### THE FLAPPER OF 1926—HERE SHE IS

The Flapper of 1926, according to specifications laid down by Ernie Young, Chicago theatrical producer.

Chicago, Nov. 26.—Miss 1926 will be an appreciated creature! She will be typically a flapper and everything about her will be shorter, from hair to skirts.

Only her complexion will be much different from her 1925 sister. It will be ghastly white. Miss 1926 will endeavor by every cosmetic means to resemble, as closely as possible, a spook.

At least these various qualities have been attributed to the "New Year Girl," by the prophecy of Ernie Young, famous theatrical producer of this city. Ernie is the Flo Ziegfeld of the middle west and way points.

For twenty-five years he has been hiring upward of 10,000 ladies every year to perform behind his footlights in a dozen different cities. This experience amply qualifies him to speak with authority on things pertaining to the fair sex, he believes.

Ernie's predictions about the coming girl for the next year have always come true. He never once has missed. And here's what he says Miss 1926 will be like:

She will weigh between 115 and 120 pounds.

She will be about five feet four inches tall.

She will affect the face of a corpse. It will be painted a ghastly white with carmine smears across the lips.

Her hair will be predominantly hennaed or blond. Few brunets will be seen.

She will balance with dexterity a cigaret holder no less than 10 inches long between her teeth.

She will use kiss-proof rouge at evening.

Her costume will be of the eight-ounce variety and will affect the pattern of vertical-striped silk.

Her dress will be loose and drape itself from her figure showing minute outlines.

Her compact case will vanish to be replaced by the calomine canteen (gallon size).

She will wear a strictly military watch.

Her jewelry will consist of crockery (immense glass beads) and three enormous finger rings (glass also).

She will wear the smallest chapeau that her milliner can turn out. It will be of some vivid color.

She will own an extra pair of stockings (flesh color).

And her dresses will be four inches shorter than they were during 1925.

"And, oh, yes," says Ernie, "I forgot to add that she will once more roll 'em—stocking, I mean, not fags."

"And her hair will remain bobbed. And she will start going in for hair tonics and other lotions that are said to prevent baldness."

"Altogether she will be very enjoyable and cute and we will love her more than ever."

"She is Miss 1926. And her slogan will be more freedom and less clothes. And I for one say, let 'er have 'em."

**MAKES AN APPEAL.**

For the Toronto Hospital for Sick Children.

Mr. Irving E. Robertson, chairman of the appeal committee of the Hospital for Sick Children, Toronto, writes to the Whig as follows:

"This is the fiftieth year—the semi-centennial of the Hospital for Sick Children. It is the golden anniversary of an institution which started out in 1875 with a six-bed equipment to cure children medically of their illnesses and to rid them surgically of their disabilities. Fifty years have passed and the tiny hospital has grown into one of the greatest institutions of its kind in the whole world.

The people of this province demanded this service—and they have

made it possible by their Christmas time gifts. They are rewarded by the knowledge that thousands of Ontario children will grow up into manhood or womanhood blessing the "little blue coats" wherein they were restored and strengthened to play a full part in the battle of life.

To win back health for six thousand boys and girls was the measure of the hospital's ward-service alone this year. Besides that there were over half a hundred thousand attendances in the out-patient department, where the less serious cases are treated. All this costs a great deal of money, even though the doctors give freely of their skill and the nurses of their care. There is board and lodging and laundry to be provided, besides the heat that can be procured in the way of all the medical and surgical supplies required to treat the myriad ailments and accidents to which children are subject.

In order to maintain its high standard of efficiency and also to widen the scope of its service through clinics conducted all over Ontario, the hospital is compelled to borrow heavily during the year. On the occasion of its fiftieth Christmas an appeal is made to the public for the funds which will allow the Hospital for Sick Children to enter upon its second half-century of service with its courage renewed by a credit balance in the bank.

It is indeed a noble cause which I feel sure you will cordially commend to your readers.

