## Archbishop of Canterbury Blames Sermons for Fewer Churchgoers

### CLERGY MUST BURN MORE MIDNIGHT OIL

If They Are to Draw the People, Canterbury Says.

### NOVELISTS AND PRESS

Receive His Praise For Giving Guidance to People and Suggesting Sturdy Thought.

London, Oct. 7.—One thousand clergy heard yesterday from the mouth of the Archbishop of Canterbury himself that one great cause of the falling off in church attendance was the poor quality of their sermons. He was preaching at the church congress which was held this year at Eastbourne, and drawing a comparison between public worship today and as it was a half century ago when his ministry began. Symbolism in popular religion, he thought, had taken on new life, beauty had been added to devotion, and the outward form was now a worthier thing, but there remained the question of teaching.

"Beyond question," said the Archbishop, "the preacher's place often is very poorly filled. Complaints of the inadequacy of our sermons are rife and the fact of their inadequacy is beyond dispute. Clerical meetings here on our sparser congregations. Bicycles, motors, charabancs contribute. So do golf and Sunday newspapers. Personally I put among the first causes the fact of the average man's wider interest in all sorts of human knowledge and world affairs."

Newspapers and Novelists. The Archbishop paid tribute to the newspapers and popular novelists for giving guidance to people's thought and suggesting sturdy thought. He rejoiced that they did so, but it was intolerable that the clergy should leave their duty in this respect to them.

APPOINTED TO SENATE. Dr. J. P. Malloy, former Liberal Member, Provencher.

Winnipeg Fire Chief Quits. Winnipeg, Oct. 7.—After 42 years' service with the Winnipeg fire department, Chief J. E. Buchanan has resigned. He has been head of the force for the past twenty-six years.

### Industries That Closed in Kingston During Rule of the Conservative Party, 1912-1921

Dr. Ross and his chief supporters are making much of the so-called exodus from Kingston to the United States, but they do not tell the people about the exodus in 1920-1921, when Mr. Meighen was in power at Ottawa. The Canadian Locomotive Works were closed for some time before the King Liberal Government came into power at Ottawa, and the result was that scores of mechanics and others went from Kingston to the United States in search of work.

SIR LOMER GOULIN DENIES REPORT. Montreal, Oct. 7.—Sir Lomer Goulin, formerly Minister of Justice in the Cabinet of Premier King issued a denial through La Presse, French language newspaper, of a report that he would be a Conservative candidate in Montreal in the coming elections.

### Premier King Gives Address In a Swirling Snowstorm

Vegreville, Alta., Oct. 7.—In a swirling snowstorm, Premier King addressed an open-air meeting here yesterday, speaking from the back of his car. Among the crowd gathered at the station was a large number of school children. Mr. King made an urgent plea for western support. He was accompanied by Hon. G. H. Boivin, minister of customs.

Lyautey's Successor. Paris, Oct. 7.—The French Cabinet ratified the appointment of Jules Steeg, Minister of Justice, as Resident General of French Morocco to succeed Marshal Lyautey, resigned. M. Steeg's successor in the Ministry of Justice was not named, but is expected to be Anafole de Monzie, Minister of Public Instruction. M. De Monzie's present portfolio will probably go to Henri de Jouvenel, editor of LeMatin.

Cheaper Living in Jail. Ottawa, Oct. 7.—The high cost of living of inmates of the county jail here has been reduced two-thirds of a cent per day. The cost of food for the inmates is now 15 1/3 cents per day, Governor Dawson reports.

### Predict Victory For Government

Ottawa Estimate Is That Premier King Will Win 137 Seats.

Ottawa, Oct. 7.—Based on the computation on estimates from Liberal organizations in the various provinces. Liberal headquarters here predict that Premier King will return to power after polling day with 137 representatives in the House of Commons. The estimates are as follows: Maritime provinces, 15 seats; Quebec, 60; Ontario, 30; Manitoba, 4; Saskatchewan, 12; Alberta, 7; British Columbia, 8; and the Yukon, 1. Total, 137 out of 245.

It is the avowed intention of Mr. Meighen, should he be returned, to increase the present tariff, which ranges from 25 to 35 per cent, a general average of 50 per cent, a course which cannot but result in higher prices. With taxes and the cost of living as high as they are today it is difficult to see how Mr. Meighen's policy can arouse much, if any, enthusiasm, particularly among householders.

Liberals of North Simcoe will support former Premier Drury, Progressive candidate, in the coming Federal election. Foreign enquiry into the Shanghai disorders opened at Hong Kong Wednesday, despite the opposition of China.

Turkey is said to have offered to divide Mosul territory with Great Britain.

### SOME RIDINGS TO NOMINATE ON OCT. 15

The Nomination Day For 218 Ridings, However, Is Oct. 22.

### FIGHT IN MARITIMES

Only One Three-Cornered Contest in Nova Scotia Where J. B. McLachlan Is Contesting.

