THREE SQUADS GOING STRONG

Queen's Seconds Ready for McGill on Friday—Seniors at Top of Form.

Queen's seniors held another workout at the Richardson Stadium, Wednesday afternoon, in preparation for their exhibition game with M.A.A.A. here Saturday afternoon.

Carl Voss showed exceptionally fine form, breaking away for long runs that pleased the railbirds immensely. Athletic Director Hughes had charge of the seniors while "Red" McKelvey tutored the seconds and handed out some valuable tips.

Before the seniors' practice, Athletic Director Hughes took the juniors in hand and for over an hour played them against the intermediates. Both teams showed great strength and it was the opinion of spectators that they should both come through with flying colors in their games to come.

The teams were scheduled for another practice this afternoon and tomorrow the intermediates will tackle the hard fighting Red and White seconds of McGill. The practice this afternoon is the last for the three teams before their games this week.

GEORGE AWREY SEES TITLE FOR QUEEN'S

Has Seen Them All and Calls Tricolor to Come Through—Mud Held Tigers, He Says.

George P. Awrey, former coach at Queen's and now handling the Camp Borden O.R.F.U. team says of the Tiger-Ottawa game at Hamilton last Saturday:

Mud and Tubman were the cause of Hamilton being held to a tie score on Saturday. The chubby little half-back from Ottawa played one of the greatest games of his career.

Our backs, although they ran back kicks splendidly, could not get their

big ground-gainer—the end run—going.

The Ottawa wing line was a disappointment. After reading in the newspapers of their smashing assaults, I found that they were very tame and were outplayed all through the game by the Tiger line.

Elford and Baker were the big ground-gainers for Hamilton, with "Gear" having one of his good days. Langway also showed that he is ready for senior company and, although Brian Timmis played a good game at rover, I still feel that he would be of more use to the Tigers on the line.

It may have been on account of the bad weather, but Ottawa did not show the expected trick plays which Dave McCann may have up his sleeve.

It will be a "tough" game in Ottawa and my suggestion would be to have one man watch Tubman all through the game, as all of the plays seem to be centred around this half-back.

After having seen all the teams in the Interprovincial and O.R.F.U. play, I feel that Queen's will have no trouble retaining her Dominion championship.

ABOUT THOSE SIGNALS.

Frank Shaughnessy's Team the Only One Using Conference Signals Steadily.

The Toronto Globe, in an article, says in part:

"Big Four games this season have not been as interesting as in the past, and this, despite the fact that the teams were well matched. They interpreted the rules very strictly, and were within their rights, but every team in the Union had objections to make.

"Coach Shaughnessy" of McGill is using the conference system on all plays. It is not expected that this will make a bit with Canadian fans. It is slower even than calling signals. Incidentally much has been said about delays caused by calling signals. If there is any other better way to let all the players know what attack is to be used, the men in charge of the teams would like nothing better than to hear about it.

"It can be done, of course. It is possible to go through a series of plays without calling any signal, but few coaches would care to try the experiment under the conditions that exist as present in Canadian football."

OTTAWAS ARE WORKING HARD FOR THEIR GAME SATURDAY.

Ottawa, Nov. 12.—Under ideal weather conditions, Ottawa Senators are practising hard for their game on Saturday with Tigers. The team is in great shape, having come through the game in Hamilton with no serious casualties. Those who were banged around a bit have had the soreness rubbed out and are again ready for hard work.

No hopes are being entertained of any sort of a soft game here against the Tigers. The linemen are hard at work remedying faults that stood out in Tigertown and, with any kind of a solid field, it may be a different tale when the front ranks lock horns here.

Ottawas had figured Tigers' strength on the backfield and they were not far out in their calculations. Gibb, Quinn, Walker and Langway all gave them heaps of trouble and a dry field will be a de-

FROM THE OUTSIDE LOOKING IN

Now there is another one of those periodical announcements from the Canadian Soo, to the effect that the Soo hockey team "will" play in the Canal Town this season, and not in New York, but they will not operate this season under the guidance of Coach George McNamara, who has become a resident of Toronto.

Hamilton fans are only asking that the Ottawas forget the "rough stuff" they have been charged with by Argos and McGill. If they play clean football, Tigers' youngsters should give them a real battle. Strict officiating is needed in the capital.—Hamilton Herald.

If Tigers can defeat Ottawa in Ottawa they will deserve all the praise possible. Some really great Tiger teams have gone down to defeat in Bytown with not a great deal at stake, and with the championship hanging in the balance those Senators will be anything but hospitable hosts.—Hamilton Herald.

Not in many years has so much local interest in the Big Four race been displayed as this season. The fortunes of the different teams have been followed closely and the interest in the outcome of the fracas at Ottawa Saturday is very high. Many local fans are motoring to Ottawa on Friday afternoon to see the Tiger-Ottawa game in the capital, and, incidentally, to make comparisons for the purpose of settling in their own minds whether the Big Four champions have any chance against Queen's or not in the finals. It should be a great old tussle in Ottawa and the result will be eagerly awaited here.

