Mrs. Geo. E. Bowman, Morrisburg, Ont., writes:—"I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills. Two years ago I became very poorly with my heart and nerves and whenever I took the least little bit of exercise my heart would start to jump and flutter. I could not walk up-stairs without having to sit down and rest before I was half-way up, on account of my breath becoming so short. I commenced taking

MAKE CARE OF BABIES EASIER

Stomach disturbances and constipation are responsible for much of the peevishness of babies and young children. When the baby is cross or irritable the mother should not resort to so-called soothing mixtures to correct the trouble, for in the majority of cases these mixtures simply drug the child into an unnatural sleep.

What is needed is a gentle laxative that will sweeten the stomach and regulate the bowels. Such a remedy is found in Baby's Own Tablets. They are easy to take and are guaranteed to be entirely free from opiates and narcotics. Concerning them, Mrs. Jos. Toussaint, Ste. Sophie, Que., writes:—"I would like all mothers to know that I feel there is no other medicine to equal Baby's Own Tablets. I always keep a box in the house and their prompt use never fails to restore my little ones to health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Neuritis

Neuralgia—Sciatica—Rheumatism

NEURITIS is inflammation of a nerve. The pain is burning and tearing, not darting as in neuralgia, and is increased by movement. There may be swelling and sensitiveness to touch, and sometimes redness of the skin. Your experience will tell you that neuritis, like neuralgia and sciatica, only bothers you when your nervous system gets run down.

Restore energy and vigor to the nerves and you remove the cause of these torturing ailments. The nerves must be nourished back to health and vigor by the use of such restorative treatment as Dr. Chase's Nerve Food.

Mr. John Woodward, Lucan, Ontario, writes:—"I was a sufferer from neuritis for several years, and tried all kinds of remedies, but never seemed to get any better. At last my nerves and whole system seemed to give way, though not being able to get any rest or sleep at nights for pain which mostly used to take me in all parts of the limbs and feet. Almost at the point of despair, I began using Dr. Chase's Nerve Food, and I feel it my duty to tell you of the benefit I derived. I am more than proud to say that after taking over twenty boxes I believe myself almost normal again, and for the past year I seem to enjoy my usual health."

Mrs. Wm. Magistoff, Mount Forest, Ont., writes:—"For about three years I suffered from neuritis in my right side. I had pains through my back and twitching of the nerves and muscles. I had also been operated on for appendicitis, and it left me a nervous wreck. I was very restless and uneasy, and bothered with frequent neuralgic headaches. My appetite was poor and I sometimes took weak spells. I commenced a treatment of Dr. Chase's Nerve Food and in a very short time I found relief. This medicine has done me the world of good and I can recommend it to all suffering as I was."

A Friendly Bank

HE was a farmer of sound character and ability. So when he asked for a loan to further develop his farm it was readily granted. With the loan he bought more stock, machinery and seed. His farm prospered and his profits swelled. After selling his crop he paid back the loan and had a handsome surplus.

This surplus he wisely deposited in the Bank of Toronto. Wiser still, he sought the expert investment counsel of his Bank of Toronto manager. That was years ago. He is now retired, comfortable and prosperous.

But he still comes in for advice on banking and investment matters. For he regards the Bank of Toronto as a good friend—a friend that gives service and that is unfailing in its welcome. A friend that has earned the trust and cordial good-will of thousands of farmers like himself.
