AMUSEMENTS

What the Press Agents Say About Coming Attractions

SPLENDID BILL AT THE CAPITOL THEATRE

"The Danger Signal" Held Large Audience Spellbound Thursday Evening.

The large audience that packed the Capitol Theatre on Thursday night for the opening showing of the picture that has scored such a triumph on the screen, "The Danger Signal" was held spell-bound from the first to the last foot of the film and there were enough thrills crowded into that picture to last any audience for considerable time. Action plenty, a love tangle, speeding race between motorcycle and runaway engine with a dead man at the throttle, the wreck and what occurs in the climax, go to make up one of the most gripping and fascinating stories that the management of the Capitol has been able to secure for its patrons.

Nearly everybody likes a good railroad story and here is a real chaser for lovers of this type of story to see what they really want. The story itself deals with two brothers, unknown to each other through interesting circumstances. One becomes assistant superintendent of the railroad while the other is a fireman on one of the engines of the same company. The events which occur while the brothers remain unknown to each other are bound to arouse the greatest interest of those who see this story and how it all turns out in the end is indeed surprising.

In addition to this splendid picture, the management of the Capitol offers other reels that are highly interesting and entertaining. The exhibitions of a former Zeigfield Follies star in the Charleston dances is something of interest to many and the different dances are well interpreted. Comedy reels and scenic pictures are also part of the programme offered for the last three days of this week.

INSPECTION MADE OF HOTEL DIEU HOSPITAL

So Crowded That Some of Offices Being Used for Rooms.

M. Moncrieff, President of the Ontario Hospitals Association has been in the city for several days and was on an inspection trip to the Hotel Dieu Hospital, making a survey of conditions there. Mr. Moncrieff found the hospital taxed to capacity, many of the extra rooms and offices being fitted out to accommodate the large number of patients there at the present time. Mr. Moncrieff was highly delighted with conditions at the hospital and expressed his appreciation of what he had seen.

HORTICULTURAL SOCIETY

Will Beautify the Grounds Around the Kingston Public Library

It was decided at a meeting of the board of directors of the Kingston Horticultural Society to beautify the grounds of the Public Library, and to make one of the finest flower gardens in the city. A dance will be held to defray the expenses, and the librarian and her assistants have been asked to co-operate to make it a success. It is part of the programme of the society for this year to bring its work before the eyes of the public and this is the first step in this direction.

Motor Vehicle Licenses.

About a hundred motor vehicle licenses have been distributed since the first of the year, from the local office. Mrs. Jordan, Brock street, took out the first license.

Mr. Percy Bould, the issuer of the licenses, says that so far he has had no instructions as to the final date when all cars will have to have the new licenses.

Federal Appeal Board.

The final session of the Federal Appeal Board, which has been in session here for the last four days, was held Friday morning. During the last session, some fifteen cases were disposed of very successfully. The next session will be held here some time in April, when it is hoped to dispose of the total number of cases, which have been standing over for some time.

Plenty of Skating.

There have been seventy-nine skating sessions at the Harty Arena to date. It was announced at the office of the Board of Control at Queen's this morning. This breaks records so far and indications are that the skating will be popular right into March.

Expected Saturday Morning.

Cranberry Sprouts, Spinach, Cauliflowers, Young Beans and Carrots, Mushrooms, Tomatoes, Sweet Potatoes, etc., at Carnovsky's.

William Swaine, piano tuner.

Orders received at 100 Clergy street west, phone 554w.

On January 15th, 1926, Rev. Remigius Gaulin was consecrated as Roman Catholic Bishop of Regopolis (Kingston).

Hear Mr. R. J. Brooks, at the Gospel Tabernacle, to-night, at 8 o'clock.

BEN. H. SPENCE

Well known prohibition worker, who became Managing Director of the Canadian Prohibition Bureau, the new publicity organization, the formation of which was just announced. The bureau will have Dominion-wide scope.

