"I know exactly what is the matter with you, Jack. You have lost confidence." "YOU were getting along fine until you had that nervous breakdown, but since then you have been worried and anxious. "Now you have got discouraged and down-hearted, and it is no wonder you cannot make sales. "The salesman must have lots of energy and vigor as well as confidence in himself and what he has to sell. "But you cannot have confidence in anything so long as your nerves are weak and you spend the nights worrying instead of getting good, refreshing sleep. "Take my advice, boy, and go straight to the drug store and get half a dozen boxes of Dr. Chase's Nerve Food. Then make up your mind that while you are using this you will get out into the fresh air all you can and forget to worry. "Now, you may feel pessimistic after all the treatments you have been taking, but I know what I am talking about. "My nerves were in a worse condition than yours ever were. I could scarcely get a wink of sleep, and did not care whether I got anything to eat or not. "Besides, I got so irritable and down-hearted that nothing seemed to go right.
