MAY CHARGE RENTAL FOR GASOLINE PUMPS
G.W.V.A. BIRTHDAY PARTY GREAT SUCCESS

Question Now Under Consideration by Board of Works.

In the opinion of members of the Board of Works, Kingston has too many "monuments" or gasoline pumps on the street, and it is altogether likely that the Board will make a recommendation to the city council, to have the city charge so much rental per year for each pump in service. The matter was under discussion at a meeting of the Board held on Wednesday afternoon, but no action was taken, pending information the board is seeking from other cities in regard to the matter. It is stated that in several cities an annual rental is charged for service pumps. The city clerk has written to a number of cities, in order to secure the desired information, and the matter will be taken up at the next meeting of the Board.

Ex-Service Men Enjoyed the Varied Programme Provided Wednesday Evening.

The G.W.V.A. birthday party on Wednesday evening was an overwhelming success. Despite the elaborate preparations which had been made for receiving the largest crowd that the rooms were capable of accommodating there was a knot of men standing outside the door who could work their way in only when someone left. Three long tables ran the length of the hall, with a cross table at the head, and at these every seat was filled. Substantial refreshments were there for those who felt the need of them. A varied programme of turns and speeches kept up the interest all evening, and the greatest credit is due to the executive of the Association for giving ex-service men this opportunity of meeting together again.

At a recent meeting of the Board, Ald. Boyd gave it as his opinion that a fee should be charged for the pumps on the street. It is the general feeling of the committee that the city should derive a revenue from the pumps when they are located on the street. At nearly every meeting of the Board, an application is received for the installation of a pump and the Board feels that it is time that action should be taken. At Wednesday's meeting an application was received from R. E. Ward, to install a gasoline pump on Montreal street, near the outer station. The application, following the usual course, was referred to the city engineer.

Looking over those rows of cheerful faces, one was struck by two things. The ex-service men are getting older. How many were there who on account of age would no longer be eligible for service. Far ahead, one could see the time when the war veterans would be only a white haired remnant of the gallant host that came back after the conflict. The other striking feature was the contrast in social condition between these comrades sitting there shoulder to shoulder. Some bore in face and dress the marks of prosperity and contentment. Many showed that they labored hard to keep up with the game. And not a few carried the marks of defeat, of unemployment and of a precarious livelihood conducted on the brink of despair. War was a bitter struggle, but for some who gave their best in France peace is infinitely more bitter. Yet for this night, men were comforted in each other's company and all joined in laughter and good fellowship.

The Board received a letter from Columbus Hanley, manager of the Canadian National Telegraph Company, asking that some action be taken to relieve the congestion of traffic on Clarence street, between King and Ontario streets. Mr. Hanley stated that as a result of the parking of the cars from the taxi stands on the centre of the street and cars on each side of the street, the congestion is a serious matter.

Mr. C. Hicks acted as chairman and introduced His Worship, Mayor Angrove, who welcomed the gathering and wished the association success. After Dr. W. D. Sharpe, Dominion President of the G.W.V.A., had also spoken a word of welcome, Lt.-Col. H. E. Pense, D.S.O., recalled the incidents of the battle of Vimy. This had been the first occasion on which the four Canadian divisions had acted together, and it was by acting together now that similar successes would be achieved. "Stick it," he said, "and be of good cheer."

The Board also considered the urgent need for the re-numbering of the houses on certain streets, and will ask that a by-law be prepared to re-number these streets.

Ald. Reid moved to have Victoria street, between Princess and Union, paved, and Ald. Holder moved for the paving of St. Catherine street, which takes in one block, and both motions were carried.

Messrs. Young and Whalen then put on a remarkably good female impersonation which brought back memories of the concert companies of the war. Mr. James Marshall, in highland costume, and with excellent singing, kept the gathering in gales of laughter with his accounts of experiences among the bonnie lassies.

The tender of the Imperial Oil Company, to supply seventy-five barrels of cold patch, at 19 cents per gallon, was accepted.

Acting on the suggestion of Ald. Reid, it was decided to have the two cars used by the works department insured against fire and accident.

The Board recommended the construction of a cement walk on the south side of Bay street, Wellington to Rideau street.

Mr. Polis mystified the onlookers with sleight of hand and drew from a saw strange music. In the absence of the president, Comrade Flint, vice-president of the association, cut the birthday cake.

Amid loud applause, Dr. Sharpe rose to give the address of the evening. No men, he said, are bound together by stronger ties than are the ex-service men. He proceeded to show the work which the G.W.V.A. has performed for the ex-service men in securing justice from the pension and medical authorities. He gave case after case in which the association had been able to effect a settlement. The G.W.V.A. is a service organization. Part of that service had been performed in France, the remainder was still to be done in Canada. The services of men who had been through, who had learned what they had learned, were too valuable to be lost to the country. They must still work for their

Rotary Club Activities.