There was no session of the Police Court on Friday morning. Complete radio programme sold at Canada Radio Store.

NATIONAL THRIFT WEEK TO BE HELD

Y.W.C.A. Workers All Over America Will Encourage Thrift.

Next week is "National Thrift Week" in all the Y.M.C.A.'s in America, when special efforts will be made by the organization to encourage thrift among the citizens of the cities and towns all over America. The Y.M.C.A. is not alone in its endeavor, for the banks have come to its aid, as also have the various service clubs. A committee has been formed in Kingston, which represents not only the Y.M.C.A., but various service clubs, to put over much the same campaign as is attempted in larger centres. The committee was formed too late this year to attempt an aggressive campaign, but all that can be done to instruct the public will be done.

The following is the programme which is being followed out in other cities where the campaign has been organized: Sunday, "Share with others" is the slogan and people will be encouraged by literature and speeches on this day to share their prosperity with less fortunate; Monday will be "Thrift Day" and a thorough system of education will be carried out; Tuesday is "Budget and Home Economy Day"; Wednesday is "Insurance Day" and the banks and insurance houses will have charge of the programme for this day; Thursday is "Own-Your-Own-Home Day"; Friday is "Safe Investment Day"; Saturday is "Pay Your Bills Day."

OBITUARY

Late Joseph Whitehead. Joseph Whitehead, aged thirty-four years, son of Mr. and Mrs. Joseph Whitehead, 42 John street, died in the Hotel Dieu Hospital on Friday morning after a comparatively brief illness. Deceased was a Roman Catholic in religion. The funeral will take place on Monday morning to St. Mary's Cathedral and thence to St. Mary's cemetery.

Late Mrs. Thomas Bradford. After a very painful illness of two months, death came peacefully to Mrs. Thomas Bradford, Harrow-Smith, at the home of her daughter, Mrs. Edward Joyner, 192 Division street, city, about ten o'clock Thursday night. Death was due to heart failure.

The late Mrs. Bradford was sixty-eight years of age on August 27th last. She was the eldest daughter of the late Nicholas and Eva Whitty, of the Township of Portland. All her married life was spent on her husband's farm near Harrow-Smith.

She was a person of very lovable nature and known by all for her kindness. Much ill-health in the latter years of her life was borne with remarkable fortitude. She took an active interest in the work of her church, being a member of the Methodist and later the United Church. Though the end was not unexpected her death has left her family in the deepest bereavement and the sincere sympathy of many friends in the county and city are extended to them.

Besides her husband the deceased leaves two brothers, three sisters, three children, eight grand-children and one great grand-daughter. The brothers are William, Pleasant Valley; and Willett, Brock street, Kingston. The sisters are Mrs. Charles Freeman, Yarker, Mrs. Noble Ellerbeck, Harrow-Smith and Mrs. Richard Ellerbeck, Moscow. The children are Mrs. Edward Joyner, Division street, city; Mrs. Thomas A. Kerr, Harrow-Smith; and Melville Bradford, Harrow-Smith.

The remains were taken to Harrow-Smith on Friday morning, by H. J. Knight, undertaker, Sydenham, and the funeral will be held on Sunday afternoon at two o'clock from her late residence to the cemetery at Harrow-Smith. The service will be conducted by Rev. Mr. McKensie, of Yarker. Friends and acquaintances are respectfully invited.

The pall-bearers will be Messrs. Daniel Freeman, Elijah Sigworth, Thomas Watson, Alex. Manson, Abraham Watson and Thomas W. Kerr.

NO SMOKING, PLEASE.

Hockey fans attending the game to-night are urged to refrain from smoking during the game. While the building itself is fire-proof, the smoke forms in a cloud over the ice surface with the result that the players are affected, to say nothing of the great effect it has on the crowd in seeing the game properly. It is hoped that fans will co-operate to-night and eliminate the smokes.

