What the Press Agents Say About Coming Attractions

"SAINT JOAN" AT GRAND

Julia Arthur Will Be In Kingston on Wednesday Next

Bernard Shaw, who in association with Bertram C. Whitney, is sending his latest and greatest play, "Saint Joan" to the Grand Opera House, Wednesday, April 22nd, matinee and night, gives some interesting lights on his play. He says:

"Joan was a Frenchwoman, just as Rodin was a Frenchman, of genius, and both were obliged to go to London in order to find recognition. I am quite aware, of course that Joan is widely celebrated in France as a saint, but the real woman in her is still as unpopular in her own country as she was when the Burgundians sold her to the British and the latter delivered her to the French Church and the inquisition to be burned."

"France knows very little about Joan of Arc. Instinctively she disguises her in her own eyes. She was a saint, and France does not know what a saint is; she adores St. Paul and St. Louis Pasteur. Joan was the first Great Protestant, and France has never shown herself friendly to Protestantism, although a great part of her population adhered to it with ardor. She was a great nationalist. And less than forty-five per cent of the citizens of the French Republic are French. Joan was also a masterful woman, a capable woman, and, as France is the land of masterful women par excellence, the French groan under the tyranny of their wives and their mothers so they cannot stand the thought that Joan, even at the age of eighteen, possessed more mastery than most women of brains possess at fifty; in fact, this is why the French and the English so thoroughly agreed upon burning her. I will have to overcome all these prejudices and weaknesses when I show France her national heroine without fear or favor, as she was. I love the real Joan, but the conventional Joan of the romantic stage makes me sick."

The curtain will go up promptly at 2 p.m. and 8 p.m. for these performances.

APPEAL FOR FUNDS TO REBUILD CHURCH

That Was Destroyed by Fire at Bath—Desire to Restore Historic Structure.

The members of the congregation of St. John's church, Bath, recently completely destroyed by fire, have decided to rebuild and the members of the Church of England and the descendants of the United Empire Loyalists, are being asked to contribute to the re-building fund. The following letters have been received by the Whigs:

To the members of the Church of England; the descendants of the United Empire Loyalists; and the general public of the Province of Ontario:

As has already been reported in the press of the province, St. John's church, Bath, was totally destroyed by fire on Saturday, April 14th. For a period of one hundred and thirty-two years this sturdy old edifice bore visible testimony to the pioneer missionary adventure of the Rev. John Langhorn among the first settlers of this province, the United Empire Loyalists, who, due to circumstances known to us historically, landed on these shores to hew out their homes from the primeval forest, and lay the foundations of the future greatness and prosperity of this banner province of Ontario.

It is on account of these heroic associations that thousands of Canadian have felt such love and veneration for this doubly sacred old church. The many letters and telegrams of regret and sympathy and offers of help to re-build indicate that love is not cold; that there is yet a vivid and just realization of what is due to the memory of the sturdy pioneers of those early days.

Consequently, at a special vestry of the little congregation of St. John's, held on the evening of Easter Monday, being encouraged by with us in our loss, and of sympathy we would rebuild. It was unanimously resolved and determined to launch out upon that endeavor.

What is desired is not simply to erect a church for the needs of the present congregation, but to perpetuate as far as possible the very form and appearance of the old building, because of its witness to and association with one of the most important undertakings in the early history of this province. The proposed new building will rest upon and coincide with the old original foundation and follow such architectural lines as to be a replica of the original. The estimated cost is about \$10,000. Settlement has been made for \$2,575 for the insurance. Thus \$7,425 will be required. The accomplishment of such an undertaking is plainly beyond the ability of the less than forty families composing this congregation.

Small as well as larger contributions will be gratefully received. We want as many as possible to have an honored place in this worthy purpose. Some have already, unsolicited, indicated their intentions, and the first cheque to come in was for \$5. a "Widow's Mite."

(Signed) W. G. SWAYNE, rector.

