"KINGSTON'S GREATEST SHOPPING CENTRE"

If you are losing your good Figure and desire former charm, think this over.

# The Corset

A few years ago during the vogue of the sweater, Women took off Corsets, drew a long breath and let their figures go.

Some of the results were good; others were bad.

The large waist, with the resulting lowering of the bust and straightening of the hip has a youthful air.

BUT the diaphragm bulge, the middle-age spread, the very pronounced increase in weight have proved ugly and stubborn.

MANY WOMEN who have tried going without Corsets are wearing them again, not to make their waists smaller, but, to flatten the abdomen and lower back.

For the figure that needs a firmer hold there is a new Corset and we have it.

# Lover's Form Corsets

Now so much in demand in all the smart shops of the United States are here.

PRICED FROM \$6.95 to \$10.00

You may arrange for a fitting and if not perfectly satisfied, you are not under the slightest obligation to buy. Our telephone is No. 754; call between the hours of 10 and 12 a.m. and full particulars will be cheerfully given, or better still come and see.
