The Work of the Eyes

The human eye is a miracle of efficiency if normal. But it is the cause of numberless undesirable conditions if abnormal. And the sad truth is that most eyes are abnormal to some extent. Abnormal eyes mean strained eyes, and strained eyes mean headaches and a dozen other troubles. Nothing but Glasses can make abnormal eyes function normally. Give your eyes proper attention by having them looked after here.

NEWSPAPER FUN

By Maxson Foxhall Judell

Farmers All!
 Listen, folks, if worry's plow
 Has put a furrow in your brow,
 Just call the plowing season done
 And cultivate a crop of fun!

A Big Day.
 Beth: "Why the big party at Dorothy's?"
 Rudie: "To-day's her first divorce anniversary."

THE END OF THE HONEYMOON.
 By E. M. McWilliams.
 "As long as human beings live,"
 Said Henry Hart, the Pickle King,
 "A lot of time and thought they'll give."

To thinking on some foolish thing.
 In solving this, which has no sense,
 Much time at our home now we spend—
 We know when honeymoons commence,
 But how can we tell when they end?"

"Of course the women folks remarked
 That 'tis the husbands cause all strife;
 That were it not for how men barked
 The honeymoon would last for life.
 But they agreed that it is o'er
 When hubby leaves home on the fly,
 Forgetting to stop at the door
 To kiss his Honeybunch goodbye."

"'Twas up to me, of course, to see
 Another side to the affair;
 The girls should not get off Scot free
 Though, after all, what do we care.
 The honeymoon is dead, all right,
 I said, no matter how you rave,
 The first time he's dragged out at night
 And told he doesn't need a shave."

Indelible.
 Edna: "Marion is suing that wealthy broker friend of hers for breach-of-promise. She claims his love has faded away."
 Edith: "Yes, but the writing on the letters he sent her evidently hasn't!"
 —Victor Benesh.

Very Rude.
 "Can I go to the movies, mother," asked six-year old Dick a few weeks ago?
 "Have you done your homework?"
 "Aw, listen, Ma. Why do you always change the subject when I start to talk about something pleasant?"
 —Rudie L.

Candid.
 Dr. Patterson: "An operation must be performed to-day!"
 Patient: "But I thought you said I was well enough to wait until to-morrow."
 Dr. Patterson: "I know. But I can't wait. I need the money."
 —R. E. B.

Action.
 "One thing is certain," says Percy Everham.
 "If I were one of the idle rich I might be idle but my money wouldn't."

New Charge System.
 Eighty per cent. of Brockville's water users are to get their water a little cheaper, and twenty per cent. will pay more, according to a new system of charges just announced by the Public Utilities Commission. The new system of charging is based on the number of rooms in dwellings, as against the number of occupants, and will entail a drop in revenue of about \$5,000 annually.

Allison Estate is Opened.
 One of the most beautiful estates on the St. Lawrence River, formerly owned by the late Col. J. Wesley Allison, has been taken over by the Allison Island Club, and is now open to the public, and will now be known as the Allison Island Clubhouse. The estate comprises about 300 acres and is situated in the St. Lawrence River about twenty miles east of Prescott.

GANANOQUE

July 10.—It was with profound regret that it was learned yesterday shortly after noon that James McKellar had passed suddenly away. He was up town in the morning greeting his friends in his characteristic bonny style, and when death came he was going out on the lawn to have a smoke. There was no better known or better liked man in Gananoque than 'Jim' McKellar by young and old. He was a real Scotchman and mighty proud of it. For some few years he has lived a retired life, after long service in the axle department of the Spring and Axle Company, where he was looked upon as one of their most valued employees. Surviving are his wife, four daughters, Mrs. William Ward, Montreal; Mrs. Robt. Moore, Montreal; Mrs. George Cunningham, Gananoque East, and Miss Janet in charge of the office of the Gananoque Electric Light and Water Power Company, and three sons, John, Moosejaw, Sask., Archibald, Kamloops, B.C., and Colin, Montreal. Donald predeceased his father about six months ago.

J. Wesley Petch and wife, Walker-ville, passed through Gananoque on route to the druggists' convention at Ottawa and spent the night with Mr. and Mrs. Ford Petch. Upon their return they will spend the remainder of the summer on Tremont Park in one of the cottages owned by Mr. Petch's mother.

The fire and drum band has been practising diligently for sometime past and will accompany the Orangemen to Watertown, N.Y., next Saturday. Several will go over from here for the celebration.

D. O'Neill, Detroit, Mich., arrived in town Thursday evening and will spend the next couple of weeks here. Miss Mabel Carpenter left yesterday to join the teachers on the trip to the coast. Miss Carpenter does not expect to return until very close to the re-opening of the schools. It is a well deserved holiday, and her many friends wish her bon voyage.

Miss McVenn left yesterday to visit friends in Lethbridge, Alta. As a result of the petition presented by the ratepayers of Main street, it is quite likely this street will also be paved.

Our civic holiday will be on the 29th July this year. The change from August to July is out of deference to Kingston friends who are en fete with a big Old Home week this year which takes in the first Monday in August, and no doubt Gananoque will be sending a large quota up there daily for the doings.

