LIFE'S SOCIAL SIDE

A splendid bale is shortly going to far away Labrador from the Kingston Grenfell Club. On Thursday afternoon, the long tables in St. George's hall were piled with all sorts of things. Warm woollen clothing, knitted garments, bed linen and blankets, babies' soft woolies, toys and scrap-books for the little ones, toilet articles and canned food were to be found in the miscellaneous collection. At the door, Miss Lettice Tandy took what money the visitors felt like giving. Among the societies that sent contributions to this bale are the Prince Charles Chapter, I.O.D.E., George T. Richardson, Chapter I.O.D.E., Children of Mary, the Charity Circle of the King's Daughters, the Nurses' Alumnae and the primary department of Sydenham street Methodist Sunday school. Tea was poured at a table centred with pink tulips in a pale green bowl, by Mrs. T. B. Callander, the president, and Miss Betts, assisted by members of the society. During the afternoon, Miss Anna Mitchell and Miss Marion McFadyen sang delightfully and being most good-natured responded to the applause they received with other songs. Mr. R. F. Harvey played a piano number and accompanied Miss Mitchell's songs. Miss Drummond was Miss McFadyen's accompanist.

Easter bunnies and gay eggs were pictured on the walls of the corridors and the hall of the Eastern Dairy school on Thursday evening when the Junior Woman's Institute and Junior Farmers' Association gave a jolly Easter dance. Pale gold and purple streamers were overhead and velled the lights. The guests were received by Mr. A. W. Sirett and Mr. and Mrs. L. A. Zuffit and danced merrily to the excellent music of Sid Fox and his serenaders. Refreshments were served and the guests, who were numerous, thoroughly enjoyed this pleasant party.

AUNT HET

"A sponge bath ain't efficient, I reckon, but I fit so tight in a bath tub I can't do a good job."

The Editor Hears

That the Cataract Golf Club, where already the golf enthusiasts are on the links, is looking forward to a successful season. Many of the members of the old Country Club have joined the newer club and the women who enjoy their game of bridge or mah jongg, a luncheon or a dinner in the country where the cool breeze from the lake tempers the heat, find the club a pleasant place.

That the Methodist women of Kingston are looking forward to the meeting of the W.M.S. of the Montreal Conference which is to be held here this year in May.

That Queen Mary was one of the first women in England to introduce vacuum cleaners and electric cooking, cleaning and washing devices into her homes.

That some clever girls and women are knitting their own dresses. The hand-made knitted dress is, if well made, a delightful garment. It can be made of wool or silk and wool and is durable, warm enough and not too warm, will not crush nor hold the dust and is ideal for travelling.

That it is not too soon to get the motorists camp in order. The first warm days of May will bring the tourists and June with its long days, the fresh green leafage of the trees and the meadows with their daisies and clover, is the ideal month for motoring. Then when the old boys and girls come we must surely have a place for them to camp where they will be able to enjoy to the full the delights of the St. Lawrence or the lake. They have often thought of it when they were living in hot inland towns or cities and one of the pleasures of the trip will be to camp once more where the cool breezes blow and the rippling waves break on the shore.

Don't forget the "Pageant of Famous Women" in Memorial Hall tonight at 8 p.m. in aid of Victorian Order of Nurses. Carved Chinese crystals strung with uncut crystal balls make lovely necklaces.

Mrs. Philip Du Moulin, Sydenham street, gave a large house dance on Thursday evening for the boys and girls who are home from school and their Kingston friends. Theodore Du Moulin, who is in town from Trinity College School, Port Hope, for the holidays, assisted the hostess, and the young people spent a very delightful evening. The large house gave plenty of room for the fifty guests to dance and the supper, served at midnight, was another much enjoyed feature.

Mrs. M. J. Danaher, University avenue, entertained on Tuesday evening for Miss Katharine Ledford, a bride of next week. The bride-to-be was given a miscellaneous shower by the guests.

Miss Kathleen Daly, Albert street, left for Toronto to-day to be present at the marriage of her nephew, Mr. Alan Daly to Miss Helen Doelle, which takes place on Saturday afternoon.

Mrs. O. F. Telgmann gave a dramatic recital at Society's Bay on Wednesday, under the auspices of the Women's Institute.

Miss Jean Chown, who is with Dr. and Mrs. A. P. Chown, "Edgehill," will return to Rochester, N.Y., on Monday.