PHILLIPS NOT TO TURN

Sault Ste. Marie, Jan. 15.—Bill Phillips has decided to reject the offer he has received to join professional hockey ranks and to remain with the Sault Greyhounds on condition that George McNamara, former coach of the Greyhounds, will remain and manage the team for the balance of the season, he said today. Shortly after it was announced that McNamara would manage the team for the rest of the season. The team left for Eveleth at full strength, with McNamara and Trainer Billie Hughes in charge. McNamara expressed confidence that the team will come out of the slump it has been in. On this trip the Hoards will also play in Minneapolis, St. Paul and Duluth.

TORONTO GLOBE COMMENTS

On the Award of Letters to the Women Athletes.

The Toronto Globe has the following to say:

"Following somewhat closely upon the opinion of British athletic authorities that women could never compete on an equality with men in athletics with hope of success, the announcement is made at Queen's University that 'the equality of men and women in athletics has been recognized by the Alma Mater Society.' The constitution of the society has been amended to permit of the award of letters to women athletes who represent their college in intercollegiate fixtures. Members of these teams will get the coveted gold 'Q' on exactly the same conditions as the male students. There is a difference, however, in the two interpretations of the term 'equality' as between the British and Queen's authorities. The Old Country authorities reached their conclusion after investigations of competitions in which men and women met as common competitors under the same conditions. The British opinion was that physically the women athletes were inferior as a class and could only hope to make up in grace of performance what they lack in physique. Queen's is the first prominent Canadian institution to learn to award letters in the general acceptance of the term, to women athletes. University of Toronto also presents a badge to its fair performers in sport, and it is 'Q' but it is not the same as that which is awarded to the male football, hockey and other players. There is a University of Toronto Women's Athletic Association which makes the awards.

SAW GRANGE PLAY.

Statement By Francis King

Says Chicago Steel Must Cease Before Canada Helps Develop St. Lawrence.

Detroit, Mich., Jan. 15.—The Dominion Marine Association of Canada has asked the Canadian Government to have nothing to do with any development plans for the St. Lawrence river until the diversion over the watershed at Chicago is stopped. So declared Francis King, K.C. of Kingston, Ont. Counselor of Marine Association before the convention of the Great Lakes Harbor Association here today.

Styied by leaders a "protest" meeting, the convention was the scene yesterday of much bitter invective against Chicago's withdrawal of Lake Michigan water for sewage and waterway purposes. William George Bruce, Milwaukee, labelled Chicago's diversion of 10,000 cubic feet per second a "betrayal" while Newton Baker former secretary of war and now general counsel for the Lake Carriers Association, termed it "human but illogical."

"No one can suggest" declared Mr. King, "that Canada would be unreasonable in declining to embark upon any expenditures until this leak at Chicago is stopped. This year not a freight boat could run down Rapid Du Plat in the St. Lawrence because of low water, and all boats had to go down the adjacent canal to Morrisburg. There have been groundings innumerable, and ocean boats below Montreal in the river have shared in these troubles. Our loss is proportionate to yours. We use your locks at Sault Ste. Marie, as ours become useless, relatively useless, through low water. The United States is not taking anything from us which it is not taking from itself."

William George Bruce of Milwaukee was re-elected president, and C. Alfred McGuire of Toronto, first vice-president of the association. Other Canadians elected to the board of directors were, Joseph Gibbons, Toronto, DeGroot, Beashear, Montreal, and Francis King, Kingston.

Resolutions protesting further legislation which sanctions diversions lowering lake levels and asking laws to protect against the recurrence of diversions were adopted.

Blood-Stained Dress Found Near Creek Causes an Enquiry

The finding of a woman's night dress, stained with blood, near a hole in the ice near the bridge over Cataract Creek, at noon on Friday, caused the provincial and city police to be notified and an investigation is being made.

In addition to the blood stains on the night dress, there were also blood stains on the ice. The garment was found near the hole in the ice which was covered by a granite teetle.

The discovery was made by the children of W. Porter, while they were on their way home from school for dinner. Mr. T. Smith later on notified the police.

