Skinny men

All over this big broad land of ours thousands of weak, underweight men are putting on pounds of good, healthy flesh with McCoy's Cod Liver Oil Compound Tablets. Charles Henry Denman, of Suffern, N. Y., who was gauged in France, gained 8½ pounds in three weeks. Read what he says: "One day I heard of McCoy's Cod Liver Oil Compound Tablets—just about three weeks ago. I got a box and started to take them. Since then I have taken two more boxes, all but 16 tablets. The result is wonderful—never since I was gassed have I been so strong and felt so good. I have already gained 8½ pounds. For weak, run down, underweight nervous men, women children. 50 tablets 50 cents." Jan. B. McLeod and Mahood's drug store sell lots of them. YELLOWSTONE PARK AND THE PACIFIC COAST

In a Low Cost Four-Week Tour. Yellowstone National Park of Wyoming, with its hundreds of wonderful geysers, boiling springs and gorgeously colored canyons, is one of the interesting places which will be visited by the Ontario school teachers and their friends who have planned to take the four-week tour of the Pacific Coast, scheduled to leave Toronto July 8th.

The trip is simply crammed with interesting, never-to-be-forgotten scenery. At Wainwright Park in Alberta is the largest herd of Buffalo in the world. Two days are spent at Jasper National Park, Canada's largest playground. Then travelling again westward, the party passes snow-capped Mount Robson, the highest peak in the Canadian Rockies and stops at the Indian village of Kitwanga with its wonderful historic totem poles. Then westward, still following the shore line of the mystic Skeena, to Prince Rupert, the North Pacific Terminal of the Canadian National Railways.

At Prince Rupert a palatial steamer is boarded for the 750-mile trip through the sheltered Seas of the North Pacific to Vancouver and Victoria.

On the journey homeward, five days will be taken for a motor tour of Yellowstone National Park. Then follows a visit to Salt Lake City, Utah, with a three-day motor tour of Rocky Mountain National Park of Colorado. En route to Denver short stops will be made at Clear Creek Canyon, Idaho Springs and Lookout Mountain—where Buffalo Bill is buried. Chicago is the final stop of this most interesting and comprehensive trip.

In spite of the magnitude of the tour, the fare is remarkably reasonable and as the leaving date is July 9th, arrangements should be made at once. Reservations can be secured from any Canadian National Railways Agent, who can also supply you with illustrated booklets with full information regarding the trip.
