Prosecutions May Follow Toronto, Jan. 7.—While police officials refuse to divulge what action they contemplate in regard to reports that at a recent banquet held by a local sporting organization in a dancing pavilion and restaurant, a dancer performed in attire that went beyond the bounds of propriety, the Evening Telegram states today that prosecutions are to take place as a result of the revelations.

AMUSEMENTS

What the Press Agents Say About Coming Attractions

FINE PRODUCTION OF "THE MIKADO"

Considering the fact that local amateurs, during the past year and a half had given two presentations of "The Mikado," a remarkably large audience was present in the Grand Theatre last evening to witness the production of this famous comic opera of Gilbert and Sullivan by the Brandon company.

Marked dramatic ability was shown by the principals, especially by the comedians, F. Harlan Erickson, the lord high executioner, and Chester Bright as Poo Bah.

AT THE CAPITOL

The Keaton Comedy Buddies Over With Merriment Buster Keaton's latest photoplay is bound to give the world a sideache from laughing.

"Go West," which opens at the Capitol theatre today has the greatest assortment of chuckles, laughs and roars the frozen-faced comedian ever crammed into multiple reels.

On Political Matters Such as Rural Credits and Hudson's Bay Railway.

Ottawa, Jan. 7.—The Progressives members of the so called "ginger group" included, have submitted, it is understood, a questionnaire to Premier Mackenzie King and Right Hon. Arthur Meighen, Conservative leader, respecting their proposed attitude on a number of political questions.

Kills Himself After Making Settlement on His Wife

Berlin, Jan. 7.—Having shot himself after arranging a settlement on his wife, who was contemplating divorce, Paul Cassirer, noted art dealer, died today.

O.N.R. to Take Coal To Relieve Unemployment

Hallifax, Jan. 7.—Sir Henry Thornton today advised Premier Rhodes that the Canadian National Railways would take approximately 130,000 tons of banked coal as an endeavor to relieve the unemployment situation in the Cape Breton mining districts.

Plans for the Prince of Wales to make another foreign tour during 1926 have been abandoned.

Ouch! My Back! Rub Lumbago Pain Away

Rub Backache Away With Small Trial Bottle of Old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Dairy Subjects Are Discussed

By Canada's Chief Commissioner and Others at Eastern Ontario Convention.

At the Thursday morning session of the Eastern Ontario Dairymen's Convention, addresses were delivered by J. H. Scott, official butter grader; G. G. Publin, chief dairy instructor; "Preliminary Studies in Commercial Rennets," by Dr. E. G. Hood, chief dairy research division, and by Joseph Burgess, chief grader.

One of the most interesting and thorough reports of the convention was delivered by Mr. Joseph Burgess, chief grader, in which he reviewed the activities of his department during the past year and pointed out the cause of the present butter market.

The cheese situation was more satisfactory than butter, however, the exports were much larger last year than for some years past.

Mr. Burgess took up the figures for all Canada on percentage, showing the number of boxes and the percentage of first, second and third grades.

Figures Given Mr. Burgess gave figures for the districts and by counties, the figures for the different counties being of great interest.

Poor Made Cheese. The speaker was very emphatic in his criticisms of the way some of the cheese makers were proceeding.

POSITION OF DAIRYING. Address Given by the Dominion Dairy Commissioner. At the Thursday afternoon session, Dr. J. A. Ruddick, Dominion Dairy Commissioner, gave an address on "The Position of Canadian Dairying in 1925-26."

Progress in Grading. "Looking back over the three years during which we have had official grading, and remembering the violent opposition from some factory operators and the export trade when the scheme was first proposed, we have reason to feel we have made considerable progress."

Progress in Production. "With regard to cheese production, while complete figures are not yet available, enough is known to show that there was a very substantial increase in 1925. The total production in 1924 was 150,272,884 pounds. It now looks as though the figures for 1925 would be around 175,000,000 pounds, the highest since 1917.

Progress in Quality. "Production is important, but quality is more important. It is especially important when production is increasing. The market must be interested and sympathetic to take the increasing quantities at full prices."

Progress in Production. "With regard to cheese production, while complete figures are not yet available, enough is known to show that there was a very substantial increase in 1925. The total production in 1924 was 150,272,884 pounds. It now looks as though the figures for 1925 would be around 175,000,000 pounds, the highest since 1917.

an third grades and objectionable flavor was the main cause.

BUTTER GRADING.

Mr. J. H. Scott, official butter grader, in his address this morning, stated that there were 237 creameries in Ontario apart from the 18 in Northern Ontario. In the 19 counties there are 75 creameries. There were more creameries in Eastern Ontario every year, the speaker said, and in 1924 over 16,000,000 pounds of butter was made in the 19 counties.

