### TRAFFIC BY-LAW MAY BE DISCUSSED AGAIN

Ald. Price Has Given Notice of Motion For Its Reconsideration.

At the meeting of the city council Wednesday night, Ald. Price gave notice of motion that he would move for the reconsideration of the traffic by-law, defeated at a recent meeting at the next session of the "city fathers."

It will be recalled that the council turned down the traffic by-law, as recommended by Chief of Police Robinson. The by-law called for the stopping of autos on all the arteries leading into Princess street, from University avenue to Wellington street.

Ald. Nash moved that the police commissioners be given full authority to deal with the motor and vehicle traffic. He said that the police commissioners in Toronto had been given this authority, but there was no member of the council who would second his motion, and it was dropped.

Ald. O'Connor said that it was a pity that the council had turned down the traffic by-law. The city needed such a by-law.

### TWEED WOMAN HURT WHEN TRAIN HITS CAR

Mrs. J. D. Taylor Received Injuries to Leg on Wednesday Afternoon.

Mrs. J. D. Taylor, Tweed, was severely injured Wednesday afternoon when a car, in which she was a passenger, and which was driven by her husband, was struck by the C.N.R. train on the Midland branch at Corbyville crossing.

The woman was brought to Belleville on the train and removed to Dr. J. J. Robertson's office. Mr. Taylor was unhurt.

Mr. Taylor complained that the view at the crossing was not clear, and that he did not see the train until it was almost upon him. To avoid a head-on collision he turned the car sideways, the steps of one of the coaches tearing off two wheels and overturning it in the ditch. Mr. Taylor was driving towards Belleville at the time.

### PREPARATIONS FOR THE SUMMER SCHOOL

Five Hundred Students Are Expected at Queen's in Two Weeks.

Anticipating five hundred students at Queen's in less than two weeks' time, news comes of special preparations being made by the student committees appointed last year to organize activities for the present summer session.

W. J. Neale, of Ottawa, chairman of the athletic committee, is going to get baseball under way the day after the classes open. A softball game between the married and the single men is set down for Thursday, July 9th. Tennis, which is so popular with the summer students, is to be given a strong impetus with a tournament right at the start of the term. Sexton, the star of last summer, is not to be here, as he has become an intra-mural and attended the regular session in medicine last winter. Two new grass courts have been laid out west of the arena, on the former site of the old curling rink.

A plan which is carried out by the girls of the winter session is to extend to all new students at the summer school. Representatives of the Summer School Association, wearing Queen's colors, are to meet all the trains, day and night, while the new students are coming to the city. More than that, Mr. Carr, director of extension, has been asked to write all the registered students to acquaint them of this fact. This service will be invaluable to the newcomers in assisting them to locate their boarding-houses, etc., especially if arriving after dark. It was not so necessary when the school was small, which was not so many years ago.

**Ald. Nash's Objection.**  
At the meeting of the city council on Wednesday night, Ald. Nash asked why the parks committee had given the Y.M.C.A. permission to establish a tennis court on the cricket field, and to charge a fee of \$5 and \$3 for members to play. Ald. Nash said he did not think the parks committee had a right to give this permission and wanted the matter taken to the city solicitor for a ruling, but the council took no action.

**Securing Teachers.**  
H. W. Watson, M.A., Toronto, has been engaged by the Smith's Falls Board of Education as mathematical master at a salary of \$2,500 and Miss Mabel Campbell at a salary of \$2,000, their duties to commence next September. A male physical culture specialist will be secured. All the permanent lady teachers on the public school staff, are re-engaged. Ernest V. Dyke was also re-engaged at a salary of \$1,500.

**Funds Are Needed.**  
Rev. Dr. Baker, principal of Albert College, Belleville, has launched a fresh appeal for funds to carry the new college into completion by next year. He needs \$50,000 by July 1st to secure \$25,000 conditioned on securing the whole amount, \$25,000.

### IN MARINE CIRCLES

The pleasure yacht Gannet arrived in port yesterday afternoon.

The steamer Jeska and Pat Doris arrived last night with coal from Oswego.

The steamer Concretia arrived last night and is at the causeway.

The steamer City of Ottawa cleared west this morning.

The steamer Kingston arrived from Toronto and Charlotte this morning and cleared for Prescott. It will return this afternoon and clear for Charlotte and Toronto.

### BAN RIGH HALL.

Will Be Ready in Fall for Queen's Girl Students.

Everything around Ban Righ Hall is rounding nicely into shape for the opening when the students return in the fall. The building is now in the hands of the electricians, employees of the H. W. Newman Electric Company having been working there for three weeks. The building is to be exceptionally well-lighted. The corridors are strung with fixtures, there are ten drops in the dining room and fifteen of five lights each in the reception room.

Plumbing, woodwork, plastering, painting are all practically completed. Keys are in their locks, stoves and boilers are in place in the kitchen and an electric potato peeler in the corner awaits its first peck of potatoes. One lot of bed-springs are on the spot. The linoleum in the upper flats has been laid but has to be matched and finished off yet.

On each floor there is a large electric gong for fire and a smaller bell worked from the cooking headquarters.

### Canadian Pacific.

City ticket office, 180 Weddington street, report the following arrivals of their steamships:

- Empress of France, from Southampton and Cherbourg, due Quebec, June 26th.
- Montroyal, from Quebec, due Liverpool, June 26th.

