everett E. Keetch, R. R. No. 2, Fredericton, N.B., writes: "My little boy, age nine years, had a dreadful cold which left him with a bad cough. I tried Dr. Wood's Norway Pine Syrup, and after using three bottles he was completely relieved. I would advise all mothers to use this remedy for their children as it is an excellent medicine."
