St. Lawrence No. 8 (A)-293 New Members Had Charge Kiwanian Tambiyn Gave Interesting Talk. St. Lawrence) No. 9 (A)-380

There was plenty of life and pep St. Lawrence No. 9 (B) -380 Barat the meeting of the Kiwanis Club at the Frontegac Hotel on Monday. Cataraqui No. 10-7 Rideau The meeting was in charge of the new members of the club, who were ranged at the head table. Kiwanian "Tad" Herrington was chairman, Cataragui No. 12-255 Montreal and carried the meeting along in splendid style.

Kiwanians Ernie Smithies was the life of the gathering and caused one laugh after another by his wit and repartee with the chairman. Despite Frontenac No. 15 (A)-75 pine the fact that he was fined every time he opened his mouth, he kept going and enriched the coffers of the club to no small extent. Others were freely fined by the acting chairman, chiefly for interruptions and lack of appreciation of the singing of the new members, who insisted upon inflicting their songs on the rest of the gathering.

The booster for the day was Roy Arthey, and he had the members at the head table provided with glasses during the luncheon. The winner of the boost was Kiwanian "Marky" Oberndorffer, who was presented with a barometer.

It was announced that a farmers' night would be held shortly, and every member was requested to have a farmer friend on hand as a guest. It was announced that at the meeting of the executive held recently that the sum of \$25 had been set aside for the share of the Kiwanis Club towards providing pictures for Victoria No. 23-Booth's coal the patients at the Mowat Sanator-

> A communication was received from Kiwanian Wallie Cusick announcing that he would offer a shield for a bowling competition between the Kiwaniqueens and the Rotary Anns. This series is expected to prove very interesting.

> > Veterinary Speaks.

The speaker at yesterday's meetwheat-No. 1 northern, \$1.44 1-2 c.ing was Kiwanian Dave Tamblyn, a i.f., bay ports; No. 2, \$1.41; No. 3, recently elected member, who gave a very interesting address to the meet-Manitobs oats-No. 1 feed, c.i.f., ing on "The Veterinary Profession 48 3-4c, bay ports; No. 3, C.W., and Its Activities." Kiwanian Tamblyn traced the history of the vet-American corn-No. 2 yellow, erinary service, pointing out that \$1.01 1-4, track, Toronto, prompt colleges had been started in connection with the work at McGill and to University of Toronto and the importance of the work had reached Oats-Ontario No. 3 white, 38c to enormous proportions. He told of the system in force with regard to Millfeed-Bran, \$28 per ton; checking up and controlling diseases shorts, \$30; middlings, \$36 per among horses and cattle and pointed out that there were quarantine stations along the boundary line where cattle and horses coming into the country were thoroughly inspected and stamped before coming into the country. Animals reacting to these tests were turned back and T.B. caten; in bags, Toronto, \$5.90, in bulk, the were stamped as such.

The speaker pointed out what had been done with regard to stamping out disease among hogs, pointing out that the old system of feeding all sorts of garbage from hotels, large boarding houses, etc., to hogs had been done away with and the disease among hogs had decreased to a great extent. The speaker told of his trip to Saskatchewan, where he had been on an inspection tour. The compensations to farmers for their losses \$1.32 1-4 per bushel, ex-store, Fort of cattle and horses destroyed be-William. Ontario and Quebec No. 2 cause of disease had reached the white oats 52 1-2c, No. 3 white 51c, sum of \$90,000, but in five years the and No. 4 white 49c per bushel, ex- diseases were practically stamped track, No. 3 Canadian western were out and the compensations were quoted at 57c, No. 1 feed at 53c, and greatly reduced.

No. 2 feed at 51c per bushel, ex-The speaker told of the research store. American No. 3 yellow corn in laboratory at Ottawa, where vaccines 4 were manufactured and research was carried on in connection with diseases among cattle and horses, and he declared that much good had re-Winnipeg, Nov. 17 .- Wheat-No. sulted from the establishment of this northern, \$1.38 3-4; No. 2 north- laboratory.

ern, \$1.35 1-4; No. 3 northern, Taking up the question of horses, \$1.32 1-4; No. 4, \$1.26 1-4; No. 5, the speaker declared that the tractor was being discarded in the west and the farmer was returning to the use of the horse. Breeding had been affected by the coming of the motor and unless something were done, the east would have to turn to the west for their supply.

The war could not have been won without the horse, the speaker stated, and he showed that to March, 1918, the British forces had used 1,000,000 horses. Of these 58,300 were killed and 79,000 were wounded. Over 725,216 had passed

through the veterinary hospitals. The thanks of the club was tendered to Kiwanian Tamblyn for his address by the chairman. Dr. Austin, in speaking to the address, pointed out the great care that was taken for the health of animals and declared that it was amazing what was being done, while the humans sadly neglected this important point about themselves, particularly in immigrants coming into the coun-
