KINGSTON, CANADA

**John M. Campbell Chosen President
Of the Kingston Health Association**

**A Vote of Appreciation of Dr. J. C. Connell's Work Passed—
Ladies' Guild Assisting Materially—Report of
the Medical Superintendent.**

Mr. J. M. Campbell was elected president of the Kingston Health Association at the annual meeting held in the Board of Trade rooms on Wednesday afternoon. Those present were: Dr. J. C. Connell, J. M. Campbell, Dr. Bruce Hopkins, superintendent of Mowat Sanatorium, Dr. E. Ryan, Dr. W. T. Connell, Dr. G. W. Mylks, Messrs. J. G. Elliott, J. Halliday, Dr. G. W. Mylks, H. C. Nickle, A. H. Fair, Ald. P. Chown and W. Rupert Davies.

The business of the monthly meeting was speedily despatched. Dr. Hopkins reported that there was no definite understanding with regard to the diagnostic chest clinic, which he was conducting at Brockville and Pembroke under the auspices of the Provincial Board of Health, the Canadian Tuberculosis Association and the Canadian Red Cross. The doctor was authorized to carry on with these monthly until a definite arrangement was arrived at.

Mr. Campbell reported that the coal supply had been arranged for and that it had practically all been delivered. The X-ray machine had been put in good order.

The matter of securing the Balden house, which is situated just at the main entrance to Mowat Hospital, for a residence for the assistant medical officer, was reported on by the committee, who had visited the house. The matter was referred to the executive to deal with.

The statement for September showed an operating deficit of \$387.71. This is the first deficit since the Mowat Hospital was taken over by the Kingston Health Association, and was partly due to the fact that all repairs had been charged against operating expenses. The accounts for the month were ordered paid. It was decided that the tenders received for basic supplies should be referred to the Board to report on.

Annual Meeting.

The business of the regular monthly meeting over, Dr. J. C. Connell relinquished the chair to Dr. Ryan, who presided during the annual meeting. Dr. Connell, the retiring chairman, although he had no detailed, written report, gave a very lucid resume of the year's work. He was much concerned, he said, over the present conditions at the hospital. There was no agreement with the Department of Soldiers' Civil Re-establishment; relations with the Ontario Government were uncertain; and the number of patients was decreasing. The association hoped to get a guarantee from the D.S.C.R. for the coming year of a definite number of patients. If the guarantee was seventy-five, they would be able to carry on. Sixty civilian patients had been treated last year and it was for the purpose of treating civilians that the hospital was originally built, but the institution had been enlarged during war times until it was now far beyond the needs of the local situation. If the D.S.C.R. patients disappeared altogether, a complete reorganization would be necessary, declared Dr. Connell. An effort had been made, said the speaker, to get in touch with the minister in charge of Soldiers' Civil Re-establishment, but so far it had not been successful. He expressed pleasure at the large number of members present, but deplored the fact that this had not been the case at many of the other meetings held. The work was important, he said, and more members of the Board should take an active interest.

Report for the Year.

The superintendent of Mowat Hospital gave a report for the year just concluded which showed that 277 patients had been treated; 176 admitted during the year; 137 discharged; and 22 had died. The average number of patients per day in the institution during the year had been 112. Reductions in the staff had resulted in a saving of over \$8,000 in salaries. The average number of patients attended by one nurse was eleven. Repairs and maintenance amounted to \$10,000 during the year and coal had cost \$7,829.55. The D.S.C.R. chest clinic at the hospital had treated 165 patients.

Dr. Hopkins referred to the Ladies' Guild, which had been formed to assist the Health Association, and to the splendid work which it was doing. He also asked that a vote of thanks be tendered to the kindred organizations which had done much to make things pleasant for the patients.

It was moved by Dr. Connell and seconded by Mr. Nickle that the report be referred to the executive.

New Officers.

Mr. P. DuMoulin presented the report of the nominating committee which was as follows: President, J. M. Campbell; vice-president, Dr. J. C. Connell; secretary, Dr. Bruce Hopkins; treasurer, P. DuMoulin; executive, Dr. W. T. Connell, J. G. Elliott, Dr. E. Ryan; auditor, R. E. Burns; solicitor, J. M. Farrell.

Dr. Ryan took the opportunity of formally welcoming Mr. W. R. Davies to the city of Kingston and particularly to the membership of the Kingston Health Association.

Mr. Campbell, in thanking the association for the honor bestowed on him, said that he had a great deal of diffidence in accepting the position of president of the Kingston Health Association, and had only consented to act on condition that Dr. J. C. Connell would still take an active part in directing the affairs of the association.

Dr. Connell, in replying, said that Mr. Campbell had really done all the work during the past year and should have had the honor of being president.

A vote of appreciation of the work done by Dr. Connell was passed by the Board, as well as a vote of thanks to the various organizations who had assisted in making the lives of the patients happier.

CONCERT AT MOWAT.

Splendid Programme Presented On Wednesday Night.

