Light Hurts Some Eyes

Some eyes are extremely sensitive to light. For such patients we supply special lenses that prevent the harmful rays of light from entering the eyes. If the movies, bright lights, travelling on the water or by auto bothers your eyes, let me fit you out with a pair of these lenses.

DON'T let yourself be overcome by petty troubles. Why be glum? This world is much too good a place for you to wear a solemn face.

Dated.
Diner: "Walter, I ordered spring chicken."
Walter: "Yes, sir."
Diner: "THIS spring, waiter."

Another Stocking Rolled.
"What is a hamburger?" asked the man from England when he found every American roadhouse offering hot dog and hamburger sandwiches.
"Well," said the chef as he assembled a hot dog for another customer. "If a wienie is a hamburger in lights, I guess a hamburger is a bare legged wienie."
—Mrs. C. L. Edson.

Taking Chances.
Traveler: "How easy it is to be fooled in this world."
Bigbee: "That's so. Many a fellow thinks it's safe to marry when he gets a raise in his salary."

Wild Willies.
I.
Little Willie, with a rock.
Beamed the cuckoo in the clock.
Father said: "Why don't it tick?"
Willie said: "The bird is sick."
—Jean Herendeen.

II.
Willie, at a passing gent,
Threw a batch of fresh cement
Crying, "Wait until you dry.
Then you'll be a real hard guy."
—Cap La Roe.

Mutual.
Howard (on the dance floor): "Do you know, you remind me of someone I've danced with before?"
Muriel: "And you remind me of a man I hoped I'd never dance with again."
—A. E. Berghor.

A Sentimentalist.
Ned: "Why did old Gaybird marry such a young girl?"
Nell: "He said she reminded him of his first wife when he married her."
—Caroline Grant.

In Hot Water.
Mary: "John must do his own cleaning and pressing."
Arlene: "Yes, I think so. I heard him say the other day that he had soaked his overcoat."
—B. H. Stoner.

'Ear! 'Ear!
Mother was washing Winifred's neck and ears for her, preparatory to getting ready for Sunday school. Winifred, who was only three, could see no need of this. She cried: "You always wash my ears on Sunday, and why do you do it? Nobody ever looks inside my ears at Sunday school."
—Mrs. F. L. Marshall.

Every cloud may have a silver lining. The difficulty is to turn clouds inside out.

GANANOQUE

April 20.—James Sampson, the popular town clerk and treasurer, left last night en route to St. John where he will sail from in a day or so for England to spend the next six weeks. His many friends wish him bon voyage.

R. S. Beattie, Toronto, spent the week-end with Mr. and Mrs. David Gordon, Princess street.

Mr. and Mrs. George Gibson and little Ann spent the week end with the former's mother and brother, Dr. W. Gibson, Brockville.

Mayor Wilson, Ex-Mayor Gibson, George Dowling and James Sampson are in Toronto to-day in an effort to adjust satisfactorily the responsibility in connection with the old highway matter.

The recent earthquake is being blamed for changing the bed of the St. Lawrence river, and with a foot or more snow and a regular winter blizzard in the process it seemed yesterday as though it might also have shuffled the seasons.

Mrs. C. S. Lee, who has been visiting friends here for the past week returned to her home in Oshawa to-day.

Rev. Dr. Bruce Taylor, Kingston, was the preacher in Grace Church last evening.

Mr. Frank Tapping will move into the Gibson house on Stone street the first of May, where she will conduct a rooming-house.

Mr. Garfield Hood left last night for point in New York State and Ohio to be gone for about a week.

C. W. LINDSAY, LIMITED.

Has a Good Year and Pays Bonuses to Employees.
The annual meeting of C. W. Lindsay, Limited, was held on the 14th inst., at the head office of the company, in Montreal, and was largely attended. The president, Mr. C. W. Lindsay, was in the chair. The statement of affairs for the year ending February 28th, 1925, as presented to the meeting by the company's auditor, Mr. A. K. Fisk, showed a very satisfactory year, the volume of business being substantial and the profits exceptionally good. It was made evident, by the report on collection, that transactions had been of a high character.

