Rolling after a soaking rain is a requisite for a good lawn. It is good plan for several neighbors to go into partnership in buying a roller to serve them all, as its use is limited to spring and fall, to a large extent, and if it is heavy enough one to do good work is secured, it will need several neighbors to work at once to operate it.

Do not rake up the first few cuttings of grass but leave the clippings on the lawn. The spring rains will work them around the roots of the grass to act as a mulch when the

A MILITARY FUNERAL FOR KEITH WALKER
A Solemn Occasion in Yarker—A Boy Who Fell Ill and Never Recovered.

Yarker, May 18.—One of the largest funerals ever seen in Yarker was that of Keith Walker, an enlisted soldier in the late war, who died in Kingston. Keith first enlisted in the 37th Battalion but was withdrawn because of his age being too young.

Keith was born in Yarker but went to Belleville and enlisted there and went overseas but did not see service in France owing to illness that prevented him from entering the war. He never recovered from this illness and was sent back to Kingston and for three years he has been in the hospital in Kingston.

Keith was born in Yarker but spent most of his days with his uncle and aunt in Colebrook. His request was that he be buried beside his aunt in Yarker cemetery. This request was complied with and he was given a military funeral. Captain Harry Babcock with his company from Napanee and the Highland band from Belleville composed the military force.

The remains arrived from Kingston, in Reid's ambulance, and were taken to the Methodist church where a short service was held thence to the cemetery, headed by the band and soldiers, the coffin being carried on the shoulders of six stalwart soldiers, draped in the Union Jack. The firing party took their position by the grave and fired as the band played a military dirge.

Harold and Elmer, Toronto, two brothers of the deceased and Beulah, a sister, Oshawa, were present.

THE HOME GARDEN
What is Home without a Garden?

For color, both delicate as well as rich and velvety, coupled with a spicy fragrance all its own, there is no annual to compare with the nasturtium. For poor soil it is an ideal annual, producing flowers continually until cut down by frost and furnishing daily bouquets in many shades.

This is one of the most easily grown and sure-fire annuals there is in the seedman's list, as old-fashioned as our great grandmothers, yet holding its own with the modern beauties. Best of all, it will grow well where other annuals will languish. It likes heat and rich soil and sends it all to leaves.

The dwarf nasturtiums are valuable for beds of a single color or for bordering beds of other annuals. There are yellow-leaved varieties for brilliant foliage as well as hand-some bloom and there are dark-leaved kinds with rich velvety crimson flowers. There are brilliant variegated sorts as well as delicate rose and sulphur shades, in fact the entire range of colors except blue.