Ottawa, Oct. 7.—Official nomination day is only eight days away for twenty-seven federal constituencies, which are of particularly broad expanse. Nomination day in the other 218 constituencies is Thursday, Oct. 22nd, but on Thursday, Oct. 15th, nominations will be made in the following ridings: Ontario: Algoma East, Algoma West, Fort William, Kenora-Rainy River, Port Arthur-Thunder Bay, Temiskaming North, Temiskaming South.

Quebec: Charlevoix-Saguenay, Gaspé, Pontiac. Manitoba: Nelson, Selkirk, Springfield, Provencher. British Columbia: Cariboo, Comox-Alberni, Skeena, West Kootenay, Yale.

Saskatchewan: Melfort, North Battleford, Prince Albert, Maple. Alberta: Athabasca, Peace River, McLeod, Yukon.

Closing Ranks in N.S. Halifax, N.S., Oct. 7.—With nomination day little more than a fortnight away 51 candidates have been nominated to contest the 29 seats at issue in the general election Oct. 29th, in the Maritime Provinces. Of these 51 candidates, 28 carried the Conservative banner, 23 the Liberal, one the Laborite, and one the Independent Liberal-Progressive.

In Nova Scotia, the line-up was 13 Liberals, 13 Conservatives and one Laborite. In New Brunswick six Liberals, nine Conservatives and one Independent Liberal-Progressive had been nominated.

Today the Conservatives will close their ranks in Nova Scotia by nominating a candidate for Cape Breton South, and later the Liberals will repeat by nominating a candidate in Colchester.

All indications pointed to but one three-cornered contest in Nova Scotia, that in Cape Breton South, where J. B. McLachlan has entered the lists as a Labor candidate.

In New Brunswick both Liberals and Conservatives, have yet to nominate candidates for the two seats St. John-Albert. In addition the Liberals have yet to nominate candidates in the constituencies of Charlotte and York-Sunbury, in both of which Conservative candidates are already in the field.

In Last Parliament. Of the 51 candidates already formally chosen, 17 were members of the last Parliament. In Nova Scotia nine Liberals and one Conservative are seeking re-election; in New Brunswick two Liberals, three Conservatives and one Independent; in Prince Edward Island, one Liberal.

With the exception of A. Dewitt Foster, Conservative candidate in Kings-Hants, N.S., who was elected over the late Sir Frederick Borden in the 1911 election, all the remaining candidates are new to the federal arena. Of this residue, however, several have achieved prominence in the provincial field. The Hon. J. A. MacDonald, Minister of Public Works in the present Conservative Government, is opposing J. J. Johnston, of Prince Edward Island, member of a former Liberal Government, in the constituency of Kings, P.E.I. In New Brunswick two former premiers, J. K. Fleming and Hon. W. E. Foster, recently taken into the Cabinet as Secretary of State, will contest the election, ex-Premier Fleming in Carleton-Victoria, and the present Secretary of State probably in St. John-Albert.

### The Federal Field

Forke Still Unopposed. Brandon, Oct. 7.—The campaign in Robert Forke's constituency of Brandon is slow in getting under way. So far the Progressive chief is unopposed, and it is certain that the Liberal organization will not put a candidate in the field. The Conservatives are determined to force a contest, and will select a candidate before October 22nd, although no convention date has been announced. The Conservatives will probably select their candidate from Brandon city. Meanwhile, Mr. Forke's supporters are moving slowly and without opposition.

Saskatchewan Fight. Regina, Oct. 7.—To-day there are 17 Liberals, 19 Conservatives and 21 Progressives nominated to contest the 21 Saskatchewan constituencies in the Dominion elections. Of the Progressive nominees, thirteen were members of the old House of Commons, one Liberal, Hon. W. R. Motherwell, was a member and none of the Conservatives. Of the Liberal nominees other than Mr. Motherwell, four have been members of the Saskatchewan Legislature. None of the Conservative nominees have had previous parliamentary experience.

Meighen Is Indisposed. Vancouver, Oct. 7.—Batting courageously against an attack of neuritis which interferes seriously with his rest, Rt. Hon. Arthur Meighen arrived in Vancouver yesterday morning. Owing to Mr. Meighen's indisposition, he did not board the speed boat which was waiting to convey him to Vancouver Island, but stayed in his car until the regular boat for Nanaimo left at 10 a.m. No steps have been taken to disarrange to-day's meetings on the mainland. The Conservative leader is billed to speak three times, in North Vancouver at noon, in New Westminster at 2.30 and in Vancouver at 8 p.m.

