**Montreal.**

**Montreal, Oct. 20.**—Owing to the increased offerings of cattle and the poorer quality an easier feeling prevailed in the market, and prices for steers and heifers declined 25c per 100 lbs., while, on the other hand, cows were stronger and sold 25c to 50c per 100 lbs. higher than a week ago. There was some demand from exporters for supplies to complete shipments with, and the best steers sold at \$7 per 100 lbs., and some good quality cows \$5.25 to \$5.50 per 100 lbs., while the best heifers were picked at \$6 per 100 lbs. The trade in butchers' cattle was rather slow, and the top prices paid for steers were \$6.50 to \$6.75 per 100 lbs., while medium grades realized \$5.75 to \$6, and common \$4 to \$5. The best heifers sold at \$5.25 to \$5.75 per 100 lbs., medium at \$4.50 to \$5, and common at \$3.50 to \$4.25, with good cows at \$4.50 to \$5, canning cattle at \$2 and cutters at \$2.50 to \$3 per 100 lbs.

A weaker feeling developed in the market for lambs, and prices declined 25c to 50c per 100 lbs., which was attributed to the very large supplies available, as compared with a week ago. At the lower level of the market there was a good demand from local buyers and for shipment to the United States, with the result an active trade was done, and sales of good quality lots were made at \$11.50 per 100 lbs., straight carloads of fair quality at \$11 to \$11.25, and the common lots at \$10.50 to \$10.75. The tone of the market for sheep was steady at \$4 to \$6.25 per 100 lbs. as to quality.

There was no change in the condition of the market for calves. The offerings were larger than a week ago, but this bearish factor was offset by the good demand, and prices ruled steady with an active trade. Sales of the best lots of milk-fed stock were made at \$11 per 100 lbs., medium lots at \$9 to \$10, and common at \$6.50 to \$8.50, while grass-fed lots sold at \$4.50 to \$6.50 per 100 lbs.

In sympathy with the lower cable advices on Canadian bacon and the increased offerings of hogs, as compared with a week ago a weaker feeling developed in the market, and prices ruled 50c per 100 lbs. lower with sales of selected lots at \$13 per 100 lbs., mixed lots of good average quality at \$12.50, and sows at \$11 to \$11.25 fed and watered.

*"Why I Should Vote Conservative"*  
**Who Benefits By Protection?**

The Ontario Farmer—80% of whose produce is sold in Canada.

The workers in Canadian factories.

The storekeepers in Canada who sell to the workers.

The railway and steamship employees, who serve the Canadian factories.

The commercial travellers, bookkeepers, clerks, stenographers, retail salesmen, and all who help to sell.

The doctors, engineers, lawyers, clergymen, architects, teachers, dentists, builders, insurance men, laundry men, etc., who work for the workers.

The bankers, brokers, and bond dealers, who help to finance Canadian industries.

In plain English—everybody.