In view of the showing, the president announced that the directors by way of appreciation of the efforts of the staff, have arranged to pay a full bonus of 10 per cent. of their respective yearly salaries to all their employees in Montreal and certain other branches, who have been in a continuous service of the company since March 1st, 1924, and are still in it's employ on May 1st next, at which time the bonus will be paid in cash.

The regular dividend of 7 per cent. on preferred shares and 8 per cent. on the common shares was declared.

The old board of directors were re-elected, namely, C. W. Lindsay, A. McDiarmid, A. E. Brock, J. A. Hebert, E. Hamilton, B. A. Edward and W. A. H. Robinson. At a subsequent meeting of the directors, the following officers were appointed, C. W. Lindsay, president and general manager, B. A. Edward, secretary, W. A. H. Robinson, treasurer. The company carries on operations in Montreal (two stores), Quebec, Three Rivers, Ottawa and Kingston.

Hamilton, Ont., April 18.—(To the Editor): With no definite information being given out, re export power contracts, the impression that it is from year to year conditional upon Canadian requirements or otherwise seems most probably right.

On this assumption the licensees recent declaration, "That the power to be exported is not required for consumption in Canada," on the strength of which their licenses were granted for the year April 25-April 26, in the opinion of most Canadians mis-represented the situation.

In fact in the Hydro Lamp Bulletin, the Hydro Electric Power Commission of Ontario, say month after month, "With the ever increasing demand a power shortage is foreseen in 1926 unless measures are taken now to meet expanding needs."

With 1926 less than a year off, and no proposition in sight for an immediate start on further developments, and a positive famine staring us in the face, should not the Hydro Electric Commission of Ontario, the Hydro Electric Systems of Toronto, Hamilton, Ottawa, London, Windsor, Brantford, St. Catharines, Niagara Falls and all other centres and rural districts of Ontario, immediately make declarations in triplicate, filing one each with the Ontario Government, Hydro Electric Commission of Ontario and the Dominion Government, to the effect that all power now developed in Ontario was urgently required for immediate use in Canada, and no further licenses for export should be granted after March 31st, 1926 and that licensees should be so notified immediately so they could have time to make other arrangements.

This would place the situation definitely before the various authorities in good time, so they could meet future applications and declarations, with a full knowledge of Ontario's wants and wishes in the matter.

Yours truly,
W. O. SEALEY.

LETTERS To The Editor

WATER EXTENSION ON CONCESSION STREET

The Public Utilities Commission Decides to Go On With the Work.

The question of the extension of the water service on Concession street was before the Public Utilities Commission at a meeting held on Monday forenoon, and it was decided to proceed with the work, and that the city council be requested to ask the Board of Health to exercise their jurisdiction covering the installation of the water. There are thirteen customers to be served by the extension, but there are still some signatures to be secured of property owners.

Chairman McFarlane and Manager Folger were appointed to inspect an air compressor at Ottawa, and at the suggestion of Commissioner J. M. Campbell, the deputation will also get in touch with the powers that be regarding the proposition to establish coking plants, and ascertain if it is at all possible for Kingston to land an industry of this character.

Tenders for supplies were awarded as follows: Cable, the Phillips Company, Brockville; brick and clay, Harrison Walker Company, Buffalo; pipe, Isaac Cohen; lead, Simmons Bros.

The commission has to deal with the question of renewing some of their poles and the chairman and the manager will go to Toronto to look into the matter.

The chairman announced that it was expected that the annual report would be ready for the next meeting of the commission.

Chairman R. N. F. McFarlane presided, and also present were Mayor Angrove and Commissioners H. W. Newman, James Harris and J. M. Campbell.

FINDING AND MAKING A CAREER

Striking Address by Dr. Dyde at Y.M.C.A. Mens' Meeting.

