**LITTLE GIRL'S NARROW ESCAPE FROM INJURY**

When a Mass of Snow Slid Off a Roof on Princess Street.

It is nothing less than a miracle that a young girl named Circle, who was on her way to school on Tuesday morning about nine o'clock, was not seriously hurt when a great quantity of snow slid off the roof of a Princess street building.

The child was just in front of the door leading into Roney & Company's store when the snow came dashing down to the street. The awning in front of Roney's store was partly up at the time and the snow struck it with such force that it was considerably damaged. It is thought that the child must have heard the snow coming, because when she was picked up in a rather dazed condition she was in the doorway of the store.

Mr. King, the clerk in the store, thinking that the child might be hurt, immediately communicated with Dr. R. J. Gardiner who made a careful examination and found that the little girl had suffered no injuries. After a few minutes rest the child proceeded to school none the worse of her mishap.

**MANY OF STREETS NEED RE-NUMBERING**

Board of Works to Start on the Job This Summer.

There are many streets in the city sadly in need of renumbering and the city council at a meeting on Monday night, passed a by-law to take up the work on a number of streets. The streets to be undertaken this year will include Collingwood, Charles, Raglan Road, Johnson and Victoria.

Ald. Peters stated that conditions were so bad on Victoria street, that people living on that street could not get their groceries when they sent in an order to a store.

Ald. Price, chairman of the board of works, stated that there were many streets in the city that required the attention in this respect, but the board had decided to undertake the programme as set down by the engineer.

Council also passed by-laws to cover the programme of asphalt pavements decided on, also for a sewer on King street, between Livingston avenue and Ellerbeck street, and a cement walk on Thomas street.

**LECTURE ON "SUGGESTION"**

Given at Chalmers Church by Prof. Humphrey.

On Monday evening, Prof. George Humphrey, of Queen's delivered an interesting address on "Suggestion" at Chalmers church. He opened with an account of the early success of mesmerism and of other cures by faith or suggestion and led up to an account of Dr. Coue's late visit to New York. He told how suggestion is able to affect human functions which are not ordinarily under control of the human will. Thus, at a hazing in an American college where he had taught, a certain susceptible freshman had had a piece of ice suddenly placed against his back after everything had been done to suggest to him that it was a red hot iron ball. The result was a blister on his back just as though the iron had actually been pressed there.

He showed that such response of the body to a powerful suggestion was merely an extension of what is going on constantly when we adjust our actions and thoughts to the things which we see and hear.

At the close of the lecture some questions on the subject were asked by the audience, who had been greatly interested by the marvels explained.

Dr. Malcolm Macgillivray happily moved a hearty vote of thanks, which was seconded by the Rev. G. A. Brown. The proceeds of the lecture go to the funds of the Young People's Society of that church.

**Was Born at Newburgh.**

The death at Trenton on April 14th of Dr. George M. Aylesworth removes a widely known physician of Collingwood for the past fifty years. The deceased was born at Newburgh and came of U. E. stock. He graduated in medicine in 1859, and after spending three years at Gortie, moved to Collingwood in 1873.

He was the son of Rev. Dr. J. B. Aylesworth, who upon leaving the ministry of the Methodist church retired to Collingwood, where he resided until his death. The deceased married Eliza Bradley, and is survived by one son, Dr. R. B. Aylesworth, Trenton, and two daughters, Mrs. E. M. Carpenter, California, and Mrs. Harry Trott, Collingwood. Dr. Aylesworth was buried at Collingwood. Deceased was a cousin of A. B. Aylesworth of Toronto.

**Died Following Accident.**

The sad news was received on Monday of the death of Robert Tate, who met with an accident, and died a few hours later in a New York hospital. The remains were sent to Napanee, where neighbors and friends were awaiting the arrival of the body which was taken to the home of his brother, Joseph Tate, Selby, Ont., where the funeral service was conducted. Deceased was born in Camden, fifty-three years ago, residing in Watertown for a number of years, thence going to New York, where he was manager of a large log concern.

**ROBERT S. RAYSON, M.A., ORDAINED IN NEW YORK**

Son of Late Rector of All Saints', Kingston, and Graduate of Queen's.