GEORGE LOYST, ANDREW MILLER, Church Wardens.

To the Clergy and Laity of the Diocese of Ontario, and all others whom it may concern:

In view of the very serious disaster which has befallen the parishioners of Bath through the total destruction by fire of their historic church, and their inability, owing to the scanty numbers in their community, to raise amongst themselves the large sum that will be required to rebuild the church, I very earnestly commend any appeal that they may make to the rest of the diocese and others for assistance in their great necessity. They will endeavor to reproduce as far as possible in the new building the form and appearance of the grand old church which has stood for upwards of one hundred and thirty years as a witness of the splendid pioneer work accomplished by its founder, the Rev. Mr. Langhorn, a famous missionary.

I shall be very glad to hear that they have received the support which the cause and the occasion demand.

(Signed) EDWARD, Ontario.

SPORT

SOFTBALL LEAGUE MET
Eleven Teams Have Been Entered up to Plate.

A meeting of the Kingston Softball League was held on Friday night at the Y.M.C.A. and eleven teams were entered but more are expected within a short time. The teams represented last night were Frontenac Regiment, Rotary, Y's Men's Club, Y.M.C.A., C.P.R., Chown's, Business Men, Publishers, Bankers, Maenee and Minnie.

It was announced at the meeting that Wallie Cusick had very kindly offered a cup for competition in the League and this offer was very gratefully accepted by the League. The cup will be emblematic of the championship of the League and conditions for the playing of it will later be drawn up. It was decided to fix the entry fee at \$2.50 a team for the present but if this sum is found inadequate per team to cover the expenses, an additional small fee will be charged. The entries for the League will close on April 25, and it is likely that two groups will be formed, Messrs. J. C. Reynolds, Harry Latimer and John Spence will look after the drawing up of the schedule when the entries are closed.

The officers of the League are as follows:

Honorary patrons—Hon. Dr. A. E. Ross, M.P., Hon. W. F. Nickle, M.P.P., Mayor T. B. Agrove and Mr. W. P. Cusick.

President—Frank Kinnear.
Vice-President—W. Musselman.
Secretary-treasurer—C. O. Chamberlain.

OBITUARY

Late William Davidson.
The funeral of the late William Davidson took place Saturday afternoon at three o'clock from his late residence, 35 Upper William street, to Cataract cemetery, in charge of S. S. Corbett, undertaker. The funeral service was conducted by Rev. Canon Fitzgerald.

Deceased was well known in the city and had many friends who learned with regret of his death. For many years he was machinist and mechanic for the Grand Trunk at Point St. Charles and also in the Canadian Locomotive Works. He was a member of Cataract Lodge I.O.O.F. Survived is one brother, John, of the Canadian National Railway shops at Point St. Charles.

Late Robert A. Sager.
The death occurred at the residence of his son, C. H. Sager, Deseronto, on April 14th, of Robert Allen Sager. In his sixty-fourth year. Deceased was born in Richmond township, but had moved to Deseronto about forty years ago. The remains were buried at River-view cemetery at Napanee.

INCIDENTS OF THE DAY

Miss Estelle Mathews of Toronto has returned home after visiting here for the past several days.

Several bad spots in the pavement on upper Princess street are in need of attention by the Board of Works.

The Canadian Freeman says the correct name of St. Mary's cathedral is "The Cathedral of the Immaculate Conception."

Rev. Allan McRossie, D.D., a former Kingstonian, is arranging for a summer school of theology at Thousand Island Park in July.

Her friends will be glad to hear that little Thelma McCartney is recovering from an operation and has returned to her home on Princess street.

The up-town post office was closed on Saturday, following orders received from Ottawa, but it was reported that the office would be opened again as soon as the necessary arrangements could be made.

The annual dance of Kingston Canton No. 6, and Frontenac Fort-ress No. 4, which was held in Garden Hall on Friday night, was thoroughly enjoyed by the ninety-five couples present. Shea's orchestra again provided excellent music.

