LIVINGSTON'S

75-79 Brock St.
"IF OFF YOUR ROUTE IT PAYS TO WALK"

Business is improving. Every day brings new evidence of it. Unemployment in Kingston has been greatly reduced and the prospects for additional improvement are bright. It has always been our object to keep our STORE MODERN—new features, new equipment, additional help, all have been added when we see they are needed to give our customers adequate service.

Price cutting has never been the policy of the store, for we believe that only by buying quality goods as cheaply as possible for cash and by then adding a fair profit and turning the product over to you as quickly as possible can we best serve your requirements. We are always ready to recognize our mistakes and make a fair adjustment.

A WORD REGARDING OUR METHOD OF HANDLING EGGS

Every Egg is candied when it comes into the store by an expert in the egg business and graded according to Government standards. They are then packed in cartons (each carton containing one dozen) and sealed with a sticker denoting the grade.

EXTRAS are Fresh Eggs, having a very small air cell and weighing 28 oz. to the dozen.

FIRSTS are Fresh Eggs, having a large air space and weighing 34 oz. to the dozen.

SECONDS are FRESH EGGS suitable for cooking purposes, having a larger air cell and weighing 22 1/4 oz. to the dozen.

Every Egg is guaranteed. Buy Eggs in cartons and be assured of complete satisfaction.

A.B. BRAND HAMS AND BACON

Manufactured in our sanitary factory (open for inspection at any time). Carefully cured and smoked. When you have tried one of these products you will be convinced of their excellence.

A.B. SMOKED HAMS

Enjoyed Royal Treatment.
Speaking of the visit of the Belleville curlers to Kingston on Friday night last the Ontario says: "The Kingston club royally treated the visitors. A very fine spread was set in the banquet hall after the game and speeches and humor ruled. The visit was all too short and the visitors are anxiously looking forward to the return visit of the Kingston club."

Special Feature.
The marketing of poultry portrayed in a film and in actual killing demonstrations will form the chief features of the exhibit which the Dominion Live Stock Branch will have at the Kingston Poultry Show, Jan. 26th, 27th and 28th, in the Island Market. A continuous film showing the various phases of fathling, killing and packing plants will be in operation throughout the show. Two killing demonstrations will be given each day, at three in the afternoon and eight in the evening. In addition to these two features there will be a candling booth in which demonstrations in the candling and grading of eggs will be given.