The first dance of the season at "Blinkbonnie's" club house will take place this evening, and dances will be held there at intervals during the next couple of months.

Mrs. Royal Lee and little son, New York, are here for a few weeks. Mrs. Mullin and Miss Quinn, Brimston, are the guests of the former's aunt, Miss Annie Shiels.

The Shine Brothers of Webb Motor Sales went up to Oshawa on Wednesday and roaded five Chevrolet Cars down.

The Anglicans held their annual Sunday School picnic on Wednesday afternoon also at McNinch's Beach, and as St. Andrew's were there too for the same purpose, and the day was a perfect one the combination of so much youth made this affair one of the most enjoyable ever remembered. All kinds of games for young and old were indulged in, and big advantage taken of this ideal bathing spot.

The band concerts are getting better week by week, and the new bandmaster is winning laurels for himself. The band has several outside engagements booked for the season, among them being Kingston's big Exhibition.

Clifford Sine is attending the druggists convention in Ottawa. Wallie Jones and A. B. Gash, Dominion Securities, Toronto, were in Brockville yesterday.

IN MEMORIAM.
 Late John Richmond, Tamworth, Who Died in Kingston.
 John Richmond, who died in the Kingston General Hospital on June 18th, was buried at Tamworth. The funeral service was conducted in the United Church by Rev. Mr. Clarke.

Mr. Richmond was born in the township of Richmond in December, 1873, and lived in the township up to the time of his illness, about eleven months ago, when he moved to Tamworth and steadily grew worse and was taken to the hospital and died about two weeks later. Besides his wife and one son, Harold, aged twelve years, Mr. Richmond leaves his mother, Mrs. Thomas Richmond, now living at Forest Mills, with his sister Mrs. Brown. Another sister, Mrs. Dewett, is also living at Forest Mills. Three brothers survive, Wilson, Sharp's Corners; David and James, Roblin.

A Regretted Death.
 The very sudden death of William Winter, Cressy, was a shock to the community. Mr. and Mrs. Winter went down from Wicklow on a few weeks' visit intending to go from Cressy to Renfrew, but Mr. Winter's death intervened. Mr. Winter had a bad attack of flu-pneumonia last March which left the heart weak but he had gained sufficient strength to be around and it was thought he would continue to improve, but it didn't prove so. Mr. Winter was only in bed three days before the fatal hour came.

Gift To Pastor and Wife.
 The congregation of the United church, Bloomfield, presented their pastor, Rev. Mr. McGuire and wife with a beautiful reading lamp and two jardiniere before leaving for their new field of labor at Odessa.

NAPANEE GOLFERS PLAY GAME IN PICTON

And Win by 11 to 6—The Teams and the Individual Scores.

Napanee, July 10.—A team of seventeen members of the Napanee Golf Club journeyed to Picton on Wednesday afternoon to engage in a friendly contest with the Picton golfers; it being a return game for the one recently played in Napanee.

The weather was perfect, in fact it was just an ideal day in which to enjoy the ancient game. The links were in perfect condition and the grounds are probably the finest in Canada and most picturesquely situated, having a magnificent series of views over the beautiful Bay of Quinte. Some of the players who had visited some of the famous links in Scotland, doubted if that country could equal in beauty the property of the Picton Golf Club, with its splendidly equipped club house.

Following is the result of the game:

WHAT FARMERS ARE PAYING FOR HELP

Some Offer \$45 to \$50 a Month and Others \$3 a day.

Now that haying has started there is considerable demand for hands among the farmers. Several land-owners in the city on Thursday said help was being paid from twenty-five to fifty dollars a month, with board, rain or shine, while others were paying three dollars a day, with board but no pay on rainy days. The former wage is said to be better in the end than road work at a little higher pay because the employee does not get paid on rainy days but still has to pay a dollar a day for his board.

Postage Stamps Not for Remittance.
 According to advice received by Postmaster Matthews from Ottawa hereafter postage stamps may not be used for making small remittances. The use of postage stamps in payment for small accounts is stated to be contrary to post office regulations. Postal Notes, it is pointed out, may be obtained for 30, 35, 40, 50, 70, 75, 80 and 90 cents, and from \$1 up to \$10 in even figures. Odd cents are made up by attaching stamps to the postal notes, and their use for remitting small amounts is strongly recommended as being most convenient for sender and receiver.

Drop in Cheese Price.
 The Frontenac Cheese Board, which at \$1 11-16th cents last week, led all surrounding boards with the exception of two, Cornwall and Iroquois, dropped to 20 5-8th cents this week. Both factories represented on the Board accepted this bid made by Mr. Hamilton, namely Silver Spring 96 boxes and 1,000 Islands 75 boxes. Bidding began at 20 cents, offered by Mr. Murphy. A year ago the price was 15 9-16th cents, according to Mr. Pillar's books, when 385 boxes were sold.

WHEREVER you buy it and whenever you buy it, Magic Baking Powder is always entirely dependable, because it contains no alum or adulterants of any kind.