**Canadian and U.S. Cheese.**

Why does Canadian cheese command a higher price in the United States than the home production? It is an American writer that puts the question. He seeks to imply that it is not as might be supposed on account of transportation expenses but because of its greater uniformity and soundness. To Canadians this is pleasant news and a sure encouragement to maintain quality so that the demand by consumers may increase despite the

slightly higher price. After all people will always pay for quality, especially sustained quality. The writer of the article was in a Pullman dining car when he propounded the question and the reply of the waiter was that many travellers prefer Canadian cheese even at slightly higher price "not because it is always better but because it usually is". This seems to imply that it is more dependable. It is a fair instance of what ensues from persistent effort to produce something better than the other fellow and to meet the demand, not only of the general market, but also of the consumer, the satisfaction of the latter being after all the real key to the situation.

### LONDON'S BUSINESS PLACES ARE CLOSED

**During Funeral of the Queen—Service Held in Toronto Churches.**

London, Nov. 27.—All of London's exchanges, stores and business houses were closed for an hour today during the funeral services of Queen Alexandra. Cotton trading on the Liverpool Exchange was suspended for a like period. The mourning will be carried out to-night with the darkening of all electric signs in the city, while all theatres, except motion picture houses will be closed. The latter are closing this afternoon. Memorial services were held to-day throughout the empire with a salute of forty guns wherever an English garrison is stationed.

**Toronto's Services.**

Toronto, Nov. 27.—Outstanding in observances in this city of the funeral of the Queen Mother Alexandra in London was the public memorial service in St. James Cathedral. Services were also held at new St. Andrews and St. Simons churches. A salute of forty minutes was fired in Queen's park. Big Ben in the city hall tower tolled from 12.30 to 1 p.m., and a general silence of two minutes duration was observed during the morning.

### POULTRY ASSOCIATION

**Had No Connection With the Recent Poultry Fair.**

The Kingston Poultry Association held a meeting on Thursday night to make arrangements for the poultry show which is to be staged in the month of January. There was a large attendance at the meeting and judging from the enthusiasm displayed by the members, the Association will make this winter's show a greater success than before.

The recent poultry fair was discussed and it was pointed out that the Poultry Association had not been connected with this fair in any way. They had not been consulted and had taken no part in it.

It was announced at the meeting that Richard Oake of London had been secured as judge for the poultry show to be held. The prize lists will be issued shortly.

### DOHERTY RESIGNS LEGISLATURE SEAT

**Says He Feels Bound to Support Meighen Policy on the Tariff.**

Toronto, Nov. 27.—Hon. Manning Doherty, M.P.P. for East Kent, former Minister of Agriculture for Ontario, and leader of the Farmers' group in the Legislature at the 1924 session following the defeat of the Drury Government in June, 1923, is resigning his seat. In a letter to his constituents of East Kent, he states that he has notified Hon. Joseph Thompson, Speaker of the local House, of such action, and explains that he feels that it would not be honest to remain in the Legislature as a Progressive member when he is bound to support the Conservative party in Federal matters, though recognizing that Federal and Provincial issues are not identical.

Hon. Mr. Doherty says he is of opinion that the immediate problems of agriculture are economic rather than political. He considers the most important thing where the farmers is concerned is the co-operative marketing of products. Rt. Hon. Arthur Meighen, he says, has pledged himself if returned to give every assistance towards the establishment of a national co-operative system of marketing of farm products both at home and abroad. As to the tariff board and tariff adjustments, largely coincides with his own views, Mr. Doherty adds.

**Mr. Drury's Statement.**

Toronto, Nov. 27.—Commenting to-day on the action of Manning Doherty, former U.F.O. Minister in resigning his seat in the Ontario Legislature, in order to be free to support the Conservative policy in federal politics, Hon. E. J. Drury, former Premier, said he believed Mr. Doherty was sincere in the course he had adopted. Mr. Doherty, added the former Premier, never supported the anti-protectionist policy of the Progressive platform. His action would in no way affect the farmers' organization on the question of protection.
