### ASKS CITIZENS TO OBSERVE JUNE 3

(Continued from Page 1.)  
ter being put to a vote, the amendment was carried by a vote of 10 to 4.

Can Provide Funds.  
The property committee reported "That on account of the decisions of the city solicitor, and the cost of submitting a by-law to the people, that the necessary exterior work on the City Buildings, as shown by the estimate of the city engineer, and \$1,000 towards repairs to the buildings at the fair grounds, be made, and that finance committee provide the funds."

Ald. Nash wanted to know where the "nest egg" had been found to provide for the work, and Ald. Kent explained that when the work was carried out in Memorial Hall, under the War Memorial Act, a by-law could be passed for the expenditure. No by-law had been put through, however, and the money had been provided for in the current revenue. It was the intention to raise the money when the work had been completed. The cost was \$10,000 and the sum had been provided for this work to within \$1,500 of the amount specified. Thus the council had the money now to undertake the repairs mentioned. The council in doing this was acting on the advice of the city solicitor.

Ald. McCartney said he was sorry to see the council take the action proposed. He would rather have the people vote on the entire expenditure as at first proposed, in spite of the cost of taking the vote, which had been placed at \$600.  
Ald. Craig said that as the funds could be provided for the exterior work at the city buildings, and also the other work, that it should be undertaken at once.  
Ald. Laturney said that it would be better for the council to take the money that was available and go ahead with the work proposed.  
After considerable discussion, the report of the committee was adopted.

Matter of Concessions.  
The recommendation of the property committee, to accept the offer of George Palavas, of \$50, for the exclusive right to erect a booth and sell ice cream and soft drinks at the fair grounds at the baseball games caused a great deal of discussion, and was eventually sent back to the committee. During the discussion, Ald. Laturney stated that since coming to the meeting, he had a telephone message from B. Noble Steacy, president of the Kingston club in the Central Ontario League, stating that the club's executive had decided to give the same man the permission to sell ice cream and soft drinks as had that privilege last year. Ald. Laturney said it was not the intention of the council to give the ball club the right to give such a privilege, and reading the minutes of a meeting of the council of Feb. 4th, 1924, pointed out that the ball club was given the use of the ball ground at the fair grounds "for baseball purposes only," and before council adjourned, the property committee held a meeting and brought in the following supplementary report, which was adopted:

"That tenders be called for the concessions at the fair grounds for the baseball games, to sell ice cream, soft drinks, confectionery and refreshments, and that this committee be given power to act in selling the concessions, and that the president of the baseball league be notified that this concession is not included in their agreement to use the fair grounds "for baseball purposes."  
At a recent meeting of the council, the application of Mrs. Darling, to build a platform in front of her home, encroaching on the street line, was refused on the recommendation of the board of works. Ald. Joyce and Dunphy moved for reconsideration of the application, and on the vote being taken, the motion was carried.  
During the discussion, Ald. Holder said that at the next meeting of the board of works he would move that no further applications be granted for platforms or verandahs to encroach on the street line, stating that the council was going to extremes in the matter.  
The question of the city advertising in Municipal Canada, was referred to the industries committee.  
On motion of Alda. Price and Reid, the board of works was instructed to erect a curb, required on O'Kill and George streets.  
On motion of Alda. Peters and Reid, the board of works was instructed to bring in a report on the cost and advisability of extending Mack street one block.

Most Old Folks Require a Heart and Nerve Tonic  
After middle age little sicknesses and ailments seem harder to shake off than formerly as the heart action becomes weak and uncertain and the nerves are not as steady as they were in the younger days.  
Now is the time when all aged people who wish to maintain their health and vigor and retain their energy unimpaired should use  
MILBURN'S HEART AND NERVE PILLS  
Mrs. M. O'Connor, Whitestone, Ont., writes:—"I have been troubled, most of my life, with shortness of breath, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's H. & N. Pills, which I did, and at once found relief, and I have never had a relapse since. I am 60 years of age and I always keep them in the house and feel that with their help I will see many years yet. I always recommend them to anyone who is suffering from heart trouble."
