The Whig will be glad to have the names of visitors in town and accounts of various social events for publication in the social column.

The long room on the second floor of Queen's Cafeteria, with its tinted walls and bright open fire blazing cheerily in the fireplace at the end of the room, presented a gay scene on Tuesday evening when the Girls' Fellowship Club of the Y.W.C.A., gave the banquet which has become an annual event.

Miss Myrtle King introduced Mrs. Woodsworth, who spoke in a bright conversational way of conditions in Japan beginning with the work of the Y.W.C.A. organized fifteen years ago by Dr. Caroline Macdonald, the only woman to receive an honorary doctor's degree from the University of Toronto.

of the Japanese whose ambition is to be among the great powers. An educated Japanese gentleman had said that Japan could never be reckoned as a great power while her women were so unlike the women of the other great powers.

When this fascinating talk was finished, Miss Olive Drury moved a vote of thanks to the speaker, seconded by Miss Irene McCullough, and heartily endorsed by the guests, whose absorbed faces had spoken plainly of their interest in this glimpse into the life of the people of the Flowery Kingdom.

Although Tuesday did not suggest the ideal winter weather for the curlers, the ladies clubroom of the Kingston Curling Club was a pleasant place to linger, to play bridge and to have a cup of tea poured at the table, centered with a silver basket filled with pink and white carnations and further adorned with two tall pink candles in silver sticks, by Miss Betts.

The Editor Hears

That many people who are interested in the work of the Victorian Order will attend the annual meeting, advertised on this page to-day in the "Coming Events" column. An annual meeting of the V.O.N. is always a revelation of the enormous amount of work done for the welfare of the Kingston mothers and children.

That the Women's Institute of Frontenac has taken hold of a scheme that will ensure beautiful gardens at the homes of the members and a fine display of flowers at the Kingston Industrial Exhibition. As soon as the spring opens each branch will be provided with the seeds and bulbs their members feel they are most likely to be successful with and gardens will be enriched and prepared for the plants. People who are not used to gardening should study the matter a bit and learn the kind of soil required for each seed or bulb, where much sunshine is needed and where a degree of shade will produce better results. The object of a competition of this kind is to induce people to beautify their homes and to learn how to do it in the most successful way. We all admire the homelike houses with a garden filled with bright blossoms, a shade tree with perhaps a hammock under its spreading branches. "This is a home," we say, "not merely a house." Unfortunately we have not as many "homes" in this sense in Frontenac as we should have. "For Home and Country" is the motto of the Institute, and this effort to bring beauty into the country is a step towards helping both home and country.

That to-day, January 6th, is the festival of the Epiphany or the manifestation of Christ to the Gentiles by the leading of the "Wise Men," the astrologers, and princes who came from Africa and Arabia and perhaps India to bring gifts of gold, frankincense and myrrh to the Babe of Bethlehem. Over desert lands they had come, following a strange star that led them to a house in a tiny village among the Judean hills. Just how long their journey took no man knows and the cruel Herod would take no chances for we read that

bearing from them that a king had been born who would perhaps rival the Caesar, he caused the children from two years old and under, to be torn from their weeping mothers' arms and killed. But he was too late and the dramatic story of the "Flight to Egypt" tells us why. In "Merrie England" this festival was known as "Twelfth Night" or "Little Christmas" and some of us in Canada can remember the last of the Christmas puddings and the mince pies appearing at dinner on "Twelfth Night."

The special religious meaning of the festival is that it shows that Christ was not only the God of the Jews but of the Gentiles, who were led by the guiding of a star to his birth-place as the Judean shepherds were led by the message of the angelic host on the first Christmas morn.

"I didn't know Ted Jenkins' wife was home till I seen him with a clean shirt on this mornin'."

Home-made, but Ends Coughs in a Hurry

A family supply of dependable cough medicine. Easily made and saves about \$2

If you have a severe cough of chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick relief, try this reliable old home-made cough remedy. Any drugstore can supply you with 2 1/2 ounces of Pinex. Pour this into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and relieves the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

THREE IN SUTTON FAMILY RESTORED TO HEALTH

By Lydia E. Pinkham's Vegetable Compound. Rather a Remarkable Record

Others Also Benefited

Campbellford, Ontario.—"I was feeling very run-down, always tired, no ambition for anything. I suppose I should not have been at work, but I could not afford to stay at home, only now and then. Last spring my mother was very sick and a friend told her to take Lydia E. Pinkham's Vegetable Compound. She was feeling better after the first bottle and she wanted me to take it, too. So my sister, mother and I took it until we were all well. My sister and I work in the woolen mill, and I tell every one who says she is not feeling well about the Vegetable Compound. We cannot praise it enough for it has done us so much good. You may use this letter if you like, for I would like every woman and girl to get the benefit that we got."—GRACE SUTTON, Campbellford, Ontario.

The injurious effects of hard or heavy work on a young girl cannot be overestimated. She cannot afford to stay at home, yet she is often unable to lift heavy articles or to stand on her feet for long hours. What can she do? Lydia E. Pinkham's Vegetable Compound is a dependable medicine for girls and women. Let it relieve you of that feeling of nervous strain which comes at certain times.
