The 'der, and the answer he received was weather was ideal for the races and to the effect that the members bethere was plenty of excitement dur- lieved they were buying the best and ing every heat. The following are it was for this reason that he was supporting the report.

Defends His Stand.

Ald. Holder pointed out that the fire and light committee had accepted the highest tender for firemen's uniforms, and the board of works had accepted the highest tender for a road machine. The health committee had accepted the highest tender because the members considered they were getting the best article.

Ald. Joyce spoke in the highest terms of the work turned out by the Laturney Carriage Works, and said that he favored giving the work to a local firm. He moved, seconded by Ald. O'Connor, that the Laturney Carriage Works be given the tender

Ald. Nash said he supported the report of the committee because he felt the city was getting the best waggon. He thought it would be a case of false economy for the city not to accept the Massey-Harris tender. Ald. Driscoll stated that he was

very anxious to have a local man get the contract. He and Mayor Angrove had interviewed Mr. Laturney, and the latter had stated that would have to buy the wheels, springs and axles outside of the city, and that if he was held up in the work he could not build the waggons

Ald. Boyd praised the work of Mr downe 2 2 2 Laturney, stating that he had used Presto, W. Case, Gananoque 3 3 3 his goods and that they had given entire satisfaction. Mr. Laturney, he pointed out, had also built fire waggons for the city, and they gave satisfaction. He believed in keeping Judges, P. H. Haffner, George Dar- the money at home. Reference had been made to the city purchasing a road mixer outside of the city. These mixers were not made in Kingston so in this case, the money had not been taken out of the city.

Ald. Price said that he was using a waggon turned out by Mr. Laturney and had warm words of praise for his work. At this time, when unemployment was so keen in Kingston he felt that the city should spend every dollar possible in the

For Home Industry. Ald. O'Connor was ready to support home industry, and Ald. Craig stated that there was a strong feelmen in the city that if the people