Prof. R. K. Hicks of Queen's University, will be the speaker at the luncheon of the Kingston Rotary Club on Friday at noon at the British-American hotel. He will speak on amateur theatricals.

Rock Men Needed.

On account of the depth of the drain on Division street, it is a very difficult matter to pick men who are suitable for the work. The drain is now down to a depth of about twelve feet, and for that reason short men and it quite difficult to throw the rock and dirt out of the ditch. The work has now reached the stage where experienced rock men are needed, and that class of help is getting about four days' work each week.

Brockville Buys Pumper.

Brockville city council has decided to purchase an American La France triple duty fire motor truck. G. E. Thomas, sales agent, conducted a test of a pumper on its way to Hull, and as a result of the test the American La France Company was given the tender, which was the lowest of three received. The contract price was \$15,750. The pumper tested in Brockville passed through Kingston on Tuesday.

Sale of Wellington Property.

R. W. Ireland, Wellington, has sold his fine farm property on the Lake Shore Road to Mr. H. A. Lowe of Toronto. Mr. Ireland has rented "Dreamworld," the home of the late W. F. Niles and is moving into his new home.

LETTERS To The Editor

Owning Your Home
Is the Most Desirable of All Possessions.

Do You Remember?
Ottawa, April 15.—(To the Editor): Many of those things your contributor calls to mind about good old Kingston are very interesting to some of us old time Kingstonsians. I wonder if among your readers anyone can remember on what street a certain Mr. Aldenby carried on the tailoring business in Kingston some 70 years years ago; in the early part of the fifties of last century. If so, I shall be greatly obliged if he or she will drop you or me a line indicating the locality. I hope you will afford space for this short note, and also a reply if you receive one.

Yours Faithfully,
—JAMES LAWSON.

MISSION BAND CONCERT.

Given in Chalmers Hall on Wednesday Evening.

The Macgillivray Mission Band of Chalmers church gave a fine programme of varied nature before a large audience in the Sunday school hall on Wednesday evening. Rev. Dr. Malcolm Macgillivray was the genial chairman of the evening, and at the close of the concert some interesting slides showing the work of the W. M. S. among children in Canada and in foreign countries were displayed. Prizes for the best attendance at the meetings of the Band in 1934 were presented by Mrs. J. F. McFadyen to the Misses Helen Matheson and Constance Carr. The entire band united in the opening chorus and in other choruses and drills during the evening. Leading parts were taken by the Misses Jean, McDonald, Hurrell, Johnston, Eleanor Allan, Margaret Barrett, Dorothy Harlow, Evelyn Allan, Ruth Harlow, Elizabeth Young and Jean Johnston, and by Masters Malcolm Brown, Billie Elliott, Donald Johnston, Billie Young, Henry Lingham, Ross Burke and Abey Richmond. Much credit is due to Mrs. G. A. Brown, leader of the Band, for the excellent showing and spirit of the children.

Township Councils

PITTSBURGH.
April 6.—Council met at 1.30. Members all present. Minutes of last meeting read and adopted. Resolution passed that the reeve and the clerk be authorized to sign and submit to the minister of public works and highways of the province of Ontario the petition of the corporation of the township of Pittsburgh showing that during the period January 1st to December 31st there has been expended upon the township roads the sum of \$5,411.02, and requesting the statutory grant on that amount as provided by the Ontario Highways Act and amendments thereto.

Accounts passed: Hanson and Edgar, dog tags, and printing, \$35.19; Joseph Edgar, Jr., shovelling snow, \$5.20; P. J. Shortell, work, \$7; S. Gillespie, shovelling snow, \$7; John Hughes, drawing gravel, \$5; N. Stanton, Jr., stamps for amusement tax returns, \$2; clerk account salary, \$25; J. Sowards, wood for hall, at 1.30 p.m.

Four Boys On Bicycle.

There used to be a song about "A Bicycle Built for Two," but on Wednesday no less than four boys were observed riding simultaneously on one bicycle on Clarence street. One was on the handlebars, one on the crossbar, one on the saddle furnishing the locomotion and one trailing along on the rear mudguard. The procession caused no little amusement.

Lectured to the Dentists.

Dr. Becombe, dean of the Royal Dental College, Toronto, came to Kingston on Wednesday and lectured to the Kingston Dental Association on the effect of diet on the teeth. These lectures are held almost monthly by the local dentists, who take this means of keeping abreast with the latest developments in their profession.
