**DEAN STARR DEALS WITH "SAINT JOAN"**

He Witnessed the Beatification of Joan at Rheims in 1920.

Preaching in St. George's cathedral on Sunday morning on "Christian Patriotism," the Dean of Ontario referred to the recent splendid representation of the story of Jean d'Arc seen in Kingston as set forth by Bernard Shaw. The story, familiar to everyone from childhood, had been told in various forms, but it remained for Bernard Shaw to draw aside the veil and almost shock his hearers into a realization of the "Maid of Orleans" as she was, the mystic maiden hearing voices urging her to save France for Frenchmen, and to save Frenchmen from a downward course. Human she was withal, a very woman, a devout Catholic and yet a valiant Protestant, for, in the opinion of the speaker, a convinced Catholic must be a constitutional Protestant. The Latin derivation of "protestant" from "pro" "for" and "test" "to witness," means a witness for the truth and it is only those who have a living faith who will witness to it at all costs. Christ Himself, who witnessed to His faith upon the cross, was the first "Protestant." Bernard Shaw, said the dean, was reviled by many enemies, but, in his opinion, those who to-day would burn him at the stake, will in the future see that his realism has drawn the veil from our eyes and specked us into grasping the truth. "Saint Joan" Shaw had been said to have made his heroine vilify the English, but the dean could not see this. He felt that Joan had shown no bitterness against the English. Her desire was that they go back to their own country, and even against the princes of the church who condemned her to a fearful death, she seemed to feel that it was their lack of comprehension rather than their malice that sent her to the stake. Four hundred years after the martyrdom of "The Maid" she was canonized. The Roman church was big enough to acknowledge a mistake. No word against the young girl who raised the siege at Orleans had ever been proved. She was a spotless maiden, revered and beloved by "her soldiers."

The dean was in France in 1920 when the beatification of Saint Joan took place and early in the morning in the cathedral at Rheims, where Jean d'Arc crowned the Dauphin, were women, working at a sou a day to repair the damage of the German guns.

"It is for love of La Belle France," they said. The same spirit inspired them as lived in "The Maid of Orleans," the spirit of Christian patriotism. Not all patriotism is Christian. There were patriots before the day Jesus Christ came to live and die to bring His spirit into the love of country and to lift it to the "righteousness that alone exalteth a nation."

The dean announced before beginning his sermon that on St. George's day he had received a letter from Rt. Rev. Dr. Manning, Episcopal Bishop of New York, enclosing a cheque of \$100 for the centenary fund and wishing the congregation Godspeed and all success in their undertaking. The dean announced that over \$1,000 had already been subscribed by well wishers of St. George's.

At evensong Master Billy Laird sang a solo in the anthem, "Ten Thousand Times Ten Thousand," in a clear voice and with a good enunciation.

**Charge Dismissed.**  
The case of a Joyceville woman, who had her husband summoned to appear before County Magistrate Bradshaw on Monday morning, did not materialize on account of the women in the case failing to appear at the court at the hour set for the trial. The county magistrate waited for about three quarters of an hour and then announced that the charge was dismissed.

County Magistrate J. W. Bradshaw will go to Sharbot Lake on May 6th for the purpose of trying the case against some parties from that part of the county who are charged with having a hand in the robbery of a hen house.

**E. C. McCullough Appointed.**  
Pembroke, April 27.—E. C. McCullough, Toronto, has been engaged to serve the members and adherents of the continuing Presbyterian Church in Pembroke until after June 10th when a call will be made. Mr. McCullough is a graduate of Knox College, Toronto. A Native of Belfast, Ireland, he came to Canada in 1914. He enlisted with a Canadian regiment and saw active service during the Great War. Returning he resumed his studies in Toronto, and recently graduated from Knox College.

**Preached Trial Sermon.**  
John V. Mills, son of Mr. and Mrs. Thomas Mills, Collingwood street, preached his trial sermon in Sydenham street Methodist church on Sunday evening. Mr. Mills, born and brought up in the church, is a probationer for the Methodist ministry. During the past year he has been attending Queen's University and doing work on the Verona circuit. His sermon on Sunday evening was very fine and he received a very sympathetic hearing.

