EXTRA GRANT FOR OLD BOYS' REUNION

City Council Voted \$5,600 to Cover Shortage—To Pave Victoria Street.

At a special meeting of the City Council held on Monday night, an additional grant of \$5,600 was voted to the Old Boys' Celebration committee, on the recommendation of the finance committee.

City Auditor A. H. Muir presented a statement in regard to the finances of the Old Boys' Committee, which showed the following: Expenditure to date, including paid and unpaid accounts, \$12,718.15; receipts from the gate and other sources, \$5,783.75; received from the city of Kingston, \$1,500; shortage, \$5,434.40.

Of the expenditure, \$6,900 is left in Kingston for labor and supplies. Of the \$5,500, which goes outside the city, \$2,600 was for the horse races. In order to clean up, the auditor suggested that the city council be asked for an additional grant of \$5,600.

The finance committee recommended that this additional grant be made by the council, and then it was passed without objection. On the recommendation of the finance committee, the council also voted \$400 for the purpose of erecting and extending the cattle sheds at the fair grounds, on consideration that the Kingston Industrial Fair spends the sum of \$200 for the same purpose, the work to be let by tender, by the city property committee, and to be done under the supervision of the city engineer.

In regard to the additional grant for the Old Boys' celebration committee, Ald. Nash wanted to know if the council could have a detailed statement regarding the receipts and expenditures before voting.

Mayor Angrove stated that the statement would be presented, but that it could not be given just now, as it would take some time to have it prepared.

In answer to Ald. Price, the mayor stated that the money now granted the Old Boys' committee would cover everything.

The report of the finance committee, which was adopted, was presented by Ald. Keit, the chairman. Ald. Kidd presented the report of the Board of Works and it was also adopted. The report recommended the following:

Victoria Street Paving.

"That a sheet asphalt pavement be constructed on Victoria street, from Brock street to Johnson street, on a four-inch concrete base, on the local improvement plan.

"That a concrete walk be constructed on the east side of Victoria street, from Brock street to Johnson street, under the provision of the local improvement act."

The necessary by-laws, to cover the paving and new walk, were passed by council.

Council received a communication from the council at Kitchener, enclosing a copy of a resolution passed by that body, asking that a vote be taken at the next municipal election to request the provincial government to discontinue the services of the police magistrate on the board of police commission, and to have that body composed of the judge, mayor, and a capable citizen.

The matter was referred to the finance committee for a report.

Seeking Damages.

The council received two claims for damages as the result of the flooding of cellars in the recent big storm in Kingston. Cunningham & Smith wrote on behalf of W. J. McCormick and Anderson Bros., who claimed damages as a result of the cellars being flooded and goods damaged. Both claims were sent on to the Board of Works.

A communication received from Peter Devlin, asking permission for the erection of a portico on his residence, 44 William street, which will extend about five feet on the city line, was also referred to the Board of Works.

A letter was received from the street railway company informing the council, that the company would be in favor of having their cars stop on the "near side" of the crossings, just as soon as the traffic from the intersections is regulated accordingly.

The company, it will be recalled, advised the city some time ago, that if autos coming on to Princess street were called upon to stop before entering the city.

Is Your Child Thin and Weak?

Cod Liver Extract in Sugar Coated Tablets Puts On Flesh and Builds Them Up

In just a few days—quicker than you ever dream of—these wonderful health building, flesh creating tablets called McCoy's Cod Liver Extract Tablets will start to help any thin, underweight little one.

After sickness and where rickets are suspected they are especially valuable. Most people know that from the lives of the lowly codfish vitamins of the first class are extracted—the kind that help all feeble underweight men, women and children.

Try these wonderful tablets for 30 days and if your frail, puny child does not greatly benefit—get your money back.

A very sickly child, aged 9, gained 12 pounds in 7 months.

Ask J. B. McLeod, Mahood's Drug Store or any druggist for McCoy's Cod Liver Extract Tablets—59 cents to take as candy and 60 tablets, 65 cents.

tering the street cars would stop on the side. The proposition to have the autos stop at the intersections was discussed at some length in the council and voted down.

The letter from the street railway company was referred to the Board of Works.

Mayor Angrove presided at the meeting and also present were Ald. Driscoll, Dunsby, Holder, J. F. Johnston, Joyce, J. E. Johnston, Kidd, Kent, Laturney, Milne, Nash, O'Connor, Price, Reid and Shea.