- Empress of Australia, from Hong Kong and Yokohama, due Vancouver, June 30th.
- Empress of Canada, from Vancouver, arrived Yokohama, June 22nd and due Hong Kong, June 29th.

### REAL FISH STORY.

Which Is True as a Whig Man Witnessed Episode.

At last, here is a "fish story" that can be depended upon to be the truth, as the writer witnessed the affair. A young man was trolling from a boat at Kingston Mills Wednesday evening, and going along easily he felt a heavy tug on his line. Letting the fish get a good hold, he started to pull him in. When he had the fish almost in sight, off snapped his steel pole and the boat tipped over, throwing him into the water. The young man was able to make shore, as he was a good swimmer, but much to his chagrin, he lost the fish, which he claims must have been a big one to upset a boat and snap a steel rod in two.

Mrs. Leonard R. Conitt, Toronto, died on Wednesday, from heart disease. Before her marriage, twenty-eight years ago, she was Miss Minnie Colcock, second daughter of the late Mr. and Mrs. Neville B. Colcock. Her father was at the time the proprietor of the then Brockville Times.

### ANNUAL SWIMMING CAMPAIGN

Free Instruction for Boys at the Y.M.C.A. Next Week.

For several years the local Y.M.C.A. has thrown open the use of its natatorium to boys of the city for the purpose of teaching all to swim. This service has been appreciated as evidenced by the fact that last year over 150 lads registered and 54 were taught to swim at least a few strokes. Once the boys have obtained confidence and can swim even a few feet it is only a matter of practice until they are quite at home in the water. Situated as Kingston is on a large body of water, it is very desirable that every resident should be able to swim and to rescue others from drowning should an accident in the water occur.

Parents and boys alike will therefore welcome the announcement made at the Y.M.C.A. this morning that the campaign this year will be held next week and that boys may register at the Y.M.C.A. office on Thursday, Friday or Saturday of this week for the free swimming instruction. C. O. Chamberlain, the physical instructor, has lined up some of the best local swimmers to assist him in instructing the boys. A simplified method of instruction will be adopted and the boys soon find that by following the instructions they are making progress. Notices are being sent to the local schools but the Y.M.C.A. staff wishes to inform all parents that there are no fees for this service to the boys of the city and that any boy between the ages of 10 and 18 years may register.

The Y.M.C.A. tank is 30 by 6 feet and is filled with pure drinking water heated with a large boiler so that the swimming instruction will proceed regardless of the weather. The tank is from 2 to 6 feet deep and as instructors are always on hand the possibility of accident is almost nil. Indeed during many years of operation the local "Y" has never had any serious mishap in the water. Boys who register will be graded according to age and size and will be given tickets telling them when to come for their lesson. As the schools close this week and many boys will soon be going to camp the present seems an opportune time to learn to swim and doubtless many boys will take advantage of the offer of the Y.M.C.A.

### HAD A FINE OUTING.

St. Andrew's Sunday School Picnic Held at Brophy's Point.

About 350 people made the trip on the steamer Waubic Wednesday afternoon, to Brophy's Point, where St. Andrew's Sunday school held its annual picnic. A fine programme of races was run off, capably handled by Messrs. Bews, McDonnell, Burns, Spence, McCullough and many others who assisted. A well contested ball game between the married men and the Sunday school boys was staged, ending in a win for the boys by a score of 12-8. Mercer and Thompson, did some heavy hitting for the men, while Waugh clouted hard for the boys.

A very delicious supper was served by the ladies. Much of the success of the picnic is due to Mr. W. Gill and Mr. J. Bews, who worked very faithfully throughout the whole day.

- The races resulted as follows:
- Miss McCullough's class, Edna Pyke; Margaret Patterson.
  - Miss Clow's class, Malcolm Bews; James Cummings.
  - Mrs. Millar's class, Jack Mercer; Ed. Cunningham.
  - Miss Davis' class, Minnie Thompson; Margaret Johnston.
  - Miss Donnelly's class, Clara Drysdale; Betty Thompson.
  - Miss Donnelly's class, Bernice McIlroy; Hilda Laird.
  - Mr. Anderson's class, Gordon Mercer; James Strong.
  - Miss Thompson's class, Reg. Bruce; Tom Thurlby.
  - Miss Newland's class, Tom Cummings; R. Grey.
  - Mrs. McBride's class, Betty D'Esterre; Violet McGregor.
  - Miss Cullin's class, Phyllis Black; Francis Flynn.
  - Miss Dunlop's class, Miss Spencer; Violet Alcorn.
  - Miss McLean's class, Violet Roach; Mary Horton.
  - Miss Leach's class, Florence Cunningham; Jean Wright; Irene McIlroy.
  - Miss Burns' class, Vera Wathem; Myrtle Wathem.
  - Miss Simmons' class, Bews; Thompson; Bruce.
  - Miss Harold's class, Gladys Simmons; Miss McBroon; Ann McArthur.
  - Miss Leslie's class, Mack Donnelly; F. Vaughn.
  - Miss Eider's class, Miss Irving; Besette Manthrop.
  - Mrs. Newland's infants class, 4 races—1st race, Jack Patterson; Gordon Nickle; Reg. Roach.
  - 2nd race, Roy McIlroy, Gordon Bews; Edw. Flynn.
  - 3rd race, Alice Cummings; Agnes Wright; Mary McGill.
  - 4th race, Clifford Cunningham;