CANNOT HANDLE AN INTERMEDIATE TEAM

A meeting of the Kingston C.O.B.L. executive was held on Friday evening for the purpose of taking up the question of taking over or rejecting an intermediate ball team this summer in the proposed St. Lawrence loop, under the jurisdiction of the C.O.B.L. club but after discussing the question from every angle, it was definitely decided that no action be taken in this matter although any assistance that can be given the team, should others take it up, will be gladly given.

The matter was given every attention and thought but it was brought out at the meeting that this will be a hard season in the Central Ontario circuit and the C.O.B.L. people could not see how they could handle an intermediate team in addition to the senior team, which requires a great deal of attention and work.

The question now remains, who will take over the running of an intermediate team in the St. Lawrence League. Surely some person or persons can be found to run one team. There is little doubt that if such a team were formed and placed in the St. Lawrence league, that it would be well backed up and the hope is freely expressed that some person or persons will undertake himself or themselves enough to take the matter up as soon as possible.

MR. FORT TO RETIRE

He Leaves Bank of Montreal After Forty Years Service.
Mr. Edward L. Fort, the popular teller of the Bank of Montreal, is retiring on pension at the end of April, after a splendid service of over forty years, twenty-eight of which have been spent in Kingston. Those who have had business with Mr. Fort, will regret his retirement, but will wish for him the brightest and happiest of future days.

SOLD A BICYCLE AND THEN STOLE IT

Young Man Is Remanded for Sentence in the Police Court.
A bicycle proved the downfall of one, Albert Knowlton, a young man who came before Magistrate Farrell in the police court on Saturday morning.

Some time ago, a bicycle owned by a member of the Royal Military College staff, was stolen. Knowlton got possession of the wheel, sold it to a certain party, and then after making the sale, stole the wheel and sold it again.

Detective Thomas Mullinger was given the case and he succeeded in locating the wheel at a local bicycle shop and also rounded up Knowlton. The latter admitted, pleaded guilty when arraigned before the Court and the magistrate decided to remand him till Monday.

Scale Demanded by Miners Said to Be Impossible

Halifax, April 18.—The conference called by Premier Armstrong, to settle the strike of the Nova Scotia coal miners, went into session again this morning and it is believed this will be the final session. The trend of discussion has not been disclosed by any of those taking part, but it is believed the British Empire Steel Corporation is adhering to its contention that the 1924 wage scale, which the men now demand, is economically impossible.

Enthusiastic Liberal Meeting.

A very enthusiastic meeting of the Liberal workers of Victoria and Rideau wards was held at the Whig office on Friday evening. Major William Harty, the newly elected president of the Liberal association, was present.

A very successful social evening was held on Friday night in the Catholic Assembly hall at which over fifty tables were in play in progressive euchre. Following the euchre games, refreshments were served and a social hour was enjoyed.

Appointed to Des Moines.

Mr. George F. Brooks, well known Brantford boy, left Ottawa on Thursday morning for Des Moines, Iowa, where he has been appointed immigration inspector by the Canadian Government. Mr. Brooks is well-known here and his many friends congratulate him upon his appointment.

Awarded Another Degree.

Rev. C. W. Topping, M.A., a graduate of Queen's, a former governor of Kingston jail, and at present a professor at Tacoma, Wash., has just been awarded the degree of Doctor of Sacred Theology at Wesleyan Theological College, Montreal.

Charles R. Ebbetts, president of the Brooklyn National League club, died at New York on Saturday morning.

Successful Tea and Sale.
Class 27 of Queen street Methodist Sunday school held a very successful tea and sale of homemade cooking at the home of Mrs. W. H. Cockburn, 243 Queen street, on Friday, from 3 to 6 p.m. Mrs. R. M. Hasilton, president of the class, received with Mrs. Cockburn. Tea was served at the polished table, bright with yellow daffodils, by members of the class who also sold the delicious homemade dainties. During the afternoon piano selections by Mrs. E. L. Martin and vocal numbers by Mrs. R. Crawford were much enjoyed.

