

ANNOUNCING - An Alliance of these Houses of Musical Supremacy

Brunswick Radiola
MODEL 60

BRUNSWICK-RADIOLA MODEL 60.

A superb combination of the Can. General Electric Radiola Super-Heterodyne Radio Receiver and the Brunswick Phonograph, which, with its double Ultons, plays all makes of Records correctly. Obtainable in Walnut or Mahogany, its equipment consists of a special Brunswick Four-Spring Motor; patented Dual Purpose Valve by which tone control may be switched in a second from record or radio through the All-Wood Oval Amplifier; super-selective especially designed antennae contained in the swinging door (shown open at left)—no aerial or ground wire necessary; 12-inch record turntable; ample record filing compartments; tone modifier; automatically balanced lids—truly a wonderfully complete and marvelously entertaining and efficient instrument.

Brunswick Phonographs are priced from \$60.00 up. Each is attractive in design and possesses tonal qualities truly unsurpassed. Convenient terms.

Brunswick PHONOGRAPHS

Brunswick Phonographs are made in many attractive models—in cabinet, console, and period designs. There is a style here to exactly suit you, at a price you can afford to pay, and on terms so convenient the payments will never be missed. All embody the exclusive, patented, all-wood Oval Tone Chamber, and the Ultona, which have placed Brunswick in a dominant position in musical circles to-day.

RADIOLA 25 is a radio set that exceeds all expectations. It is a special 6-tube circuit, requiring no outside aerial or ground wire and priced, without loud speaker, at \$280.00. Convenient weekly or monthly payments readily arranged.

Exchange your present Phonograph for a Brunswick-Radiola - Ask about it.

While this display is complete, come in and see it. Perhaps we have here the very Phonograph or Radiola that will appeal to you. But your visit incurs absolutely no obligation to buy.

To-day, we feature an unique display of the combination of Brunswick - Radiolas, Brunswick Phonographs, Records and Can. General Electric Radiolas.

We want you to see and hear these Brunswick productions; for in the realm of interpreted music, the House of Brunswick has made such scientific contributions as to have placed them in the fore-front of all world-leaders.

It is with pleasure that we announce the alliance of the House of Brunswick with the House of Lindsay, whereby you are offered a choice of the best of musical products in a store where courtesy, fair-dealing and price and term considerations are always uppermost for your benefit.