Provincial Officer MacLaughlin and Detective Mullinger probed the water in the hole but found nothing to indicate that there had been foul play.

TO RELEASE DOUGHTY ON 2ND FEBRUARY

Ambrose J. Small's Former Secretary to Be Soon a Free Man.

It is absolutely certain that John Doughty, former secretary to the late Ambrose Small will be released from the Portsmouth penitentiary on February 2nd. It is the intention of the prison authorities to open the gates at the prison at one o'clock, and Doughty will walk out a free man. He will be taken to the Canadian National over station by one of the prison officials and will be placed aboard the fast train for Toronto, leaving Kingston at 1.44 p.m.

When the relatives of Doughty asked the Department of Justice to allow him out on Christmas parole, Doughty insisted that he did not want to leave until his time was completed. He maintained that if he were released on parole, it would mean that he would have to report to the police authorities at Toronto until the six year sentence was completed. By waiting until February 2nd he is a free man.

W. W. Dunlop, Toronto, former inspector of prisons and charities for the province, who was found guilty of theft of \$40,000 and sentenced to four years in the penitentiary, is being trained to take over Doughty's duties in the accountant's office.

INSPECTED HOSPITAL.

J. O. Moncrieff, chairman of the Ontario Hospital Association, paid a visit to the Kingston General Hospital on Wednesday evening, and made an inspection of the institution, with Mr. Fraser Armstrong, superintendent, and H. C. Nickle, chairman of the Board of Governors.

Another Tory Amendment?

Ottawa, Jan. 15.—The battle for political supremacy in the House of Commons will in all probability be resumed when parliament reassembles Monday. It is understood the Conservatives now contemplate moving a further amendment as soon as a debate on the throne speech begins.

A school building programme of \$3,000,000 faces Toronto in 1926 if the Board of Education approves the erection of a new branch technical school in the west end.

Mr. John Tweedell, Sr., is leaving for St. Petersburg, Florida, on Monday, in company with Mr. C. Conley of Yarker.

NINETY-ONE BODIES REMOVED FROM MINE

Others in Debris—Another Mine Disaster Results in Many Deaths.

Wilburton, Okla., Jan. 15.—The grim work of removing ninety-one bodies from the Deegan-McConnell mine No. 21, near here, which was wrecked by a gas explosion early Wednesday, halted temporarily last night when eighty-one bodies had been recovered. The remaining bodies are in the debris, and passageways will have to be cleared before they can be reached.

Another Mine Disaster.

Fairmont, W.V., Jan. 15.—The bodies of eight miners, including a father and his son, have been located in No. 8 mine of the Jamieson Coal and Coke Company at Farmington, near here, which late last night was partially wrecked by an explosion. There are still thirty-six men unaccounted for in the mine.

GLOBE WOULD HOLD ANOTHER ELECTION

Thinks People Are Prepared to Face the Inconvenience and Cost.

Toronto, Jan. 15.—The Globe says this morning in a leading editorial.

"The fifteenth parliament of Canada has been in session for six days. If we do not mistake the public temper, the vast majority of Canadians, irrespective of party or group allegiance, have had enough of it. As soon as the necessary routine, voting of supply and transaction of imperative business is concluded, the people are prepared to face the inconvenience and cost of another general election in the hope of securing stable government and a House of Commons which is prepared to devote its energies to the service of the country. Six days of political jockeying, wire pulling, buttonholing, gumshoeing, pussyfooting, sidestepping, manipulating and intriguing are more than sufficient."

ALUMINIUM TEETH ARE THE LATEST IN RUSSIA

Are Less Costly Than Gold or Silver and Resist Acids Better.

Leningrad, Jan. 15.—Russians are beginning to wear aluminum teeth. The Leningrad Academy of Dentistry has found that crowns and fillings of this material are not only more economical than either gold or silver, but considerably stronger. Aluminum has the added advantage, Russian dentists say, of resisting the reaction of the various acids in the mouth.