The crocuses are in bloom about the grounds of Dr. Thirld, Wellington street. They are beautiful in color.

DARING, BUT DEFTLY DONE IS 'WIFE OF THE CENTAUR'

Production Is Fine Version of Cyril Hume's Novel.

A daring subject, delicately and deftly handled, is "Wife of the Centaur," which opens at the Capitol Theatre, Monday, for an engagement of three days.

Cyril Hume's novel of the same name created something of a sensation when it was published a season or two ago, and Vidor's picture is likely to start another.

The story voices the theory that man is made up of two natures, which are always at war within him, and to illustrate it, the character of Jeffrey Dwyer, is made the central one of the story.

A poet and writer, and a tremendously handsome and attractive person, Jeffrey is forever being torn by the conflict of his idealistic half with the sensual side of his nature.

He falls in love with a sweet, innocent girl and holds for her a highly idealistic love, but forgets her temporarily when he meets a more sophisticated, and materially alluring woman.

Jeffrey's struggle over his animal emotions, and his final conquering of them, is the basic plot in the picture. His character is likened to that of the fabled centaur, half man and half beast.

John Gilbert gives a striking performance in the role of Jeffrey Dwyer, and adds many new laurels to the collection he began with his work in Elinor Glyn's "His Hour."

Eleanor Boardman's work as the "centaur's" wife is most convincing, and Aileen Pringle provides excellent contrast as the more sophisticated woman who almost wins Jeffrey from his wife.

The supporting cast includes William Haines, Kate Lester, Phil McCullough, Betty Francisco, Jacqueline Gadsdon, Kate Price and others.

"RACING LUCK" AT THE STRAND

Monty Banks offers the screen something new in "Racing Luck" at the Strand theatre. In the first place his picture is clean as a whistle; second, it is human; third, it shows class and has enough plot material to satisfy while evoking almost continuous laughter. The cast is excellent—such people as Helen Ferguson, Lionel Belmore and Francis McDonald, support the jolly star. The direction by Herman C. Raymaker is admirable. The hero by a strange trick of fate becomes the driver of a car in a big race and the villain fixes the machine so that Monty can't stop it once it is started. He wins the race, however, and the girl too, but almost loses his life in the effort.

"Leo, the Royal Cadet."

Great interest is being taken in the production of "Leo, the Royal Cadet," and the rehearsals have been very successful.

EXPRESS MESSENGER SHOT BY ROBBERS

Chicago, April 18.—An express messenger was shot and probably fatally wounded yesterday by four robbers who intercepted him between Rock Island Railway station and the Commercial Bank in Blue Island, a suburb, and escaped with \$10,000. The robbers overlooked a chest containing \$4,000 in silver in the messenger's automobile.

The Family Market Basket

The Saturday market was large and all the spring vegetables were for sale. Rhubarb is still selling at 15 cents a bunch or in some cases two bunches for 25 cents. Lettuce and radishes looked like a Sunday salad and quantities of green onions were also shown. Veal was selling at from 15 to 15c for the hind quarters, fowl for from \$1.50 to \$2 a piece. Potatoes were from 65 to 75 cents a bag. Eggs were plentiful and sold at from 27 to 30 cents a dozen. Butter brought 35 and 38 cents a pound. Maple syrup was scarce but what was to be had, sold at 50 cents a quart.

Held as Material Witness.

Smooth Rock Falls, April 18.—One man is being detained by the police in connection with the death of Pats Vanheluwe, an elderly Belgian whose body was found in a shack here late Monday night. He is likely to be held as a material witness for the inquest before Coroner Tucker, which is set for next Thursday.

NOTICE.
This is to certify that my wife, Ada Newton, has left my bed and board without any reason, and I forbid any person or persons harboring her at my expense, and forbid any person or persons giving her anything on my credit, as I will not be responsible for it from this date.
