## PERMANENT PAVEMENT IS IN GREAT DEMAND

### Programme of Board of Works Was Added to by the City Council.

That the demand for permanent paving is increasing from year to year, was shown at the meeting of the City Council on Monday night, when a report on streets to be paved, recommended by the Board of Works was passed, and in addition a number of streets added, on the recommendation of various members of the council.

A few years ago, people came down to the City Hall to protest against permanent pavements; now they storm the city hall and ask for permanent paving, and with the programme undertaken by the Board of Works from year to year, it looks as if it will not be long before Kingston is one of the best paved cities in Ontario.

There was just one change made in the list passed by the Board of Works, at its last meeting. This was the withdrawal of the paving of Beverly street, from King to Union street.

When the report on paving was submitted, Ald. McCartney wanted to know how much the outlay would cost, but it was stated that this information could not be given at the present time as the city engineer has yet to go over all the proposed work.

West More Paving. Ald. Hebert, in a plea for the paving of Plum street, from Barrie to Cherry. He stated that this block is in very bad state, and that the majority of the ratepayers on that street had asked for a permanent pavement. Members of the council had no objection to this block being added, and so it was tacked on the list.

Immediately other requests were received. Ald. Kidd asked for the paving of Arch street, from Union to Stuart street, and Deacon street, from Arch to Barrie street. This too was added to the programme.

Ald. Kent spoke about the roadway on the north side of the City Park, extending from Wellington street to Barrie street. This is the roadway the Board of Works took over from the Parks committee. Ald. Kent stated that this road was travelled over a great deal, as a result of the traffic to the General Hospital, and that especially in the spring of the year, it was in a terrible state. He asked that it be paved, or a top dressing be placed on it. This too, was added to the report of the Board of Works.

Ald. Kent, in making a general survey of the streets, proposed for paving, stated that Princess street, from Alfred to the city limits, had been overlooked, and he felt that this should be undertaken. The roadway is in very poor condition, while the traffic is very heavy.

Ald. Price said that this piece of roadway had not been considered, as it was felt that the government might undertake this work. He understood the government would undertake putting a top on the roadway from the Bath Road out.

Ald. Price stated further, that he and the City Engineer had given the question of paving for this year very serious consideration. It had been decided to pave streets this year that would link up with streets already paved. One matter to receive special attention was that of giving the people going to and from the outer station, a change to get to the northern part of the city, without coming into Princess street. With the programme as outlined, traffic could go via Stephen street to Division and thence to Alfred. The idea was to keep as much traffic as possible off Princess street.

The Council had no objection to paving upper Princess street.

Ald. McCartney had Centre street, Union to King added, and Ald. Laturney had Colborne street, Division to Chatham, put on.

Alfred Street Mentioned. Ald. Anderson suggested that steps be taken to pave Alfred street, from Princess to Union street. He stated that he was of the same opinion as Ald. Kent regarding the paving of Princess street, from Alfred street to the city limits. He felt that the approach to the city should be well kept up, as it would tend to give the tourists a good impression of the city. He asked for an expression of opinion regarding his suggestion for the paving of Alfred street.

Ald. Price stated that the Council could not undertake the paving of Alfred street, at the present time, as it would be first necessary for the street railway company to put its roadbed in proper shape, and also put in new rails. According to the agreement between the city and the railway company, the latter company could not be asked to undertake any new work of this kind for a few years yet.

Speaking regarding the paving of the ring in the City Park, Ald. Price stated that if one-half was to be undertaken, the entire ring might just as well be paved, but Ald. Kent remarked, "A half a loaf is better than none," so it was decided to just put on the northern section of the roadway.

THE BOARD'S PROGRAMME. The programme as outlined in the report of the Board of Works includes the following:  
Bazot street, Clarence to Johnson street.  
Earl street, Albert to Victoria street.  
Brook street, Nelson to Victoria street.

Mack street, Alfred to Victoria street.  
Victoria street, Princess to Concession street.  
York street, Division to Pine street.  
Pine street, Division to Alfred street.  
Alfred street, Pine to York street.  
York street, Alfred to Nelson street.  
Nelson street, York to Princess street.  
Chatham street, Princess to York street.  
Livingston avenue, King to Union street.  
Pembroke street, King to Union street.  
Tenkiss street, Alfred to Frontenac street.  
Raglan Road, Montreal to Division street.  
Sydenham street, Ordnance to Raglan Road.  
Charles street, Rideau to Patrick street.  
Patrick street, Charles to Pine street.  
George street, Stuart to King street.  
O'Kill street, Barrie to King street.  
Elm street, Division to Alfred street.

A Lively Breeze. A lively breeze followed the report of the Fire and Light Committee, which recommended "that the tender of Morris Yampolsky, to furnish the fire department with eighteen firemen's suits at \$31.20 each, and three officers' suits at \$38.15 each, be accepted."

Mayor Angrove stated that Mr. N. B. Calhoun, who had put in a tender to furnish the suits for the members of the fire department, was present, with his lawyer, Mr. A. E. Day, and that they had asked permission to address the Council in regard to the matter.