Roseland is the new name chosen out of 101 submitted, by which Jackson's Corners, soon to be a police village, will be in future known.

**DECIDED TO PURCHASE AN AIR COMPRESSOR**

The Utilities Commission to Economize in Expenditure on Excavation Work.

At a meeting of the Public Utilities Commission held on Monday morning, it was decided to purchase an Ingersoll-Rand air compressor, through the company's local representative, at a cost of \$2,155. A road drill at \$210, a clay drill at \$114 and a pavement breaker at \$215 will also be purchased from the same firm, making the total expenditure \$2,694.

The question of purchasing an air compressor as a means of economy in excavation work, has been under consideration by the commission for some time, and following the decision of the commission, Chairman McFarlane and Manager Folger made an inspection of air compressors and submitted a report.

A letter was received from T. R. Carnovsky, 670 Princess street, complaining about surface water in his cellar, and the matter was referred to the city council to deal with.

Chairman McFarlane and Manager Folger also reported on their recent trip to Toronto, regarding steel poles that are required, and gave the other members of the commission some very valuable information. It was decided to call for prices for the poles that will be required.

R. J. Bushell wrote the commission, asking that the matter of a water service for the Bath Road school be taken up, stating that he believed that satisfactory arrangements could be made for the extension. The matter was referred to Manager Folger. It is understood that the extension will cover 257 feet from the city's pipes.

John Smith, on behalf of the Buy In Canada Association, asked the commission to boost the aims of this association in making an appeal on their stationery to buy Canadian made goods. The members of the commission decided to help along the good work.

The chairman, R. N. F. McFarlane presided at the meeting, and also present were Mayor Angrove, J. M. Campbell and H. W. Newman.

**BIG CITIES LINKED BY TWIN RIBBONS OF STEEL.**  
There are two outstanding factors in railroad service that seem to be chiefly responsible for influencing travel to a particular route. These factors are equipment and convenience of schedule.

Those whose business takes them frequently on trips between the leading cities of central Canada and central United States points are highly appreciative of the service rendered by Canadian National Railways, as regards both these important features.

The number who constantly travel Canadian National on their trips to Ottawa, Montreal, Buffalo, Detroit and Chicago, furnish striking testimony as to the excellence of the service established on the great double-track route that connects these important cities.

Leaving at convenient times and arriving at hours that suit the business requirements of the average traveller, the Canadian National trains that so efficiently link these business centres have all-steel equipment, consisting of compartment sleeping cars, standard sleepers, observation library cars, and modern day-coaches—and in addition, splendidly appointed dining cars on which are served meals actually superior to those one expects in the average first-class hotel.

Becoming increasingly popular with the travelling public as the quick, comfortable and dependable route, the Canadian National is the logical choice of those whose business requirements call for the highest type of travel efficiency and whose standards of convenience and comfort are such as to be satisfied with nothing short of perfection in railroad service.

**"THE LIFE OF THE SOUL."**  
Address at the Y.M.C.A. on Sunday by Dr. Bruce Taylor.  
The regular Sunday afternoon men's meeting at the Y.M.C.A. was addressed by Principal R. Bruce Taylor, who took as his subject "The Life of the Soul," illustrating it from the parables of Christ. He urged his hearers not to quench the spiritual side of their nature, to honor the religious beliefs of those who differed sincerely from their own, and to cultivate their spiritual powers by prayer and earnest study of the scriptures. The address was most helpful and inspiring.

Dr. C. C. Nash acted as chairman, Mr. E. Madrand presided at the piano and there was a vocal solo by Mr. J. Alexander and a violin selection by Mr. Donald Simpson.

Before three hundred spectators, Adam Brown, of Hamilton, who is in his hundredth year, planted a maple tree in Court House Square where sixty-five years ago the late King Edward, assisted by Mr. Brown, went through the same ceremony.

Stratford council defeated, on its third reading, the new milk by-law approved by the Minister of Agriculture. It proposed to raise the standard of the product and to make bottling compulsory.

Incendiarism is blamed for the destruction, in Brantford, of an unoccupied house, the owner of which is in Kitchener.

Baron Byng is likely to be invited to accept another term as governor-general of Canada.

PROBS:—Fair and cool to-night and on Tuesday.