What proved to be one of the most helpful addresses given so far this year at the Y.M.C.A. was delivered on Sunday afternoon at the men's mass meeting by Dr. S. W. Dyde, principal of Queen's theological college. Dr. Dyde's remarks while addressed particularly to the young had an equal application to parents and those dealing with youth. In his opening remarks the speaker referred to the "Parable of the Talents" and said that it was useless to think that all have been created with equal gifts. To some were given through their ancestors special talents along certain lines. Shakespeares are born, not made. What is required of us is that we make the best possible use of the talents with which we are endowed and then our reward will be equally as great. It is highly important that each should study to find his own particular "gift" or "talent" before he takes up his life-work. It is here that the parent and teacher can often do their best work in helping the boy.

The making of a career is as important as the discovery of the talent. Handicaps must be overcome. Once having determined what the life-work is to be, nothing should be allowed to interfere. Demosthenes, the great Greek orator, and our own Canadian orator, Dr. James MacDonald were examples of men who were handicapped with stuttering speech as youths and yet with perseverance their handicaps became almost an advantage. Biography was recommended as an incentive to making the most of life. Nearly all wish to realize their larger selves. Children play at "being big" and it is a pity when adults lose this incentive.

Mr. R. H. Ward, the chairman of the meeting, thanked Dr. Dyde on behalf of the audience for his very able and helpful talk. Mr. Ernest Bedford sang a solo and an orchestra consisting of Mr. Ernest Madrand, piano, and Messrs. Allan Cliff and Donald Sinton, violins, assisted with the music.

CONCERT AT CAPITOL.

Stormy Weather Prevented Large Attendance Sunday Evening.

On Sunday evening in the Capitol Theatre, the R.C.H.A. band put on a splendid concert in aid of the Victorian Order of Nurses. It was unfortunate that this worthy organization should strike such a stormy night, and as a result there was a very small attendance at the concert, which was splendidly rendered by the band under the baton of Capt. Light.

Every number was well rendered, but the overture, "William Tell," and "Echoes From the Metropolitan Opera House" were especially pleasing. The "Grand Caprice Militaire" was an able number and drew merited applause, while "Hungarian Rhapsody" (part 2) was well carried out.

Mauretania Runs Down Vessel Out on Rum Row

New York, April 20.—The Mauretania, fastest of the ocean liners, rammed and sank one of the rum ships in rum row as it entered Ambrose channel in a dense fog Saturday. Only three men were on the ship that went down. They were rescued by the crew of the Mauretania, though two were seriously injured in the crash.

FOLKS FROM AFAR OFF COMING FOR RE-UNION

Edward J. Clark Writes From Akron, Ohio, That He Will Be Here.

Mrs. E. Beauchamps, of 1557 Rockwood street, Los Angeles, Cal., has written to Dr. W. W. Sands, city clerk, returning thanks for the invitation extended her to attend the reunion. Mrs. Beauchamps is in poor health, and will not likely be able to come to Kingston for the reunion. In her letter she recalls the fact that her father attended the last big reunion held in Kingston and that when he arrived home he very proudly displayed his prize, a gold-headed cane, given to the old boy travelling the longest distance to be present at the reunion.

"Los Angeles appears to be so near Kingston now there are so many from Kingston living here," said the writer.

Coming From Ohio.

Mr. Edward J. Clark, 439 Perkins street, Akron, Ohio, has written to Dr. Sands, stating that he has made arrangements to attend the reunion in Kingston this summer. It is thirty-five years since Mr. Clark resided in Kingston, but he has visited here many times. He was here in 1825, 1822, 1924 and also February of this year. He stated that members of his family would be pleased to renew acquaintances especially of friends who had attended Louise, Gordon street, Queen street, Wellington street and Rideau street schools.

SIX TENNIS COURTS.

Being Constructed at Queen's Behind Gordon Hall, MacLachlan and Wright, engineers, are constructing the six hard tennis courts on the Queen's campus behind Gordon hall. The grading

has been completed but the laying of the broken stone and the covering with "tarria K.P." will not be carried out until warmer weather. This grade of tarria is that which is used in cities for repairing pavements, and for the courts it will be laid in one continuous sheet upon which the courts will be marked. Such courts are considered the best obtainable for heavy duty. Similar playing surfaces have been laid for the Eaton Memorial Church in Toronto and in other places where cost is a secondary consideration.
