LAVATORIES FOR THREE CITY PARKS

City Council Will Be Asked to Provide for Expenditure of \$4,000 to Do the Work.

That lavatories be erected in City, Victoria and Frontenac parks, at a cost not to exceed \$4,000, and that the civic finance committee be asked to provide the funds.

This was the decision of the civic parks committee, at a meeting held on Friday afternoon. The recommendation will be made to the city council at its next meeting, and if it is passed, and there is every reason to believe that council will sanction the expenditure, tenders will be called for and the work undertaken as soon as possible. For some time the matter of erecting lavatories in the city parks has been under consideration and have been established in Victoria and Frontenac parks the need for this accommodation has been more urgent.

On the motion of Ald. Laturney, it was decided to put the matter up to the council.

On motion of Ald. Dunphy, it was decided to ask for applications for the positions of two male and two female supervisors for the playgrounds and also two female assistants. Applications will be received up till May 15th.

Miss Simmons, who served as a supervisor last summer, tendered her resignation, and it was received by the members of the committee with sincere regret, as Miss Simmons did splendid work at the playgrounds, and the members of the committee are very sorry to see her leave the work. Just as soon as the applications have been received, the appointments will be made and all the necessary arrangements made for the opening of the playgrounds, which were operated by the parks committee with such great success last summer.

The committee decided on motion of Ald. Price, to call for tenders for an iron or wooden flag pole for Macdonald park. Specifications for the same will be prepared by the city engineer.

R. J. McClelland will be asked to submit a price for the supply of four or more seats required for Macdonald park.

The committee will also call for tenders for the painting of the band stand at Macdonald park, and also for some painting required at the Richardson bathing house.

Mr. and Mrs. Reginald C. Watts, who acted as caretakers of the Richardson bathing house last summer, have located in Rochester, N.Y., and tendered their resignation. The matter of filling the vacancy was left with the chairman, Ald. Kent. The position is for three months, July and August.

The chairman, Ald. Kent, presided at the meeting, and the other members present were Mayor Angrove and Alds. Frick, Holder, McCartney, Laturney and Dunphy.

Unfair Policy of Economy.

The Kitchener Record discussing the proposal of Premier Ferguson to reduce grants to Queens' and Western Universities, remarks: "There is room for all three universities, each of which fills a niche peculiarly its own in the provincial system of education. Two of them should not be starved that the third may flourish more abundantly. Premier Ferguson's policy of economy will fall in its mission if it in any way interferes with the work and the usefulness of the other universities. The smaller university yields an influence quite as great as the larger and in its solidarity it may even transcend the usefulness of an institution that has become so large as to lose in some measure the principle of unification."

Too Much Law; Too Much Control.

Prof. B. K. Sandwell, Queen's, made a forceful address at the St. George's banquet in Toronto on Thursday night. Among other things he said that at the present time Canada had too much law and not enough common-sense. State control was not, and could never be a substitute for individual effort.

He thought there was too much regulation of educational effort. It had gone too far in public schools, and far enough in the realm of University activity. Government control, he said, could never be a substitute for the discharge of individual or parental duty. Individuality was the only thing that counted.

Opening Garage and Repair Shop.

Pastor on Leave.

Rev. William McDonald, St. Andrew's church, Sudbury, and Mrs. McDonald, have left for an extended visit to relatives in California. Mr. McDonald's health has not been fully re-established, following an attack of influenza in the winter and, on the advice of his physician, he is seeking a change of climate for a few weeks. During his absence the pulpit of St. Andrew's will be filled by the Rev. M. N. Omond, B.D., Prescott. Mr. and Mrs. McDonald are former Kingstonsians.

Will Remain in Kingston.

Principal R. Bruce Taylor, when asked by the Whig if he intended to go abroad this summer, stated that for the first time in a number of years he will spend the summer months in Kingston. Dr. Taylor is a great sailor and he intends to spend a lot of time on the river in company with the members of his family.

KIWANIS ACTIVITIES.

For their evening meeting at six o'clock on Monday the Kiwanis Club have been fortunate in securing the Hon. Duncan Marshall, late minister of agriculture in the Alberta Government. Mr. Marshall made a great impression as a speaker when he appeared here recently with the Hon. George P. Graham.

After supper, the club will adjourn to the College Inn Bowling Academy, which has been reserved for their special use, where three teams of Kingston bowlers will stack up against teams from the Belleville club in an attempt to retrieve the loss of two weeks ago.

Kiwanian William Craig will be the booster on this occasion, the entertainment committee will occupy the committee table and a special committee has been appointed to look after the visitors. A full attendance is expected.

Have Contributed \$600.

Ensign Doshier, of the local Salvation Army corps informed the Whig on Saturday that already Kingston merchants and business men have contributed about \$600 toward the Self-Denial Fund. The house-to-house campaign starts on Monday.

E. McGuire, 58, dropped dead while acting in a motion picture, being filmed on a New York pier.

MAN GIVEN CHANCE TO MAKE GOOD AGAIN

Got Money Under False Pretences and Deserted Family—A Good Workman.

Although he admitted that he had secured \$300 under false pretences from the firm of A. Davis & Sons, by whom he was employed, Mr. Elmer Davis, of this firm, appealed to Magistrate Farrell, to give the accused, William Charles McDonald, a chance to "make good," in the police court on Saturday morning and the magistrate consented.

McDonald, who was employed at the Davis tannery, secured \$300 from the firm under false pretences, and then skipped off to Montreal, leaving his wife and nine children, without support. The matter was reported to the police, and McDonald was placed under arrest and brought back to Kingston by Detective Thomas Mullinger. The accused not only pleaded guilty to a charge of securing the money under false pretences, but also pleaded guilty to a charge of deserting his wife and children, who arrived from England three weeks ago.

In the face of all this Mr. Davis appeared before the Magistrate and stated that he was willing to take McDonald back again and give him his old job, and at the same time give him an opportunity to make good.

"There are serious charges you have pleaded guilty to," remarked Magistrate Farrell to McDonald. "You obtained this money and left your wife and children with no maintenance. But against all this your employer has interceded on your behalf, and asked me to give you a chance to re-establish yourself and make a man of yourself. On account of your wife and family, he feels that he should give you a chance. Your record in his employment has been of the best. He is pleased with your workmanship, and your conduct, up until this one unfortunate break. He wants you to get this chance and I am going to give it to you. I am going to allow you to go on suspended sentence. It is up to you to make good."

TO DEEPEN CHANNEL

At West End of Hay Island for the Gananoque Ferry.

It was announced on Saturday morning that the Dominion Government had decided to send a number of engineers to Gananoque for the purpose of making a report on the dredging and deepening of the channel at the west end of Hay Island in order to accommodate the new ferry service which it is expected will be put in operation between Gananoque and Clayton, N.Y., in the very near future.

Champion Bull to Return.

James Henderson, Portsmouth, breeder of pure bred Holstein cattle, informed the Whig on Saturday morning that his champion bull, which he traded to Robert Merritt, Silville, a couple of years ago would return to his farm in the very near future. This bull has won a number of prizes at all the shows where he has been shown. Mr. Merritt's bull, which Mr. Henderson took in exchange, will be taken back to Silville.
