### A COURAGEOUS ACT

**D. J. Melloy Shows Rare Presence of Mind.**

Almonte, June 1—The presence of mind of D. J. Melloy, a driver of a big Ottawa Dairy ice cream truck, probably saved the life of Mrs. Timothy Scott about five miles from here.

The truck was descending a very steep and dangerous hill on the road to Carp village and came upon the woman driving a horse and buggy on a turn. The driver sounded his horn, but apparently the signal was not heard and Mrs. Scott kept in the middle of the road. The descent at this spot is so steep that the driver could not stop, but rather than run down the unfortunate woman the driver took to the steep bank and tried to pass her. He crashed through the guard rail but could not hold the truck on the grade and overturned in the ditch. The front part of the machine was badly smashed, but the driver escaped with a severe shaking up.

Melloy deserves all kinds of praise for his courageous act, and Mrs. Scott says that she feels she owes her life to him.

## Lost Articles—And Articles That Stay Lost

There's a big difference between them!

And the distinction generally lies in the fact that some were advertised for in the Whig's A-B-C Classified columns—while the others were not.

Recovering lost articles through this paper's Lost and Found column is a comparatively simple and a very logical proceeding. It's based on common sense and the law of averages.

The first thought of nine out of ten people who find something of value is to watch the A-B-C. ads to find out the name of its owner. The sensible thing to do is to give these honest people a chance to return the property that has been found.

Next time YOU lose something—don't worry—call 243 and ask for an ad. taker.
