**BAPTIST AND BETHEL HOLD UNION PICNIC**  
 At Brophy's Point on Wednesday Afternoon—Baseball Games Were Played.

The union picnic of Bethel and the First Baptist churches at Brophy's Point on Wednesday afternoon was a great success. A large crowd attended and entered joyously into the wide variety of sports provided.

In the afternoon two baseball games took place, Bethel girls versus Baptist girls, and Baptist men versus Bethel men. In both cases the Baptists won. In the evening the winning girls played the winning men. It was a very interesting game and both teams were forced to do their best, the girls winning by a score of 10-9. The men, however, were allowed to use only one hand in batting the ball.

Those playing on the teams for the Baptist school were:

Baptist girls—F. Connolly, E. Turner, F. Salsbury, M. Patrick, M. Burke, H. Friedshap, M. Osborne, F. Sinclair, M. Sinclair, D. Copley.  
 Baptist men—H. Brand, I. Edwards, G. Stenton, Mr. Falts, S. Moyer, W. Thompson, S. Salsbury, I. Sinclair, G. Pickering, F. Isaacks.

 Boys, 10-12 years—Leslie Isaacks, Billie Hussey.

 Sack race, young men—Harold Brand—James Marshall.  
 Tug of war, men vs. ladies—Ladies won.  
 Peanut and candy scrambles were also lively events for the younger people.

The fine success of the Baptist school's outing owes much to the work of the superintendent, C. Litton; and his energetic committee, while W. Bruce, superintendent of Bethel Sunday school, and his helpers also came in for much praise for their efforts.

**Bethel Events.**

**WARM TRIBUTE PAID**  
 To Late Rev. Dr. Torrance at Funeral in Peterboro.

The funeral service of the late Rev. Dr. E. F. Torrance, of Kingston, was held at Peterboro Wednesday afternoon in St. Paul's Presbyterian church. The address was delivered by Rev. D. A. Thomson of Hastings, who was accompanied in the pulpit by the Rev. G. I. Crow, Springville, and Rev. James Ross, Peterboro.

A son, Edward Torrance; a son-in-law, Mr. Delreis were present. The pall bearers were Messrs. W. J. Hill, W. W. Johnstone, A. J. Johnson, Robert Morrison, R. R. Hall and Sheriff Hall. John Crane, manager of the Dominion Bank, who was organist of the church during the ministry of Dr. Torrance, presided at the organ.

The services opened with the singing of the 19th Psalm, Rev. G. I. Crow read Psalm 90, after which Rev. Mr. Ross led in prayer.

Rev. J. A. Thomson took as the text for the day's meditation, Chapter 23 of the Book of Numbers, and part of verse 10: "Let me die the death of the righteous and let my last end be like his."

"We all want to die," said Mr. Thomson, "like the righteous, even if like Baalam, who uttered these words, we have not been living the life of the righteous."

In referring to the Dr. Torrance, Rev. Mr. Thomson said that he was a superior man in every respect. His house was ever open to ministers and others. Boundless was his hospitality at all times. He was a man of refinement, high ideals, and scholarship, and was at all times a close student of the Book. He never preached a sermon that was not preceded by several hours of prayer. At the Assembly of 1916 a missionary, in telling of his conversation and call to the mission field, related that they arose out of the hearing of a sermon by Dr. Torrance in Peterboro. He knew that was not the only conversion that followed Dr. Torrance's ministry. He believed there were many in the kingdom today as a result of the labors of Dr. Torrance.

Since coming to Peterboro, he had heard a rare tribute which came from a Roman Catholic, who said: "Every time I met Dr. Torrance, I thought of the Saviour."

Dr. Torrance had now heard the "Well done, good and faithful servant. Enter thou into the joy of the Lord."

**A GRADUATE OF QUEEN'S.**  
 The Late J. M. Clark Was a Missionary in China.

Dr. C. M. Sillery, China, brother of Mrs. Charles Taylor, King street, writes to the New Outlook an appreciation of the late James Mortimer Clark, B.A., M.D., C.M., missionary to West China. He says:

"Dr. Clark's college course was a record of achievements both scholastic and athletic. Combined with a keen active intellect, he had a capacity for hard work that few excelled. From high school he entered Queen's University with the Prince of Wales scholarship, and at Queen's he maintained a high scholastic standard, which won the respect of professors and fellow students. He neglected no side of college life which would contribute to the rounding out of his character, and the fulfilment of his ideal to become a foreign missionary. In addition to his academic accomplishments he took an active and successful part in sports, and closely associated himself with all the religious organizations of the university. On graduation, Dr. Clark served in England and in France with the Medical Corps, and was an influence for good wherever he served."

"As a friend of Dr. Clark's, of many years' standing, as a former classmate, both at college, and afterwards as intern in the same hospital, I feel his loss very keenly. Dr. Clark had an exceptional capacity for forming and keeping warm friendships. His friendships were fed by his genial personality and by a passion for service which endeared him to his fellow missionaries and to the people among whom he was working. Many times before his death I heard his fellow missionaries comment on the enthusiasm and joy that he put into service for others. He was one of those beautiful characters to whom nothing was a trouble that brought happiness to another."

**STAYING IN OTTAWA.**  
 A Former Police Sergeant Delays Coming to Penitentiary.

Voluntary prolonging his detention by the law, Charles L. Graham, former sergeant of police, sentenced to two concurrent terms of six years' imprisonment for burglary and attempted burglary, staved off the commencement of his penitentiary term by refusing to sign papers waiving his rights to appeal against his sentence.

"If Graham persistently refuses to sign the paper, and takes no legal steps in appeal, he may remain a prisoner at the county jail for a month, as prescribed by law. At the end of that time he can be forcibly taken to the penitentiary. Time he spends in the jail does not count against his sentence."

During the last year 132,530 motor cars were produced in Canada. Friday is Dollar Day at Martin's Shoe Store.

**Clearing Sale of Summer Millinery Parisian Shop**  
 322 BROCK STREET

In Hot Weather "Off Color" as to Taste.

The city water is quite safe, according to Dr. James Miller, professor of pathology at Queen's University and also bacteriologist for the city in this connection, who was asked by the Whig regarding a complaint from citizens that the water tasted bad—"like dead fish," said one. The taste of the chlorine was sometimes objectionable, said Dr. Miller, and in the hot weather the water was apt to be "off color" as to taste. The chemical put in the water also has a tendency to stay in spots and render that part less wholesome.
