orandparents relied on ENO

Years before the C.P.R. spanned Canada, ENO's "Fruit

Salt" had found its way across the continent. As years

have sped, its sterling merits have become more and

more widely acknowledged. Now there is not a corner of

the civilized world where the morning 'dash' of ENO

ENO excels because it is the one simple, pleasant

and, above all, natural way to ensure internal cleanli-

ness. You never wish you hadn't taken ENO, as

perhaps you have wished with other laxatives. It

doesn't do good to-day to leave you worse to-morrow.

It excels, too, because of its purity, its unchanging

high quality, its freedom from purgative mineral salts

and sugar and flavouring matter.
