Here are the men who figured on Queen's in the 1923 season, winning the senior Intercollegiate title, eliminating Balmby Beach and losing to Ottawa in the Eastern Canada final:

Captain Harry Batstone—Born in Toronto and came to Queen's four years ago. Was chosen as captain of the team this season and was popular with the players. He graduated from the Toronto Technical School before coming to Queen's. He started with Argos on the back-field with Lionel Conacher and made Conacher the great football player that he was. When Batstone left Conacher the Big Train passed out as a great star. Batstone is a native of Toronto.

Frank "Pep" Leadley—He came to Kingston from Hamilton where he had performed with the Hamilton Tigers. He graduated from the Hamilton Collegiate Institute after a brilliant course there. Since coming to Queen's he established a wonderful name for himself on the rugby field and last year was captain of the Dominion champions.

Gilbert "Gib" McKelvey—He was born in Kingston and is a son of the late R. J. McKelvey. "Gib" first learned his football at the Collegiate Institute under the guidance of Mr. E. O. Sliiter and developed fast at Queen's. He played great football on the backfield with Batstone and Leadley.

"Bubs" Britton—Flying wing of the Queen's squad who figured prominently with U.T.S. and Balmby Beach before coming to Queen's this year. Britton has made many friends since coming to Kingston and is well liked by those who have met him. He played against Queen's last year in the Eastern Canada final at Toronto and was the outstanding star of the Toronto team. He has three years more to go at Queen's.

Fred Baldwin—He has assumed the duties of quarter-back of the Queen's team since Johnny Evans left Queen's University. He has developed into a splendid quarter-back with particular capabilities as a field general. Baldwin came to Queen's from St. Thomas, his home town. He played with the St. Thomas Collegiate Institute before coming here and also starred with the North Western University squad.

Arthur Lewis—Considered the greatest snap-back in the game in Canada. He came a long way to Queen's, making the trip right clean from Victoria. He has been a tower of strength to the Tricolor team since he has handled the snap position. He learned his football at the Victoria Collegiate, but made his first grand debut with Queen's.

William Muirhead—Claims Ottawa

CHARLES "CHICKS" MUNDELL
Quarter-back.

as his home in stronger terms than ever now. Has been an inside wing with Queen's for the last few years and has made his mark on the gridiron. "Uak" has been a plugger on the team from the word go and has been a most effective player. He graduated from Ashbury and figured on the Ashbury team before donning the Tricolor.

Ronald Adams—The man from the open spaces whose size and strength bear out the description. Has paired off with Muirhead on the inside wing job. He hails from Woodstock where he played with the Collegiate Institute team, being one of the star performers with that outfit. Has been a tower of strength to the Tricolor since he joined the squad.

John McKelvey—One of the Limestone City products who well earned the name of the greatest middle-wing in Canada. "Red" started with the Collegiate team also and when with the Blue and White was one of the outstanding stars of the squad. Since going to Queen's he has established a wonderful reputation both as a student and a football star. To be as great a middle wing as "Red" McKelvey is the ambition of many a coming football player.

Bert Airth—Bert's home is in Toronto and it was with the U.T.S. that he commenced his football career. He was McKelvey's partner at middle wing but was out of the game for the most of the season, due to injuries received in the early practices. Airth is considered one of the best line pluggers in senior Canadian football.

Eric "Bud" Thomas—"Bud" came from Ottawa and although sorry that his team was defeated, was glad that it was his home town that accomplished the feat. He first played football with the Ottawa Collegiate Institute and later played with the Rough Riders. Without a doubt, the best outside wing in football today and a find at tackling "like a ton of bricks." Thomas graduates this year and will certainly be missed by the Tricolor.

Norman "Liz" Walker—Thomas' running mate at outside wing and a worthy partner. Claimed by Hamilton and started his football with the high school of that city, later playing with the Hamilton Tigers. Walker is second to Thomas only when it comes to flying tackles and very seldom misses his man. Will be with the Tricolor again next season in the role of captain.

Carl Voss—"Heine" was born in the United States but lived in Canada most of his life. Played with the Riverdale Collegiate Institute and when with Queen's showed that he is a coming star. Proved an ideal understudy for Leadley and capably filled his place when needed. Will be with Queen's for a few more years and will likely be a regular next season.

"Pee Wee" Chantler—One of the smallest men in senior intercollegiate football but one of the most valuable. Claims St. Thomas as his home and played there with the high school and senior team. Squirms and dodges his way through for big gains and combines with Voss to make a second Leadley and Batstone.

Charles "Chicks" Mundell—Graduate of R.M.C. and one of their star players. Started the season with the M.A.A.A. but returned to Queen's to resume his education. Devel-

oped into a fine quarter-back and an able man to relieve Baldwin. Appeared at flying wing in the game with Ottawa and played a great game. A Kingston boy.

Joseph "Bozo" Norris—Comes from Truro and played with the high school in that town. Earned a great reputation as an inside wing with Queen's and hits the line hard. A happy-go-lucky boy who has made good with Queen's.

"Don" McCrimmon—A product of St. Thomas and an inside wing with the Tricolor. Has shown great pep and although a young chap, should make the grade for regulars next season.

Harvey "Hank" Brown—One of Queen's hefties who parks his travelling bag in Toronto. Played with U.T.S. and later with Parkdale and while with Queen's showed great stuff at middle wing.

"Jimmy" Wright—Outside wing who started his career with Ridley at Hamilton. Played regular last year but stepped aside for Walker, a more experienced player. Is speedy and full of pep and will likely regain his regular position next year. Handsome Jimmy.

"Cliff" Howard—Another flying wing man, who comes from Brockville. Played with the Collegiate Institute there and since coming to Queen's has earned a good reputation as a flying wing.

Douglas "Snag" Skelton—Born in Chicago but came to Kingston while quite young and played with K.C.I. A valuable man who can fill any place on the line and be depended on.

BATSTONE LEADS IN POINTS SCORED

Intercollegiate Games Show 47 Points for Tricolor—Only 8 Against.

QUEEN'S RUGBY TEAM'S GREAT RECORD

Here is the complete record of the Queen's team from the start of its triumphal march in 1922 up to the time of the Eastern Canada final when the thrice Dominion champions and holders of the Intercollegiate title four times in a row went down to defeat at the hands of the Ottawa Senators. As can be seen from the table, the record of the Tricolor is one that should stand unequalled for many years to come, and it will be an exceptional team that will ever come near it.