Three-Cornered Fights. Ottawa, Oct. 7.—There will be three-cornered contests in at least three constituencies in eastern Ontario, according to present indications. J. W. Kennedy, Progressive, member for Stormont-Glengarry in the last House, is defending the new constituency of Glengarry against A. J. Macdonald, Liberal, and Angus McGillis, Conservative, Gordon C. Edwards, Liberal, Augustus, Independent Liberal, and D. C. Merkle, Conservative, are contesting Russell County. In the new constituency of Stormont A. W. McIntyre and G. I. Gogo, K.C., are both styled "straight Liberal" candidates, the Conservative nominee being Dr. C. J. Hamilton.

In the sixteen constituencies in eastern Ontario, eleven members of the last Parliament have been re-nominated.

### Makes Plea For Western Support

Premier King Says the West Represents Canada's Great Basic Industry.

North Battleford, Sask., Oct. 7.—Urgently pleading for Liberal support from the west, Premier King last night again pressed his cause in Saskatchewan.

"I hold out my hand in fellowship from the east," he exclaimed, "and I ask you to clasp it. I plead with you for a larger voice from the west in the Government of our Dominion, because I want to see a United Canada."

The government needed western support, he said, because the west represented more distinctly than any part of the Dominion the great basic industry of agriculture.

### DEVELOPING AIRPLANE.

In the Henry Ford Laboratory for Common Use. Detroit, Mich., Oct. 7.—Henry Ford to-day described the work being done in his laboratory toward developing an airplane for common use. His laboratories at Dearborn, Mr. Ford said, are already developing a motor for this type of airplane. It will be an eight-cylinder, air-cooled, X-type motor developing 200 horsepower. It will have, he said, all of the economical characteristics of automobile motors.

Carry Out Beck's Appeal. London, Oct. 7.—Sir Adam Beck's deathbed appeal to the people of Ontario to raise an endowment fund for the Queen Alexandra Sanatorium here is about to be fully and satisfactorily answered. Steps have been taken to insure that the tuberculous patient shall ever be turned from its door owing to inability to pay for treatment.

### WOULD NEVER LINK UP WITH SOVIET LABOR

American Federation's Stand Announced by President Green.

### THE RUSSIAN METHOD

Of Overthrowing Government Does Not Appeal to the American Labor Leaders.

Atlantic City, N.J., Oct. 7.—Amid scenes of great enthusiasm, president William Green of the American Federation of Labor, this afternoon announced that American Labor would never affiliate with the Russian Labor movement that stands for the philosophy of overthrowing government.

His statement was made in response to the hope expressed earlier by Arthur A. Purcell, member of the British Parliament, that America would establish close relations with the Russian Labor movement.

Won't Recognize Accord. Rome, Oct. 7.—The General Confederation of Labor, a Socialist organization, yesterday adopted a resolution refusing to recognize the accord announced between the General Confederation of Industry and the Confederation of Fascist Labor Unions, hailed as the most revolutionary step in the treatment of Labor problems in Italy in this generation.

Toronto, Oct. 7.—Mrs. Kathleen Cunningham and her daughter were found dead in their apartment on Sherbourne street this morning when neighbors, becoming alarmed at their non-appearance, broke into their rooms. Death was evidently caused by gas escaping from a tube from a gas stove, which was found disconnected. The two lived alone in the apartment, which was of two rooms.

Paris, Oct. 7.—Warning that the French Government may use the second Morgan loan of \$100,000,000 to halt speculation in France was issued today from the ministry of finance. The fall of the franc, the ministry's statement says, is due entirely to speculation.

Peking, Oct. 7.—A mandate has been issued ordering the arrest of several politicians in the province of Chi-Li, who are alleged to have been urging General Wu-Pei-Fu to return to Honan and renew civil war. It is believed here that the arrests are likely to ensure peace for several months.

### Germans Trying To Split Allies

They Are Endeavoring to Make Separate Treaties on the Equality Basis.

Locarno, Oct. 7.—The Germans leaped into the work of the Locarno conference in a manner showing they intend to make the fullest use of their rights as equals in negotiations and within thirty-six hours after the opening of the session, it has become plain the Berlin delegates will fight to remove the proposed Rhineland treaty as far away as possible from the results of their defeat in the world war as embodied in the Treaty of Versailles.

### An Immense New Yield of Gold

Foreshadowed by Discovery of Long-Lost Main Reef on Randfontein Estate.

London, Oct. 7.—The possibility of an immense new yield of gold in the Transvaal region of South Africa seems foreshadowed in a report received here saying that the "long lost main reef" on the Randfontein estate has just been discovered by an English company.

The Randfontein main reef ends abruptly at what is known as the Witpoortje fault, due to some geological break in strata. Numerous costly attempts have been made from time to time to find the continuation of the reef but with success. It is said that the reef has been discovered at a depth of from 500 to 900 feet, and that it can easily be worked.

It is expected that upwards of one thousand Nobles of the Ancient, Arabic Order of the Nobles of the Mystic Shrine will be in Kingston on Monday to take part in the fall ceremonial, the first of its kind to be held in Kingston.