Mr. Scott regretted the fact that last year there was 78 per cent. first grade, but this had dropped 15 per cent. He hoped that there would be an improvement there. Mr. Scott declared that Eastern Ontario had been leading from 10 to 15 per cent. over the other provinces, but this year had lost ground and was leading with only about 2 per cent. above the average.

The speaker referred to the exhibitions of butter and regretted that the question was not more seriously taken up by the producers. It was generally left to about half a dozen to do the exhibiting and keep up the reputation of the province."

COMMERCIAL RENNETS

"Preliminary Studies in Commercial Rennets," was dealt with by Mr. E. G. Hood, chief of the division of Dairy Research, during the Thursday morning session. The speaker stated that in Canada, commercial rennet extract is now almost exclusively used in the making of cheddar cheese.

As much variation was found in different samples of rennet from the same manufacturer as there was between the samples of different makers.

Rennets were found to contain undesirable types of bacteria and yeasts in large numbers. A wide variation in numbers was found in the same brand and in different manufacturers' brands.

Rennets should be purchased only in the original marked container from dependable manufacturers or agents, as this is the only guarantee of strength and quality.

All stock rennet and that in daily use should be stored in as cool a place as possible; (below 50 F.) Avoid carrying rennets over the winter.

POSITION OF DAIRYING.

Address Given by the Dominion Dairy Commissioner. At the Thursday afternoon session, Dr. J. A. Ruddick, Dominion Dairy Commissioner, gave an address on "The Position of Canadian Dairying in 1925-26."

Progress in Grading. "Looking back over the three years during which we have had official grading, and remembering the violent opposition from some factory operators and the export trade when the scheme was first proposed, we have reason to feel we have made considerable progress."

Co-incident with the opening of the federal parliament in Ottawa, the third session of the sixteenth legislature of Quebec got under way on Thursday. A burwash prison guard has been implicated in a drug ring. There have been dismissals made. Special inspections will be made of the customs services in all the large ports of the Dominion. Love is the quality that persuades you to spend as much as fifteen cents for a Christmas greeting card.

guide us, but we are gradually evolving a system and building up a staff along lines which experience has proved to be satisfactory.

SPORT

QUEEN'S RESPONSIBLE FOR CANADA'S VICTORY

Canadian Colleges Win Five Out of Eight Hockey Games in New York. New York, Jan. 7.—The eight-game intercollegiate hockey series between teams from Canada and United States, sponsored by Tex Rickard in his new Madison Square Garden, was concluded last night with the final count standing: Canada 5, United States 3. The flashy sector of Queen's University brought victory to the Canadian side of the border when it registered its second win of the series by defeating Princeton 4 to 0. The total attendance at the eight college games was in the vicinity of 40,000.

Ladies' Basketball. The fourth game of the Ladies' Basketball series played at the Y. M.C.A., between Miss Lytle and Miss C. Truesdale, resulted in a win for Miss Truesdale, by the score of 4-0.

Queen's Downed. New York, Jan. 7.—The Queen's University basketball team met its third defeat in two New York games when it lost to the Crescent A. C. five on the New Moon court 41 to 22. It was the tenth straight victory for the Crescents, and the clubmen, playing together beautifully, led from the start. At half-time the score was 25 to 12.

Although beaten, the Canadians provided the fast game's two high scorers—Sutton, a forward, with five field goals, and Haslan, the centre, with four. The visitors did not score once from the foul line and the Crescents got only three points by that route, the game being one of the cleanest of the local season. Crescent (41)—Forwards, Kurtz and Kalpe; centre, Provost; guards, Crabtree and Raymond. Queen's (22)—Forwards, Clark and Sutton; centre, Haslan; guards, Clary and Durham.

FINED \$1,000.

For Delivering Liquor for Export From Canada. Brantford, Jan. 7.—Charged with breach of the Ontario Temperance Act, E. Thibodeau, of Windsor, Ont., was fined \$1,000 by Magistrate Blake here yesterday. Liquor valued at \$8,800 which was found in Thibodeau's motor car, was confiscated. Thibodeau was allowed to retain the car. He told the magistrate he was delivering the liquor to the mouth of the Humber River, near Toronto, for export from Canada.

Two Thieves Sentenced. Ottawa, Jan. 7.—Found guilty in police court on two charges of theft, Harold Rimer, 143 Willow street, was sentenced to two years at hard labor in Portsmouth Penitentiary on each.

Aileen St. Michel, a young woman whose home is at Bryson, Que., and who pleaded guilty to being Rimer's accomplice in one of the thefts, was sentenced to an indefinite term not exceeding two years in the Andrew Meyer Reformatory for Women at Toronto.

Depth of the water in the London docks is kept at from thirty-eight to forty-two feet by constant dredging. A sufficient commentary on mankind is the steady improvement of devices to prevent stealing. Feet lands in Minnesota, long thought unfit for anything, are being reclaimed by the use of tractors. British claim that British toys outstripped all other country's toys this year.
