STOP
And think this over

For an ordinary dwelling housing a family of from three to five, the gas bills average from two to four dollars per month. Check this up against the cost of coal and you will readily see the advantage of gas for cooking.

Phone 1604 or drop a card for any information desired.

ASLEEP IN THE DEEP

Sidney Helms of Des Moines, Iowa, has completed a 200-mile trip down the Mississippi River on a mattress. He is a mattress salesman and the mattresses he sells float. So he put a light wooden frame around one, gave the bow a toboggan flare, stuck an outboard motor at the back and got up a speed of eight miles an hour. He went from Keakuk, Iowa, to St. Louis.

FOR YOUR VISITORS

You will have many visitors among the Old Boys. How about your floors and woodwork—are they in good condition?

Farmers might make good broadcast station builders, for both handle the plow. The farmer plows for seeding, the broadcaster plows for grounding the aerial system. In the case shown, Edward H. Jewett used the plow to advantage when he built his station at Pontiac, Mich. Howard E. Campbell, station engineer, is shown directing the plowing in of the ground system.

SHE'S "STANDING FAWN" NOW

"Miss America" is called Ci-Ca-Ke-Ka-Po-Nee now. Miss Ruth Malcolmson of Philadelphia was given the first title of the Atlantic City pageant last year. Now she has been adopted by the Blackfoot Indian tribe. She is shown with three chiefs of the tribe—Curley Bear, Split Ears and Two Guns. Her name means Standing Fawn.