Mrs. Arthur Ellis, King street, will entertain at bridge on Saturday afternoon.

Miss Edith Carruthers, "Annadale," entertained her bridge club on Thursday.

Mrs. Fairweather Wilson and Miss Wilson, who have been with Mrs. Havelock Price, Sydenham street, returned to Montreal today.

Mrs. Francis Constantine, Earl street, is in Ottawa.

Mrs. and Mrs. Stanley Beseau and Mrs. Dick Seaton have returned to the city after spending Easter in Buffalo, N.Y.

Mrs. John Robinson and her daughter, Miss Mary Robinson of Hamilton, who were here to attend the funeral of Mrs. Robert Cousins, have returned to their home. Mrs. Robinson is a sister of the late Mrs. Cousins.

Mrs. D. J. Ludgate of Detroit, Mich., grand-daughter of the late Mrs. Robert Cousins, will spend the summer with her mother, Mrs. Maudson, Earl street.

LOCAL WOMEN'S COUNCIL TO ASK DONATIONS

For the Relief of Distress in Nova Scotia Through the Miners' Strike.

Mrs. Frederick Etherington, president of the Local Council of Women, was in the chair at the April meeting held in the city council chamber on Thursday afternoon. There was a large attendance of members and much interesting business was transacted.

The secretary read a letter from the National Council asking for support of the "Save-the-Forest Week" appointed by the governor-general to be observed from April 16th to April 25th. The letter asked that the local press be requested to assist in giving the matter publicity.

The matter of the League of Nations Society, the object of which is to give publicity to the aims of the League of Nations in the fifty-five countries represented, was brought up. The time for action has been extended to the 1st of May. A resolution was passed recommending that the affiliated societies should take corporate membership in the society.

The president said that several of the affiliated societies had approached her on the matter of sending relief to the women and children of the Nova Scotia mining districts, who are found to be in sore need of food and clothing. The secretary had wired to Dr. MacMechan, Dalhousie College, as to the best way to send help to the women and children, and he had sent the telegram to the president of the Halifax Local Council. She had assured the Kingston Council that excellent committees were in charge of the relief and that Hon. McCallum Grant would receive all subscriptions to the fund.

A motion was made by Mrs. H. A. Lavell, seconded by Mrs. Peter Davlin, that the council endorsed any effort of the miners. This was passed, and another motion made and seconded that the Kingston newspapers should be asked to open a subscription list, the council being responsible for sending the money subscribed to Hon. McCallum Grant, convener of the relief committee. The point was emphasized that not only the families of the striking miners were in want, but the families of those, in no way connected with the strike, who derived a living from the miners' trade. As convener of the press committee of the Local Council, Miss Goling was asked to take charge of the subscriptions until they were sent to Halifax by the treasurer, Miss A. Davidson.

Nominations for the National Council officers were made.

NORTH ADDINGTON. A good representation of the various committees and executives of the different branches of the Women's Institute in the district of North Addington met in Keeche's hall, Enterprise on Wednesday afternoon, April 15th to complete arrangements for a district convention to be held at Tamworth on June 10th.

There will be two sessions a morning session beginning at 9.15 a.m. and an afternoon session at 1.30 p.m. Mr. George A. Putman, superintendent of the Agricultural De-

SEASONABLE RECIPES.

Ginger Rhubarb. Take 8 pounds of rhubarb cut fine, 1-2 pound preserved ginger, 4 lemons, 3 pounds sugar, 1 pint water (for pears, recipe calls for 1 quart of water). Make syrup of sugar and water, stirring carefully to prevent scorching, add rhubarb and ginger, cut fine, boil gently for 30 minutes. Boil the lemons whole until tender. Remove seeds and tough membrane, skin cut in small pieces, add to the rhubarb mixture, and cook one hour or until thick. Four into steril glasses and seal.

Rhubarb Jam With Figs. Take 4 lbs. rhubarb, 5 lbs. sugar, 1 lb. figs, 2 lemons, cut tender rhubarb into small pieces. Boil the lemons whole until tender, then remove seeds and cut in small pieces; chop figs and put all together in a crock or granite kettle, sprinkle over the fruit, half the sugar and let stand overnight. Next morning add remainder of sugar and boil gently for 3 hours.
