ST. LAWRENCE LEAGUE HAS BEEN ORGANIZED

"Jimmy" Kane Was Elected President at a Most Successful Meeting.

A very successful organization meeting of the St. Lawrence Baseball League was held in the council chamber, Tuesday night. There were four representatives from Brockville and Gananoque and one from Kingston present, besides a large number of citizens interested in the league. The league was very fortunate in having Mr. Wylie, president of the eastern O.B.A., present and Dr. Ryan was also an interested spectator.

Mayor Angrove opened up the meeting with some remarks stating that he thought the new league was a splendid idea and that it should be given hearty co-operation. The mayor welcomed the representatives from Brockville and Gananoque and was sorry he could not stay for the meeting as he had one elsewhere.

"Jimmy" Kane took the chair and carried on with the meeting. The election of officers took place on the suggestion of Mr. J. Laing, Brockville, who nominated Mr. Kane for president. "Jimmy" stated that he did not want to hold any office but the representatives from the different teams would not take "No" for an answer and "Jimmy" accepted the position. Dr. Ryan moved that Mr. Laing be elected 1st vice-president, seconded by Mr. Derry. Dr. Ryan moved that Mayor Wilson, of Gananoque, be elected 2nd vice-president and it was seconded by Mr. J. M. Dohhie. F. Beaudry was nominated by J. Derry for secretary and it was seconded by Mr. Steacy, Brockville. Mr. McKenzie nominated Mr. Parrish as treasurer and it was seconded by Mr. Derry.

Dr. Ryan was called upon for a speech and he responding stated how he liked baseball and how he was interested in the St. Lawrence League.

Different representatives were called upon to express their opinion of the new league and all were very enthusiastic over it and expressed their hope that the new league would be a complete success. A letter was read from W. J. Laing stating that they could not enter as they thought the expenses would be too high. It was moved by Mr. M. J. Dohhie and seconded by Mr. McKenzie that the new St. Lawrence League be formed and that the entries of Kingston, Gananoque and Brockville would be accepted. It was suggested that Napanee and Prescott might be brought into the league and it was decided to introduce the scheme to them and bring it up at the next meeting. Mr. Derry suggested that in the event of Napanee and Prescott not entering the league, that Circle-Six be allowed to play exhibition games, which, with the permission of the O.B.A. would allow them to play in the junior finals. It was then suggested that a junior league be formed and the Gananoque and Brockville representatives promised to find out the conditions for a junior team in their towns.

The questions of entrance fees, umpires, etc., were brought up and it was decided that the entrance fee would be \$5 with a bond \$20 to be forfeited if a team defaults a game without sufficient notice, to be paid before the first game is played. A committee of three, consisting of one representative from each team was selected to appoint the umpires. President Kane closed the meeting, thanking Mr. Wylie for being present and Mr. Murray for acting as secretary for the evening. It was decided that the next meeting would be held in Gananoque in two weeks time.

Leadley at Hamilton.

Hamilton, April 29.—Frank ("Pep") Leadley, who played an important part in winning three Dominion football championships for Queen's University, started work this morning for the Toronto, Hamilton and Buffalo Railway Company. According to reports, "Pep" plans to play football for just one more season, and he will be found with the Tigers.

CONTROL MENTAL, 'DOO' ROBINSON TELLS THE BOYS

CROSS SECTION OF THE BRAIN OF A LEFT-HANDED PITCHER, ACCORDING TO DR. WILBERT ROBINSON, PITCHING SPECIALIST

YOU CAN PUT THE BALL OVER THE PLATE IF YOU THINK YOU CAN. WHY ARE YOU GOING TO DO UP THE SWING POINT THINKING YOU'RE OVER?

By AL DEMAREE (Former Pitcher, N. Y. Giants)

Wilbert Robinson, Brooklyn manager, talks like a psychologist when it comes to explaining the uncertain art of pitching. "Control of the ball," he says, "is purely a mental condition."

"If a pitcher believes he can throw a ball over the plate, he'll do it. The mind guides his arm, and the ball must go where he wills. "A pitcher only loses control and becomes wild when he doubts his own ability to throw the ball where he wants it to go."

There's a lot to what Robinson says. While with the Giants as a coach, he instilled the belief into Ferdinand Schupp, and made him a great pitcher. Probably a lot of the wonderful success of Dazzy Vance and Burleigh Grimes these last two years has been due to Uncle Robbie's efforts to make them believe in themselves.

Cleo Carlyle.

Cleo Carlyle, young and speedy outfielder, secured from the Detroit Tigers, has a batting average of .384 for the fourteen games the Leafs played on their first trip around the Eastern wheel of the International League. Carlyle, who has hit safely in the last nine games in which he has participated, made 11 singles, five doubles and one home run. He played in twelve of the fourteen games and in only one did he fail to get at least one hit. The youngster, who is a very colorful player, gives promise of having a wonderful season with the Leafs and he is sure to be very popular with the fans. Carlyle will be watched very closely in the opening game of the local season at the Island to-morrow.