NO OFFICERS YET TO TAKE CHARGE

Messrs. Noble Steacy and H. C. Nickle Declined Presidency of C.O.B.L. Club.

A meeting of the executive of the Kingston C.O.B.L. Baseball Club was held in the Board of Trade rooms, Wednesday night, for the purpose of electing the officers. Both Mr. Noble Steacy and Mr. H. C. Nickle were nominated as president for the ensuing year but declined the honor and it was decided to hold another meeting in about two weeks time.

Looking Forward to a Big C.O.B.L. Season

Says the Belleville Ontario: "It is a far cry to the 24th of May when the sound of bat meeting ball comes again in this section of the country but the hot-stove league experts are figuring out the different chances of the teams composing this league in particular. In the Inter-County league in Western Ontario there is a hard and fast rule that no team of that league shall take players away from another team in the same group and it is a fine rule, but down here they grab where the picking is the best. Oshawa has suffered the most by the excursionists for their star southpaw, Duke Dainty, has shaken the dust of the Motor Town from his feet and will for the next year, at least, look over the splendid buildings of stone that they have in Kingston. Lennox, his stable mate, and a pitcher of note, will take lessons this winter on how the Lift Lock is manipulated in Peterboro. Al Tyson will journey to Gait and learn the ways of the clanship Scot in that burg. What has Belleville been doing to keep pace with all this moving about? True, they have not matched any away from the other entrants in the League but are they going afield to gather a team that will, at least, give the other fellows a battle? It is stated on good authority that John Ouellet, of Fenelon Falls, will again sling them over the platter and that he will have real good help. Vernon Weir and Walter Gerow were noticed in the personal columns of a paper as going to the States for a holiday and there is wonder what is going on. There are some fine players there, it is stated. Peterboro will be very strong and Kingston will have a much better team than last year with the inclusion of Bubs Britton, who performed most creditably for St. Andrew's in the Hampden Park group. It is freely predicted down in the Limestone City that Mosey Compeau will apply for reinstatement and if he is allowed to come back in the amateur fold they will have one of the finest infielders in amateur ball. Oshawa's so far is a minus quantity but they are not saying so much as in former years and they will likely go to the past with a strong lineup and a roster that will show many new faces. From this angle the Central Ontario League is in for one of its best years and rightly so, for has not the C.O.B.L. championship to be protected which the Ponies so ably won from the Osiers last fall."

Too many people think opportunity means a chance to get money without earning it.

HOCKEY AT WINDSOR.

Windsor's magnificent new artificial ice arena will have seating accommodation for 10,000 spectators, and the playing surface is fully up to Ontario Hockey Association requirements, being 180 x 80 feet. The refrigeration plant is the most modern equipment that is to be had. Hockey is expected to experience a tremendous slip in Windsor. Walkerville, Sandwich, Ford and neighboring communities grouped under the head of the Border Cities. Other teams than those of Windsor will use the big new hockey stadium. At Windsor's very door is Detroit, a few minutes away by ferry boat and tunnel, with a population exceeding one million. Detroit is ready for hockey, although the popularity of the game there at the moment is not as great as it was years ago, when the city was represented by a strong independent team, composed exclusively of Canucks. Windsor expects to have a senior team in the O.H.A. race, as well as intermediate and junior sections. There are now more artificial ice rinks in the O.H.A. than in any other hockey league anywhere.

THE MORE YOU LEAN ON SOMEBODY ELSE THE LEANER YOUR CHANCE FOR SUCCESS.

A WARNING.

Toronto, Nov. 12.—The O.H.A. Advisory Board, composed of the presidents, will hold a meeting at the Telegram Building on Friday, the same night the O.H.A. executive committee meets to consider players' applications for change of residence and clubs. Immediate Past President W. A. Fry, of Dunnville, is chairman of the Advisory Board.

Clubs intending to enter teams in the O.H.A. this Winter should send in fees as soon as possible. Certificates will not be issued until fees are paid. Amateur cards must accompany certificates when they are returned to the O.H.A.

Semi-ready TAILORING. Swagger and durable overcoats, in many shades and patterns... ulsters that defy wind and weather, correct for every outdoor occasion... subdued tones in brown, navy and black for winter days... stylish coats built for smart evening wear... all tailored with infinite pains and consummate skill. A Semi-ready coat will see you through many seasons and, like all finely modeled garments made from splendid fabrics, will maintain throughout the lines of perfect tailoring. These at prices extremely pleasant to remember. Custom made-to-measure service on four day delivery schedule or wide choice in Semi-ready tailored suits altered for you at one fitting. Geo. Van Horne 213 Princess St. Phone 362w
