### City and District

**Slightly Improved.**  
Mrs. George Tuttle, Johnson street, who has been confined to her home through a serious illness for the last ten days, is slightly improved in health.

**Bank Clearings.**  
The following are the figures of the Kingston Bankers Clearing House: For week ending January 14th, \$612,844; corresponding week, 1925, \$586,949.

**Underwent Operation.**  
Miss Patricia Sowards was unable to return to the Sacred Heart convent, Montreal. She had to undergo an operation for appendicitis in the Hotel Dieu. Her friends hope for a speedy recovery.

**Must Attend School.**  
Three cases under the Adolescent Act, came before Magistrate Farrell, in the Juvenile Court, on Friday morning. The parents of the boys have been instructed to see that the boys involved attend school.

**Kingston-Cape Vincent Stage Co., Limited.**  
Commencing Friday, January 15th, stage will leave the office of the Rockport Navigation Company, foot of Brock street at 1.15 p.m. daily, except Sunday, for Cape Vincent, N. Y.

**Appraisers Here.**  
Mr. Neil McIntyre, Mr. H. R. McClelland and Mr. Gus Sherwood, of Montreal, appraisers for Lloyds Steamship Insurance Company, are in the city in connection with the work being done on boats at the local shipbuilding yards.

**Rotary Club Charity Dance.**  
The Rotary Club charity dance, which will be held in Ontario Hall on Tuesday, January 19th, is attracting a great deal of attention, and promises to be one of the best events of the season. The proceeds are to go to a worthy cause, that of the club's Shoe and Stocking Fund, and on this account it is expected that a record crowd will be in attendance. An excellent programme of music will be provided.

**Stage Had Trouble.**  
The Seeley's Bay stage experienced considerable trouble at Tuttle's Hill on the trip to Kingston Friday morning. The snow fall made the roads very slippery and when the driver attempted to drive up the hill the wheels would not grip and the car stalled in the centre. After receiving assistance, the driver was successful in making the hill. A lady passenger was badly scared when the car started to back down.

**Clearing Off Snow.**  
Sixty-five men were employed by the city engineer's department on Friday in clearing up the four inches of snow that fell during the night. Only men who were badly in need of work were employed for the greater part of the day. By noon, the main intersections about Princess street were cleared up. The street cars found some difficulty in getting underway in the morning, due to the slippery condition of the tracks, but the service was only slightly delayed.

**Mothers' Council Meeting.**  
A meeting of the Mothers' Council of the boys' division of the Y.M.C.A., held a meeting on Thursday afternoon, and reports for the year were received from the committees. The council has had a very prosperous year, and has been responsible for the many improvements about the Y.M.C.A. The council has provided membership for about twelve boys during the past two months and work along this line will be taken up more thoroughly next year. It was decided to hold a tea and sale in February. The following are the convenors of the committees: Home-made cooking, Mrs. Neil; aprons and fancy work, Mrs. Lake; candy, Mrs. Groves and Mrs. Baden; variety, Mrs. Warren and Mrs. Campbell; tea, Mrs. C. C. Naah.
