## MRS. A. W. GRANGE PASSES AT NAPANEE

J. L. Boyes and James Wilson Meet. With Accident on Deseronto Highway.

Napanee, Dec. 30.—The death occurred on Tuesday morning at her late residence on John street of Annabella Daly, widow of the late Alexander W. Grange. Deceased was in her usual health up until about three weeks ago when she fell down stairs receiving severe injuries which resulted in her death. In the passing of Mrs. Grange, Napanee loses one prominent in many circles. Mrs. Grange took an active part in church affairs, being a teacher of an adult Bible class for many years, and an efficient worker in the Ladies' Aid of Trinity church. During the past year she was appointed president of the Ladies' Aid. As a temperance advocate and an indefatigable worker for the cause of the Children's Aid Society and every other movement for the welfare of the needy, Mrs. Grange took a prominent part.

Six children survive. Mr. E. W. Grange of Ottawa, George Grange of London, Ont.; Mrs. O. S. Lally, Toronto; Mrs. Dr. Morin, Bath, Me.; and the Misses Helen and Constance at home. Mrs. F. S. Richardson of Napanee, Mrs. Keenleyside of Regina, and Mrs. Arthur Peplar of Toronto, are sisters, and Fred Daly, London, Ont., and Professor R. A. Daly, Harvard University, are brothers.

The funeral will take place on Thursday afternoon with a short private service at the house and a public service in Trinity Church. The services will be conducted by Rev. W. R. Tanton. Interment at Riverside cemetery.

J. L. Boyes and James Watson met with an accident on the Deseronto highway on Saturday afternoon, which might have proved serious. Mr. Boyes' car skidded off the road and turned completely over, smashing the top, but both occupants escaped, miraculously with only a few scratches.

Miss Frances Coleman, R.N., Toronto, spent Christmas with her parents, Rev. and Mrs. J. H. H. Coleman, the vicarage.

## HEMLOCK PARK DAIRY COMPANY

(Continued from Page 1.)

plant will pay in a city the size of Kingston?" asked the reporter.

"It has taken a lot of money," said the president, "but the directors have great faith in Kingston and in Kingston people. The company's aim is to turn out such high class products that sooner or later the public will recognize their merits by giving the company their patronage. Kingston to-day has the lowest-priced milk of any city in Canada. This is a great thing if the quality is not sacrificed, as milk is one of the most most valuable of foods and forms a large proportion of the food of children. It is important for the poorer families that the price be kept as low as possible and that the quality be unquestionable. The aim of the company is to give the highest quality at the lowest price. The price is twenty pints tickets for a dollar and while it is not expected that any immediate reduction can be made, if the company's business should grow to an extent sufficient to reduce the high cost of delivery the tendency would be in this direction rather than toward any increase in price."

"The milk produced at the Hemlock Park Stock Farm will be kept entirely separate and will remain at the present price of nine quarts for a dollar. All other milk will come from selected farms under the direct inspection of the company and will be pasteurized by the most scientific process.

"Who are interested in this company?"

"Here is the Board of Directors: President, A. H. Fair, proprietor Hemlock Park Stock Farm; vice-president, R. D. Hughes, general manager Farmers' Dairy, Toronto; second vice-president, T. G. Bishop, proprietor Bishop's Foundry and Machine Works; directors, Dr. Frederick Etherington, physician and surgeon; Major William Hart, president Canadian Locomotive Co.; William Jackson, The Jackson Press; F. Anglin, S. Anglin Co. Ltd.; J. M. Hickey, barrister, Rigney & Hickey; Henry Richardson, president Weber Piano Company.

The stockholders are chiefly influential men of this city and district. The president said that he thought the company had some right to expect a good patronage as the men behind it were trying to do something for the city in supplying perfectly pure milk. In discussing the matter he drew attention to the fact that the company was now a very large taxpayer, and was here to stay. It had only one aim, and that was to provide the city with milk at the lowest price that was clean and pure, and that would be absolutely safe for the youngest child to drink.

## LETTERS To The Editor Of The Whig

**Amherst Island Affairs.**  
 Sir: The municipal nominations were held in the township hall on Friday last from 12 o'clock noon until 1 p.m. A large number of candidates were nominated, but have since resigned. They stand for election on Monday next, as follows: For reeve—Ex-Reeve Samuel Miller and Geo. T. Howard.

For councilmen—D. H. Filson, A. N. Hitchins, Thomas Smith, W. J. Glenn and James R. Gibson.

Mr. Howard, who is seeking honours, has been township assessor for the past two years. Samuel Miller has been reeve of the island for about six years, and was also wardens of the county one year. He comes before you again soliciting your vote and influence to elect him for another term.

The important question at stake at the present time seems to be our much talked of ferry, and Mr. Miller believes that it is in sight. And early in the year, if elected, he expects to be able to set before the rate-payers of this township, facts and figures regarding the purchase price and maintenance of a ferry. The Ontario Government is assisting a number of ferries in Ontario, and are paying forty per cent. of the cost and maintenance. Lying in the county treasurer's office in Napanee is a rest fund in the sum of \$5,100, moneys which were not spent on our own roads, and which has been accumulating for years, and which we understand could be utilized in this cause. Now the ferry question has brought about a lower freight rate on our bay boat. But that is only temporary. If the ferry comes, you, as farmers of this island, will find that the markets of Toronto and Montreal will be much more valuable to you for your live stock than at the present time. And numerous other advantages could be presented. Thanking you, Mr. Editor, for the space in your valuable paper, and wishing you the season's compliments.

—G. A. BOYLE, R.R. 2, Stella.
