to help yourself by helping Nature with Beecham's Pills. Your liver and bowels will be stirred to proper activity. With your digestion improved, your food will nourish you; your eye will be brighter; your blood will be purer; you will be so much more vigorous; you will feel like a new person after you use this famous family remedy. Help yourself to health by using

## **BEECHAM'S** PILLS )

### Seeing in the Distance and Reading

If you are young you may be able to do both these perfectly without glasses. That doesn't mean that your eyes are perfect, though, as some defect may be present in spite of the fact that you see well. But few people past middle life can see in the distance and read without some help. Middle-aged persons should remember this, as the eyes are injured by neglect. Get the facts here.

For stopping muscular or nerve pain, for easing a stiff joint, Nerviline is a those who have made it their chief complete success. Pain, soreness, stiffness all vanish before the magic Christian Gospel of redemptive love power of this wonderful liniment. and brotherly service. Nearly fifty years of success proves the merit of Nerviline, which is sold everywhere in large 35 cents bottles.

### Disease Germs Doomed

Many have lost terrors for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearlessly they plunge naked hands into swarms of them, their only afterwards with a reliable germicidal preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

Absorbine Jr., besides being the allreness, and hastens healing, is a power-

That is an evangelist-a bearer

Philip is a fine example.

We see him here as a man under spiritual guidance, seeking opportunities to do good, and to tell the story that has brought joy and satisfation to his own soul. Is there anything strange about that? Men seek all sorts of contacts and opportunities in the making of money, in building up a career, in the business of politics, and in all manner of spheres outside of religion. An Quickly Limbered Up evangelist is one who is as active and energetic in the work of the Gospel as

other men are in the field of business And Philip found his opportunity. Every man seeking spiritual opportu-You would be surprised at the nity finds it. There may be limited opportunities of making money, of acis rich is in opportunities of doing good. It is a world almost ideally sitnated in its need and condition for business to proclaim and live the

But Philip found his opportunity where others might easily have missed it. In this Ethiopian treasurer a less earnest and less intelligent evangelist might have seen only a man of dark skin, a man from a remote place, unimportant and not worth while. A Part Lot 19, good evangelist knows opportunity Chestnut St, when he sees it-perhaps because he is assessed to

#### **GET-TOGETHER MEETING** FOR THE COMMITTEES

President R. H. Ward Addressed the Rotarians at Their Luncheon on Friday.

Friday's luncheon of the Kingston Rotary Club took the form of a 'get-to-gether" meeting for the newly-elected committees, when President R. H. Ward addressed the various committees and made some timely suggestions for the year's work. There was a good attendance of the members and much enthusiasm prevailed over the work to be undertaken during the new year. The various committees will outline a programme of work for the year. President Ward dealt with the bylaws of the club and spoke of the work that each committee was called upon to do.

President Ward was appointed to attend the Rotary convention to be held in Cleveland next month and the foot calluses, without soreness Dr. P. H. Huyck was appointed as

## The Car of Tomorrow Is the New Studebaker of Today

THE New Studebaker cars are different. Different because they are 365 days ahead of current motor car design.

Long graceful bodies, including the exclusive Studebaker Duplex -an open-closed car combined; durable lacquer or enamel finish; the oval grouping of all instruments under glass; the lighting control on the steering wheel; new-type emergency brake; completely machined crankshaft; force-feed oiling system; and fullsize balloon tires, with steering gear especially designed for their use—these are a few of the features that distinguish the advanced design of the New Studebaker cars.

Because the New Studebakers are the forerunners of a new era of motor car design it naturally follows that the Studebaker you buy today will be worth relatively more tomorrow than any other car.

Thousands have seen the New Studebaker cars. Thousands have endorsed their design and value by buying them. You should see the New Studebakers before you buy. It costs nothing to look.