On Tuesday morning at 6.45 o'clock in the chapel of the General Theological Seminary, Chelsea square, New York, Robert Spencer Rayson, M.A., of the parish of St. George's cathedral, Kingston, was ordained to the diaconate by the Bishop of Dakota, who acted for the Right Rev. M. M. Harding, Bishop of Qu'Appelle. Rev. Mr. Rayson is an honor graduate in classics of Queen's University and was for four years on the staff of Upper Canada College. He spent four years in charge of Anglican missions in the diocese of Ontario, in the neighborhood of Maynooth. One summer he was in the diocese of Montreal and two in Algoma. He will spend this summer in St. John'sland, Long Island, N.Y. Mr. Rayson is a son of the late Rev. R. W. Rayson, rector of All Saints' church, Kingston, and of Mrs. Rayson, Wellington street, and is a grandson of the late Canon Spencer, for many years the clerical secretary of the diocese of Ontario.

**THE KIWANIS CLUB.**

Discusses Question of Holding Another Carnival in June.

The Monday meeting of the Kiwanis Club was to have listened to an address on "The Influence of the Unmarked Ballot in Municipal Affairs" from Dr. Fergus O'Connor, but the speaker was unable to be present. Instead there was a very keen discussion on the question of holding another carnival during the first week in June, somewhat similar to the one which was such a success last year. Many excellent suggestions were brought out and the matter was finally referred back to the executive to frame definite proposals.

Mr. E. Walsh was the booster and Mr. Garnett Lockett was the lucky recipient of a trouser length of fannel. Mr. Allan Mott, of Montreal and Kiwanian Charles Pappas, of the Hull club, were the guests of the club.

The evening meeting next Monday will adjourn to the College Inn Bowling Academy, which has been reserved, and where a strenuous attempt will be made to down the Belleville bowlers and to win the pair of sports oxfords which Kiwanian Garnett Lockett will present to the player with the highest individual score.

**Passed Away At Perth.**

The death occurred, Thursday, in Perth Hospital of Mrs. Emma Stoneburg Williams, whose husband, Norman Williams, Toronto printer, is now working in Cleveland. Mrs. Williams had gone to Perth to visit Mrs. Stanley, her daughter, over the Easter holidays, when she was stricken with diabetes and entered the hospital in a state of coma, from which she never rallied.

**Was Born at Bath.**

Robert W. Barry, who died in Rutland, N.Y., last week, was born in Bath in 1869, a son of the late Daniel and Clara Garbutt Barry. He was employed for many years by the contracting firm of Charlebois Brothers. He was married twenty-three years ago to Miss Margaret Coffee, Kingston, who survives him.

**Gifts for Friends.**

On Tuesday evening a goodly number of friends and neighbors took Mr. and Mrs. S. Wamsley of Bethany, Lennox county, by surprise, and after spending a social time, presented them with a handsome reading lamp.

**Brother Died in Buffalo.**

Rev. A. J. Wilson, Napanee, was summoned to Buffalo, N.Y., Thursday, owing to the death of his brother, Mr. Mark Wilson.

**NO GRANT WAS GIVEN FOR THE WINTER ROAD**

**City Council Will Not Assist the Wolfe Island Township.**

"That the application of the Wolfe Island township, for assistance towards the construction and upkeep of the approach to the winter road at the foot of Brock street be not granted."

The above recommendation of the finance committee came before the city council on Monday night, and was adopted.

Ald. Wood and Joyce moved the report be sent back to the committee. Ald. Wood stated that the road was used by citizens of Kingston just as much as the islanders, and he felt that the island was entitled to some consideration.

Ald. Kent stated that the feeling of the finance committee was that as the matter had not been taken up with the committee or council, that no action should be taken. The finance committee was not acquainted with any of the facts in connection with the matter.

Ald. Peters thought the council should give some assistance, but felt that the council should know more about the matter, especially as to the cost.

It was stated that the grant was desired by the Wolfe Island township for the approach used last winter.

Ald. Boyd thought that a grant of \$25 would be money well spent by the council.

Ald. Wood stated that he would like to have the matter go back to the committee for further information.

Ald. Craig felt that the council should give the matter some support.

Mayor Angrove pointed out that the city had two other places for getting on the ice, one at the foot of West street and the other at the foot of Barrack street.

Ald. O'Connor said the matter should be dealt with and not referred back to the committee. It had been sent back to the committee once. The council might donate a certain amount to help the islanders.

Ald. Craig suggested that the council grant a sum of money to help build approach next winter.

Ald. Wood then moved that the council give a grant of \$25.

The motion of Ald. Wood to give a grant of \$25, on being put to a vote, was defeated.

**Owning Your Home**  
Is the Most Desirable of All Possessions.