Claude Manton, another player sent by Ty Cobb to his old friend Dan Howley, stands second in the Toronto averages with .370, the catcher, who has worked in every game to date, having made 17 hits, the same as Carlyle, but he was at bat 46 times to Carlyle's 44. Manton has also crashed out five doubles and with Carlyle leads in extra base hits. Joe Kelly, the Leaf's home run hitter of last season, who only hit .250 on the trip, has four two-base clouts to his credit.

Flash Gilhooly has secured at least one hit in each of the last seven games and has an average of .300. He stands third amongst the regulars. Gehring hit .267.

Football Star Dies.

Hamilton, April 29.—Football and basketball circles received a heavy blow on Sunday in the death of David Halbert Scott. He played middle wing with the Hamilton Rowing Club O.R.F.U. team last fall, and showed in his first season in senior football that he was one of the most promising prospects uncovered here in several years. His line plunging was sensational.

He was a well-known basketball player and also a swimmer of prominence. Appendicitis was the cause of death.

FROM THE OUTSIDE LOOKING IN

The Belleville Kiwanians showed their superiority over the local club, in bowling at the College Inn Monday night. However, we think the locals could put it over them in baseball.

It would be a good thing if the Rotary and Kiwanis hitched up in baseball again this summer. The game used to provide some good exercise for the members and good amusement for the spectators. Many a laugh has been had at those games.

The Belleville Ontario devotes nearly a column to Kingston's protest on Jack Oulette. It claims that Oulette is eligible to play and that Kingston seems to be doing a lot of worrying. It looks as if Kingston is not the only one that is doing some worrying. The Ontario also throws hints that Curran is not eligible to play for Kingston. Tell us another one.

The courts for the Kingston Tennis Club are being rounded into shape and it is thought that they will open Saturday or Monday. A big social event will be held on May 24th.

It is thought that maybe the printers will enter a team in the softball league. Come you printers, show them up!

The Lindsay Daily Post has the following: "Question: Will Jack Oulette be allowed to play with Belleville this year? From past experience with the C.O.B.L. almost anything can happen. Undoubtedly Mr. Oulette will be found in the Belleville uniform if Belleville wants him." You tell 'em Lindsay.

"Red" Legon was out with Peterboro for the first practice and Peterboro is all excited over the fact that he is back with them. They have a right to be, for "Red" is a very valuable man to have "out in the daw."

INSIDE GOLF

By Chester Horton

Maker of 51 Golf Champions. "Golf's most successful teacher," says "Chick" Evans.

The clubhead having started a return to the ball, from the top of the back swing, through the reverse action of shoulders and body, it is necessary to perceive that the hands and wrists do not attempt to "work" the club at this point. About half way down the body weight will have shifted to the left leg, and this leg then begins to stiffen to absorb the weight. At that moment, the clubhead having gained in speed mostly of its own accord, you catch it up with the hands and begin to throw it. This throwing is commonly called wrist action. It is more properly hand action. During this "throwing" you are in behind the club. The throw takes place wholly in the bottom arc of the down swing, at which time the club attains its maximum acceleration. This action is not attained by any specific rule. You learn to "feel" your way through it. It is an instinctive action. The only thing you have to do is give the club time to turn at the top and start down with you—then throw it.

entry forms for the Ten Mile Ontario Championship Road Race being staged under the auspices of The Oshawa Telegram, on May 25th.

The race is being run on the Kingston road, starting from in front of The Oshawa Telegram office, two and a half miles toward Whitby back to a point two and a half miles towards Bowmanville and returning to the starting point. The course has been registered and the race is being run with the sanction of the A.A.U. of C., Ontario Branch.

Entry forms are being forwarded upon request to the Sporting Editor of The Oshawa Telegram.

A three-mile race is also being staged, open to boys under 16 in Durham and Ontario counties.

First "Hole in One."

Sherbrooke Que., April 29.—Alfred Lawrence, green-keeper at the St. Francis Golf Club's course, became eligible as a member of the "hole in one" society. Playing with J. C. Stewart, Gordon Miller and Charles White, Jr., in a foursome, Lawrence negotiated the fifth hole, which is being played at present from the short tee, a distance of about 150 yards, in a single shot. This is probably the first "hole in one" reported in Canada this year.

Sande to Ride Swope. New York, April 29.—It was announced that Jockey Earl Sande will ride Bud Fisher's Swope in the

Freakness at Pimlico on May 8th. Fisher is also angling for him to ride the bay son of Fair Play in the Kentucky Derby, May 16th.

The royal yacht Alexandra will be put up for sale in England.

You Buy More than Appearance

WHEN you buy Dominion Royal Cord Balloon Tires you buy an exclusive process that substantially increases your mileage without extra cost.

The latex treated web cord process eliminates internal heat by doing away with destructive cross threads. The web, or cross threads, cause unevenness which of course means friction. In this process the cords are

held together in a perfectly flat web of pure rubber. Each cord is individually saturated in natural liquid rubber (latex). The cords take strains evenly. Friction and heat are eliminated entirely.

This process is patented in Canada and used only in Dominion Royal Cord Tires. It means far greater tire value without increase in price.
