What the Press Agents Say About Coming Attractions

HAROLD LLOYD AIMED TO MAKE NEWEST HIS BEST Critics have pointed out that only in comedy has the motion picture achieved a distinct art. While the rest of the industry seems to be progressing slowly, the comedy has developed its own peculiarities—its own way of telling a story—its own way of putting over the ideas and accompanying them with laughs.

SPORT

SKATING FOR "KIDS." Next Saturday morning and every Saturday morning throughout the season will be reserved for the children at the Hartly Arena, it was announced by Mr. J. S. McDonell of the Queen's A. B. of C. to-day. This policy has been carried out for years and has proved very successful.

TORONTO'S COMPLIMENTS. Mr. J. S. McDonell has received a letter from T. A. Reed, secretary of the University of Toronto Board of Control commending Queen's on the splendid sporting spirit displayed by Queen's in their defeat at Ottawa last Saturday.

ROOMS ARE READY. "Senior" Jack Powell, who was elected trainer for the Kingston Hockey Club on Monday, had the Kingston dressing room cleared away to-day and everything was cleaned up to be ready for the first practice of the Kingston squad today.

NEW ROLLS HERE SOON. The new rolls for the electric organ at the arena have not been delivered yet but it is expected that they will be very shortly. They were to have been used for the opening night.

WARMLY GREETED AGAIN. Skaters attending the rink last night were pleased to see Mr. Billas Barnum back on the job as manager again this season. Mr. Barnum handled the rink in a highly capable manner last season, and there is every reason to believe that it will be run just as well this year. Mr. Barnum is very popular with skaters and hockey people in the city and at the university, and they are glad that he is in charge again.

C. P. R. ON DECK. The C.P.R. Hockey League has made all arrangements for their hours of play at the Arena during this winter and there promises to be plenty of excitement in the Canadian Pacific squad this winter.

YEAR TEAMS STAR. The year teams at the College are making arrangements for hours of practice and games and judging from the requests being made to the management, the interest in year hockey at the college will be bigger than ever.

INDOOR BASEBALL. The officers were scheduled to meet C company in a P.W.O.R. indoor baseball fixture at the Armories Tuesday night but the game was postponed. The band defeated B company by a score of 14-9.

HUGHES IS CAPTAIN. Montreal, Dec. 2.—Gordon Hughes will lead the McGill senior inter-collegiate rugby squad in the 1926 campaign of the Red and White. Hughes was elected at a meeting of

PUBLIC MEETING For Election of Officers for 1926. Kingston Amateur Baseball Club BOARD OF TRADE ROOMS Thurs., Dec. 3rd AT 8:30 P.M. ALL WELCOME

the players yesterday to succeed Capt. Newell Philpott, pilot of the team in the season just completed, who graduates in the Spring and leaves McGill rugby after five years of yeoman service.

News In Condensed Form Off the Wires

Howard Clark of London, Ont., was instantly killed when a motor car was struck on a crossing. "Courtesy Day," recently observed by taxi drivers and peddlers, was celebrated in New York yesterday by cigar store robbers who stole \$600. Litigants in an "ownership of cow" case at Chicago slaughtered the animal and served it barbecue fashion to plaintiff, defendant, witnesses and attorneys.

SIXTEEN VESSELS IN PORT FOR WINTER

The steamers Keybell and Sprucebay are the latest vessels to arrive in port to be laid up for the winter, the Keybell having docked on Tuesday afternoon, and the Sprucebay Wednesday morning. Word was received from the Playfair Steamship Company that none of their boats would be quartered here this season.

There are now sixteen large steamers quartered in the harbor for the winter. Eleven of these are at the Causeway, and there are eight more expected within a week. They are the steamers Saskatoon, Darymple, Warton, Cedarton, Birchton and three of the Bay Line.

COAL CONCILIATION STILL POSSIBILITY

Philadelphia, Dec. 2.—Major W. Ingalls, chairman of the anthracite operators' wage committee, does not believe the "door to a resumption of negotiations" has been closed by the action of the mine owners in rejecting the peace proposals of Governor Pinchot which had been accepted by the United Mine Workers. In discussing yesterday the breach by the operators, he pointed to the offer set forth two weeks ago by the mine owners and rejected by President John L. Lewis of the union. Major Ingalls thought the operators' proposal might serve as a basis for taking up anew the differences which have kept the miners idle three months.

Close observers of the situation profess to see some progress in the controversy. The contending forces now have before them Mr. Lewis' "clarifying" statement of the miners' position issued two weeks ago, the proposals of the governor and the plan recently submitted by the operators to Mr. Lewis. Out of these it is felt in some quarters that a plan satisfactory to both sides might be worked out if means could be found to bring the negotiators around a conference table.

HOTEL DIEU NEW ELEVATOR

A Modern Safety Push Button System Is Installed. A new elevator, costing a considerable sum of money, has been completed in the Hotel Dieu Hospital, which now boasts the very latest in this line.

The new elevator is operated with entire safety devices and can be operated by anyone. It is controlled from an elevator room where the main machinery is. It is equipped with a top and bottom switch which prevents the elevator from going any higher or any lower than the top or bottom floor, throwing the machinery dead, making it necessary to operate it from the machinery room to start the car again. It has a lifting capacity of 2,000 pounds and is controlled by a system of switch buttons. Each button is numbered and all anyone has to do to operate the car is to push the button of the number of the floor to which they desire to go and the car stops automatically when it reaches the floor designated. The elevator can be operated from any floor when there is no one in the car and there is absolutely no chance of the car being moved while the doors are open. The new elevator is complete in every detail and is a great addition to the splendid equipment of the Hotel Dieu Hospital.

