**USE SULPHUR IF SKIN BREAKS OUT**

Just the moment you apply Menthe Sulphur, to an itching, burning or broken out skin, the itching stops and healing begins says a noted skin specialist. This sulphur preparation, made into a pleasant cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place. Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. Get a jar of Rowles Menthe-Sulphur at any drug store.

**Is Your Back The Weak Point**  
Then get your kidneys right by using Dr. Chase's Kidney-Liver Pills

Very few people are in perfect health. There is a weak spot somewhere. When you get tired or your system gets a little run down you feel the effects at your weak spot.

If your weak spot is your back, then you may suspect that your kidneys are not in perfect order. The back aches or is weak and sore; you may have headaches; there will be dryness of the skin, pains in the limbs and disorders of the bladder.

The quickest way to regulate the kidneys is by using Dr. Chase's Kidney-Liver Pills. They are bound to be effective because they act on the action of the kidneys, liver and bowels and thereby ensure the elimination of poisons from the system.

**THE FRIENDS CHURCH WAS BADLY WRECKED**

Rev. Frank Cornell, Athens, Was the Minister—Mrs. Gibson's Death.

Athens, Jan. 5.—Of interest to the friends and relatives of Rev. Frank Cornell, (a native of this section) now pastor of the Friends church in Winchester, Ind., is the word received recently of a fire there which ravaged the interior of the sacred edifice, almost entirely destroying the pipe organ, considered one of the best in the city, and probably the first one to be installed in a Friends church in the United States. The piano, church furniture, carpets, etc., were badly damaged, the total loss being estimated at eight to ten thousand dollars. It is thought a short circuit may have caused the blaze.

After a period of ten or twelve years of gradual decline, following a stroke, Mrs. William Gibson passed away at her Mill street home on Monday evening last, the immediate cause of death being, apparently, heart failure. A daughter of the late Mr. and Mrs. George Campbell, she grew up here from childhood, and had many friends. When young, she married Henry McClellennhan, and resided at Bouckville, N.Y. Following his death, she returned to her native town, and had a commodious home erected adjoining her father's property, and here she has resided for thirty years or more. Several years ago she was united in marriage to William Gibson, who survives; two sisters, Mrs. Charles McClellennhan, Bouckville, N.Y., and Mrs. Percy Alford, Athens, also remain. A brother died of "flu" in the west about eight years ago. Funeral services were conducted at the home on Wednesday afternoon, by her pastor, Rev. H. E. Warren, M.A., B.D., members of the W.M.S. attending in a body.

The farewell entertainment put on by Mrs. V. O. Boyle, before her departure for Gouverneur, N.Y., took place in the town hall on the evening of the 30th ult. Her numerous juvenile pupils acquitted themselves creditably, and will, no doubt, make a success along musical lines if persistent in that direction. Monologues, a triologue, duets, a quartette, etc., contributed to the enjoyment of the evening. A novel idea was the costuming of those taking part, most of them representing, by their attire, some selection in music. Each person in attendance might try to guess the title impersonated; the winner of the prize was Miss Mary Cox, Brockville, who was awarded a Harry Lander phonograph record.

Township municipal matters were adjusted without resorting to the polls, and decided upon as follows: Reeve, William J. Scott; councillors, James McEvoy, William Whaley, Edmund Ronan, Morley Sheffield.

The village elections took place on Monday, and resulted as follows: Reeve, M. Bruce Holmes, for the twenty-second consecutive year; councillors, Phillip Hollingsworth, David L. Johnston, William Jacob, Morford Arnold.

Mrs. Nell Simcoe, recently returned from a trip to Japan on a visit to her daughter, Mrs. Ainsworth, wife of an outstanding missionary in that land, is here on a visit to her son, E. F. Naff, representative of the department of agriculture, and gave a very interesting account of her visit, speaking in conversational style to members and friends of the Young People's Society on Monday evening last. She spoke of the devastation everywhere apparent in the city of Yokohama, destroyed by the appalling catastrophe of 1913, from which but slow recovery is being made. Her arrival there was in the autumn, when she had a splendid opportunity of seeing the rice being harvested, the method appearing crude to one accustomed to western machinery.

The winter season she found trying—because of extreme cold—but because of a penetrating dampness. But spring-time, with its wealth of cherry-blossoms, was a vision of delight, to be duplicated nowhere else in the world. She found the people courteous, polite and sociable, and from their manners westerners might learn many helpful lessons. She recalled the first occasion on which she was entertained in a Japanese home, and described the methods in vogue. Education and religion are making rapid strides there, as evidenced by the alteration in habits and modes.

Too many men are addicted to the drinking of sake, their Japanese intoxicant, and strong W.C.T.U. societies are springing up to combat the evil. The work of the missionaries in that land is well worth while, for the young are turning readily to the Christian faith, and opposition, on the part of the older ones, is dying out when they see the good which has been accomplished.

Mrs. Naff was warmly thanked for this intimate glimpse into the home-life of that interesting people on the other side of the globe. Musical numbers by Mr. H. E. Warren, the Misses Burns and Yates added to the pleasure of the evening.

A change of time-table came into effect on the C.N.R. on Monday morning, hence there is a change in the time of mail distribution, the wicket being now closed until 6.30. A change has been made in local banking hours, also, whereby the bank opens at nine, instead of ten, as formerly, and Wednesday becomes the half-holiday instead of Saturday, as previously, the open hours on that day being from 9 a.m. to 12 m. Doubtless this change will be appreciated by out-of-town customers, as it frequently meant an extra trip to Athens when the bank closed so early on Saturday, the very day that so many come in to do their shopping.

Percy Whitmore has sold his stock of groceries to Raymond Bresse, the former proprietor, and will go to Plum Hollow to engage in farming. Clifford, Blancher and family are moving to their Sarah street home, recently purchased from Miss Ermina Clow. Miss Frances Perkins has been assisting in the Stevens bakery during the Christmas season. Mr. and Mrs. Robert Mackie, Wiltsie street, have moved to Glen Elbe to reside with the latter's son, Ernest Seymour.

At their comfortable quarters on Main street, Rising Sun Lodge, A.F. and A.M., held their annual installation of officers on the evening of the 29th ult., enjoying a banquet at the close. During the holiday week, the Memorial Park skating rink opened for the season's sport, and friendly hockey matches have been played for practice. A fancy dress carnival is advertised for this evening, with prizes for 'best ladies' and gents' costumes, also for best boy's and girl's costume. Miss Alma Coon arrived a few days ago from Colborne to spend some time with her parents, Mr. and Mrs. S. A. Coon, Mill street.