A programme of exceptional merit was given Wednesday night under the direction of Mr. W. R. Allan of the Y.M.C.A. to the boys of the Mowat Sanatorium. Mrs. J. Leonard Jerome had charge of the programme which was splendidly given by every member. Mr. George Smith, Kingston's popular humorist, very capably acted as chairman, and also contributed several Chinese songs, and readings which were thoroughly enjoyed. Dainty little Sybil Hambrook of the Florence Hudson School of Dancing did a ballet dance most delightfully and was heartily encored. Mr. Wilfred Ehnman of Queen's played a Greig Classic which was a number of exceptional delight to the audience. Miss Marjorie Lyons a clever reciter and Miss E. Circle completed one of the finest programmes of the season.

Important Mining Discovery.

Messrs. R. E. McIntyre and H. S. Tugden are in town and are stopping at the Chateau Belvidere. They are here to meet a number of gentlemen who are interested in recent developments in connection with the Fluke Gold Mines, about which an advertisement appears in this issue.

Another important find has been made on the Pelletier Lake group of the Fluke Gold Mines adjacent to the big dyke which runs across this property and traced for over one quarter of a mile and blasting through the capping has disclosed a large body of free-milling ore, plentifully peppered with free gold. It has a width of thirty feet, and is regarded in the camp as one of the most important discoveries to date.

Messrs. McIntyre and Tugden will be pleased to confer with any who are interested in this exceptionally valuable proposition.

Post Office Progress.

The Post Office Department, by the authority of the Postmaster-General, has issued an attractive pamphlet entitled "Post Office Progress." A perusal of it is worth the while of anyone as it gives a very comprehensive synopsis of the improvements made in the postal service during the last two decades. Among the innovations mentioned are the inauguration of the rural mail service in 1903, the

Story of the Police Court

If a woman has a plate in her hand ready to throw it at a man, should the man protect himself by laying hands on the woman?

Answer: No. In the police court on Thursday morning, Magistrate Farrell imposed a fine of \$15 and costs upon a man who was charged with assaulting a young woman. The accused pointed out to the court that he was merely protecting himself, but the court did not see it that way.

The affair happened in a downtown restaurant the other day, and four waitresses were summoned as witnesses in the case.

The young woman who laid the charge, stated that she was in the pantry, when the accused choked her and bumped her head against one of the shelves in the pantry. One of the witnesses declared that the girl was almost black in the face as a result of the encounter.

The accused said that the young woman had a plate in her hand and was threatening to throw it at him, and this caused him to take matters in his own hands.

After listening to all the evidence in the case, the magistrate imposed a fine of \$15 and costs, with the option of one month in jail. The fine was paid.

A drunk was fined \$10 and costs.

OBITUARY

Late Mrs. M. J. Fraser.

The death occurred in Chicago on Tuesday night, of a former well-known resident of Kingston, in the person of Mrs. M. J. Fraser, and the news of her passing will be received with sincere regret by a wide circle of friends in this city. Deceased, who had been living in Chicago for the past two years, had been in ill-health for some time.

The late Mrs. Fraser was the second daughter of the late W. R. McRae, her husband being Mr. M. J. Fraser, formerly of Montreal, who died about five years ago. One brother and sister, Ernest and Jessie, reside in Toronto, and two brothers, David and Allen, in Chicago. The remains were brought to Kingston on Thursday afternoon, interment taking place at Cataract cemetery.

St. Andrew's Society.

A meeting of the executive of St. Andrew's Society was held on Wednesday afternoon, to make arrangements for the celebration on St. Andrew's Day, November 30th. The question to be decided upon is as to whether the society will hold a ball or a banquet. It is understood that many of the members are in favor of holding a ball. The matter was left to a committee, and a report will be received at the annual meeting of the society to be held on November 5th.

Principal Taylor will preach in Queen street Methodist church next Sunday morning. You will be heartily welcomed.

AT 78 YEARS OF AGE.

A. Gallagher, Portland, Had Flight in Seaplane.

Portland, Oct. 14.—The cottages are all closed for the season. Mr. Edwards, Mrs. Edwards and daughter, Miss Edna, who spent the weekend here have returned home. A. Gallagher went for a trip to Newboro and back in a seaplane. Mr. Gallagher was seventy-three years old the next day. Mr. Gallagher enjoyed the trip. He was three thousand five hundred feet in the air.

Mrs. Anna Dowslett and daughter, Miss Olive, Kenora, arrived last night to visit friends here. Mrs. Dowslett is a sister of Mr. Heath and of Mrs. Stephen Chipman. Mrs. Martha Lyons is visiting friends in Newboro and Westport at present.

Miss Hattie Dosevan, who was in Brockville last week, has returned home. Mrs. Richard Morris and daughter, Mrs. Len Chapman, who were visiting in Syracuse, N.Y., returned home on Tuesday.

Mr. and Mrs. Sly spent the weekend in Brockville visiting their daughter, Mrs. Amund. S. Ripley and sister, were calling on friends in the village on Sunday.