FORMER TOWNSHIP OFFICIALS ANSWER

(Continued from Page 1) age of almost \$7,000," said Mr. Muir.

Mr. Muir Cross-Examined. Mr. Nickle then cross-examined Mr. Muir. Mr. Nickle put a copy of the provincial auditors' report as evidence. Mr. Nickle compared Mr. Muir's report with the provincial auditors' report to show that there was a difference between the reports. Mr. Muir explained this item was taken care of in another place. Mr. Nickle said that his client denied that Melvor's memoranda book was correct.

Mr. Nickle asked Mr. Muir if he could explain how he placed interest for the 1920 roll at \$181.36 and the provincial auditor placed it at \$1,190.20. Mr. Nickle said he was instructed that Leatherland never saw the 1922-23 roll or discussed the matter with Mr. Muir. He asked Mr. Muir if he would swear that Leatherland admitted owing anything with regard to the 1922 and 1923 roll. Mr. Muir replied that Mr. Leatherland would not go into detail on anything.

Mr. Nickle referred to the statement made by Mr. Muir that Mr. Leatherland admitted being short \$6,100. Mr. Nickle said he was instructed that Mr. Leatherland had said he paid out money he had no receipts for to the amount of \$6,100. Mr. Muir said that Mr. Leatherland had not gone into all these details.

Mr. Nickle asked if Reeve Graham had said he would make a Peter Smith out of Leatherland. Mr. Muir said he did not hear the statement.

Never Threatened. Mr. Nickle asked Mr. Muir if he ever threatened Mr. Leatherland with prosecution unless he helped straighten out the books. Mr. Muir said he had once told Mr. Leatherland that if he didn't give more information he would get into trouble.

Mr. Nickle said he was told that much of the information was given to Mr. Muir by Mr. Murray, auctioneer on Market street. Mr. Muir said it was the first time he had heard of it.

Mr. Nickle asked if Mr. Muir thought he was playing the game when he got Mr. Leatherland to sign a statement when he (Mr. Nickle) was not present.

Mr. Nickle said he was instructed that the statement was not read over to Mr. Leatherland, and that the signature to the statement was obtained by trickery. Mr. Muir declared it was a lie.

Mr. Nickle asked who would have been responsible for what Leatherland was charged with if Leatherland had not signed a statement or accepted Melvor's memorandum book. Mr. Muir said the books were in such a bad condition that it was hard to make anything out of them. He asked if Mr. Melvor would not be short. Mr. Muir said no, because Melvor had produced receipts from the bank showing the money had been deposited.

Mr. Muir said Mr. Muir took the total of the tax rolls of 1919 and deducted the money shown on the books and charged Leatherland with the theft of the balance. Mr. Muir said this was correct because the money had been deposited in the bank.

Mr. Nickle asked why not take money paid on taxes and money accounted for by Leatherland, and then see if there was a shortage. Mr. Muir replied that Mr. Leatherland had admitted Melvor's cash book was correct.

MAYOR T. B. ANGROVE Believing that the many electors who came to him during the year were sincere in making the statement that his record for the past three years has been most satisfactory and urging him to again become a Candidate, has acceded to their request and respectfully solicits the influence and vote of Kingston citizens and voters for his re-election.

Alderman F. J. O'CONNOR Respectfully solicits your vote and influence for Mayor for the year 1926 TO THE ELECTORS:

At the solicitation of a large number of ratepayers, I have consented to accept the nomination for Public Utilities Commission. If my long municipal experience and practical knowledge in the electrical field can be of any service, I will be pleased to have your support. JAMES HALLIDAY Utilities Commission Ladies and Gentlemen Electors: Having served for four years on the Commission, I again offer myself to serve you, and if honored by being again elected at your hands, I will strive to serve you as faithfully as before. My aim will be to help all I can to make even cheaper Gas and Electricity to the citizens. I regret I have not time to see you personally, much as I would like to. Respectfully, HARRY W. NEWMAN TO THE ELECTORS: Ladies and Gentlemen: If my services for the past two years have been satisfactory as a Public Utility Commissioner, I again respectfully solicit your vote and influence. JAMES HARRIS TO THE ELECTORS OF RIDEAU WARD I am again a candidate for Alderman in Rideau Ward. I trust that my services last year were satisfactory and that you will again elect me as one of your representatives. WILLIAM PETERS. RIDEAU WARD TO THE ELECTORS: After being your representative for one year, I solicit your vote and influence to elect me for another term. I will give the duties my faithful attention. C. H. REID Harry Harris and Michael Speranzi, were seen in a room at Dunville, Ont., the police were informed. They were recognized, the report said, from newspaper photographs. James Clark was killed and two companions were injured when a light truck they were riding in near London was hit by a C.P.R. train at a level crossing. Thirty-seven British naval ships will be scrapped in the immediate future. William Clifton, Toronto carpenter, was instantly killed early Wednesday when he stepped in front of a train. The Irish boundary commission agrees to postpone the issuance of its report.
