 What the Press Agents Say About Coming Attractions

AT THE GRAND TO-NIGHT.
 "A Little Bit of Fluff" is a Fine Comedy. The theatre-going public who enjoy good, clean comedy, with a laugh a minute, are going to have one of the best treats of the season, when Frank E. Traynor presents Mr. Francis Compton and Miss Peggy Dundas, in the superlative farce comedy, "A Little Bit of Fluff," at the Grand Theatre to-night, for one night only. These two noted stars are surrounded by a company of very clever English artists, and while there are some very exciting moments, there are a million laughs. There is a very definite plot to the story, which is a scream from start to finish, and is heralded as being the best comedy since "Charley's Aunt." Plan is now open.

"BLOSSOM TIME."
 If a custom that is gaining in vogue in other cities is carried out here, music lovers will no doubt organize to hold a series of "Schubert Nights" following the presentation shortly of the "world-famed musical success, "Blossom Time," which the Messrs. Schubert will present at the Grand Theatre on Thursday night only, Oct. 1st. "Blossom Time," with Franz Schubert's own music, with the story based on the actual life of the famous composer, is stimulating increased interest in the works of Schubert wherever the play is being presented and has invariably been followed by a series of "Schubert Nights," at which only the works of this gifted composer are played. Seats are now on sale at theatre box office.

AT THE CAPITOL.
 Another big feature picture, with Milton Sills in the stellar role, has been secured for the Capitol Theatre. The coming picture is "The Making of O'Malley," an adaptation of Gerald Beaumont's Red Book magazine story of the same title. It is Sills' first starring vehicle, and is a vivid, heart-gripping story of a New York policeman and a society heiress, especially fitted for the starward dramatic vigor of the star—outstanding exponent of two-fisted roles. Supporting Sills is an excellent cast headed by Dorothy Mackall, last seen here in "Chickie." Thrills galore, pathos, tragedy, color, real fun, beautiful photography, a wonderful love story and unusual settings are promised in "The Making of O'Malley." A large part of the picture was photographed on the streets of New York City.

"THE TALKER" AT THE STRAND.
 Seldom has a stage play been so faithfully reproduced as has "The Talker," which opens at the Strand to-day. The picture has humor, naturalness, dramatic suspense, appealing characters, powerful story, in fact lacks none of the elements of a popular success. A superb cast is headed by Anna Q. Nilsson and Lewis Stone.

The Kingston City soccer team went to Napanee on Saturday where they defeated the Napanee team in a scheduled Kingston and District Soccer League game by the score of 3-0. The local players showed a direct superiority over their opponents in the first half and ran in three goals while they held the home team scoreless. Green opened the scoring in the first half of the game on a neat shot and the second goal came through on a back flip off one of the Napanee back players. Robus hung up the third tally. Napanee came back strong in the second half and held Kingston scoreless and themselves missed good chances. Woodthorp was good in the Kingston goal, making several great saves. Harte, a veteran soccer player, turned out with the Kingston team and played a good game. The teams: Kingston—Goal, Woodthorp; backs, Fulton, Harte; halves, Wesley, Kay, Honeysett; forwards, Donnelly, Holsgrove, Robus, Green, Phillip.

MONTREAL OPINION.
 Of the game in Montreal on Saturday between Queen's and M.A.A.A., the Gazette says: "Bud" Thomas played a remarkable game at flying wing for the champions. In his new role, the former outside star proved a continuous burden for the local squad. It was Thomas who halted Queen's first touchdown. Batstone picked out his old Queen's teammate, Mundell, at whom to direct his punts. Mundell had the sun in his eyes and lost the ball once early in the game. Thomas was on it in a flash and scrambled over in the corner for the first touchdown. Batstone converted from a most difficult angle, practically on the side line. After Montreal came back with their score, it was some smart hustling which earned Queen's another "break." Batstone attempted a drop, which was partially blocked by a Montreal front ranker, Jimmy Wright, who replaced Thomas at outside wing, tore down regardless, and before the Montreal backs knew what had happened had pounded on the loose and diverted ball for five extra points for Queen's. A bad break for the local team, but smart work on the part of Jimmy Wright. While Queen's showed little in the way of play, they demonstrated that they have a hefty squad of players and the material for another championship team, probably even stronger than last season."

K.G.R.A. ANNUAL SHOOT.
 The annual shoot of the Kingston Garrison Rifle Association was held on Wednesday last and Saturday, when the different matches took place. The first match decided was the Elmley match, seven rounds at 200, 500 and 600 yards, the match and cup being won by S. M. Hilton, R.C.E. The R.M.C. match, of ten rounds at 500 and ten at 600 yards was won by S. M. Barrett, winning the cup with S. M. Hilton, and Major Jeffrey close behind, each being one point less than the winner. The Rogers cup resulted in a tie, S. M. Hilton and B.S.M. Barrett having to fire off the usual five rounds at the longest range, 600 yards, until the last shot when they were still level, point for point, but on the fifth one being signalled, S. M. Hilton obtained an inner, while Barrett drifted to maple, leaving Hilton the winner.

FARMER IS RUN OVER WHEN HORSES RAN AWAY
 Thrown Off Wagon Load of Tomatoes—Severely Bruised and Out.
 Picton, Sept. 28.—William Mayne, farmer, living on the Ridge Road, Hallowell, met with a serious accident on Friday afternoon when driving into Picton with a load of tomatoes. A bolt slipped letting the wagon tongue down. Mr. Mayne was thrown off in front of the wagon, two wheels passing over him when the horses ran away. Fortunately no bones were broken, but he was very severely bruised and received a deep laceration on one leg between the knee and ankle. If complications do not develop it is expected that he will soon recover.

GREAT PROGRESS MADE.
 By the Child Welfare Council in Canada.
 Ottawa, Sept. 28.—"The history of five years of the Canadian Child Welfare Council might be called the autobiography of an infant prodigy," said Mrs. Charles Thorburn in her presidential address at the opening of the Council's fifth conference here this morning.
 Great progress has been made in legislation and in awakening community consciousness to the necessity of child welfare activity. Mrs. Thorburn said. The outlook for the future was most promising. There was no limit to the ramifications of child welfare work.
 Mrs. Thorburn hoped the next Federal Parliament would at once ratify the League of Nations' child committee convention, fixing a minimum age for children admitted to industrial employment.
