CONCERT IN GRANT HALL. Tuesday, January 19th.

An event of unusual importance in Kingston's musical world will occur on Tuesday evening next when Earle Spicer, the Canadian baritone, will sing for the first time here. Born in Berwick, N.S., this young singer has studied in London and in Paris where he has appeared on the concert stage. He was one of the Canadians to sing on the Canadian Day at Wembley. His vivid appeal and his interpretation meet with appreciation everywhere. He has a studio in New York and before he begins his work there, is giving his own people an opportunity of hearing him. He comes to Kingston under the auspices of the Queen's University Musical Committee.

The Editor Hears That a winter robin has made "Hazeldeil," Portsmouth, his home. He finds a hearty welcome and has crumbs and suet set forth for his breakfast. Through the grounds of this charming home runs a stream that never quite freezes over, and the children watch their red-breasted friend taking a bath every morning. He preens his feathers, while the elders wonder how he keeps them from freezing. Downy woodpeckers and a nuthatch are frequent visitors to this hospitable home.

STRATFORD WOMAN

Restored to Health by Lydia E. Pinkham's Vegetable Compound

Stratford, Ontario. "After my first baby was born I started to work on the tenth day and did a big washing on the twelfth day. Being so young (I was married at 19) I did not know what was best for me, so let it go until I was all run-down, weak and nervous, and had a bad displacement. For nearly two years I could not sleep and I would always complain of having 'not a head-ache, but a brain-ache.' My mother is taking Lydia E. Pinkham's Vegetable Compound during the Change of Life and she recommended it to me. After taking two bottles I began to get a little sleep and to feel better and I have never felt off since then, except for about three months. I can safely say I have taken thirty bottles since my second baby was born. I think it makes child-birth easier as I had terrible pains with my first three children and very few with my fourth as I was so much stronger. I am now able to do my work alone, but I am still taking the Vegetable Compound as I am nursing baby." Mrs. OMER PAUL, 46 Cherry Street, Stratford, Ontario.

If you are suffering from any weakness, which causes such symptoms as pains in the side and back and nervous feelings, give Lydia E. Pinkham's Vegetable Compound a trial now.

The Best Cough Syrup Is Home-made Here's an easy way to save \$2, and get better fast cough medicine you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep home without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home. Into a 16-oz. bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Stir well, it tastes great, never spoils, and gives you 16 ounces of better cough remedy than you could buy ready-made for \$2.00.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. Old Dutch Won't Scratch Because Old Dutch contains no hard, sharp grit which cuts and ruins surfaces. It erases the dirt, instead of grinding it off. This is so because of its distinctive quality and character. To the eye a fine powder—under the microscope flaky, flat shaped particles, which make complete contact with the surface. Being flat shaped, they naturally cover more surface. Therefore, Old Dutch goes further, lasts longer. It erases visible as well as invisible impurities and assures you of healthful cleanliness.