Ald. Milne, chairman of the Fire and Light Committee immediately raised an objection.

"If Mr. Calhoun is to address the council, I would say that others who submitted tenders for this work be heard too," remarked Ald. Laturney. "They should have the same privilege."

"Have they asked for this permission?" asked the Mayor. "They did not think that they would be heard," replied Ald. Laturney.

"I do not see why these men should not be heard and others too, if they care to come," said Ald. Anderson.

"I agree with that," remarked Ald. Hebert.

Ald. Driscoll stated that if one man who had tendered was to be heard by the Council, that the others should also be given permission to address the Council.

Ald. Hebert was ready to move that Mr. Calhoun be heard but did not press the motion.

"Any citizen has a right to come to the City Council and state his views if Council's prepared to hear him," said the Mayor. "I am not taking Mr. Calhoun's part, but it is up to the Council to state if they want to hear Mr. Calhoun or his representative."

"I appreciate what you have said," said Ald. Milne, addressing the chair, "but I will not answer any questions that his lawyer may put. I do not intend to be cross-examined by a lawyer. I will answer any questions Mr. Calhoun cares to ask about the goods. I have the members of the fire and light committee back of me in this."

Ald. Dunphy suggested that the matter be given over to the Fire and Light Committee to deal with, and that Council adjourn for a time to allow this committee to bring in a report.

On motion of Ald. Laturney and Price, the matter was referred back to the Fire and Light Committee for further consideration, and Mr. Calhoun and his lawyer were not given a chance to present their case to Council.

### REPORTS OF COMMITTEES.

The following recommendation of the Financial Committee was adopted:

"That the tender of the Bank of Nova Scotia, for the City of Kingston account, be accepted, being the lowest, the terms being to charge 5 1-2 per cent per annum on overdrafts, and pay 3 1-2 on creditor balances, minimum monthly."

The following recommendations of the Board of Works were passed:

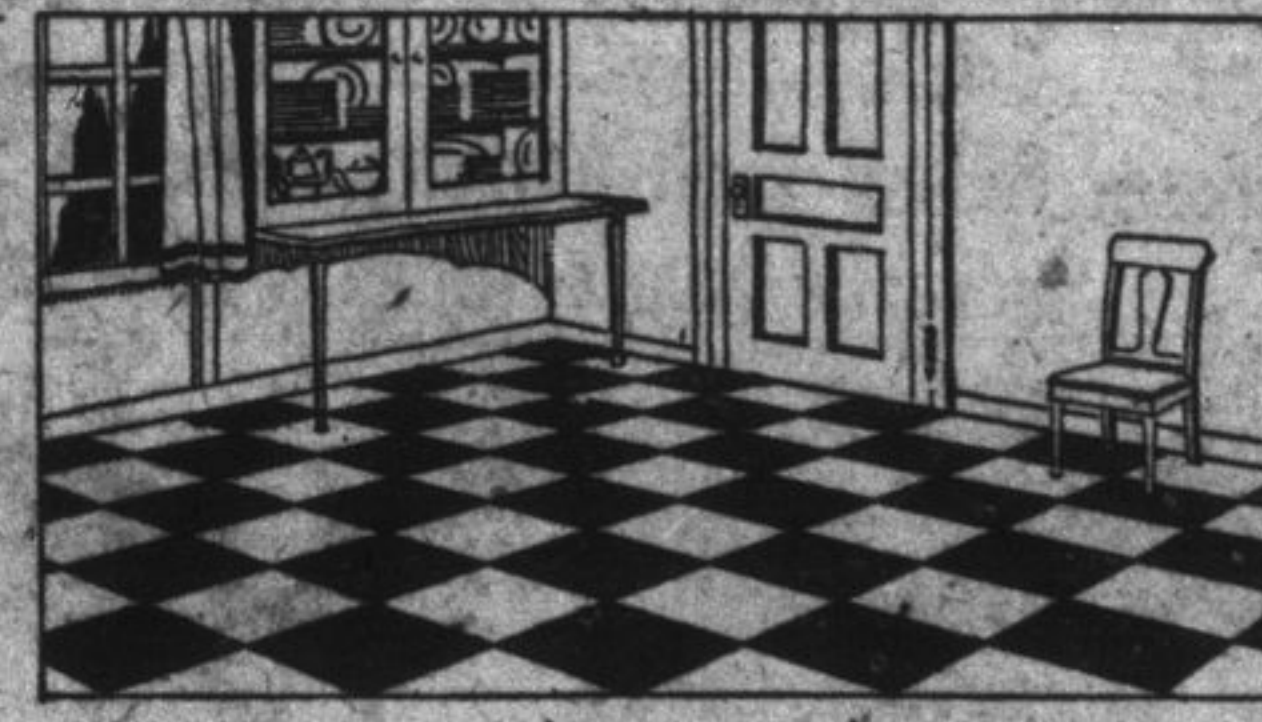

"That tenders be called for painting the motor cars belonging to this Department."  
"That the claim of E. Orwell, for damage to automobile amounting to \$22.25 be paid."  
"That the City Engineer be instructed to give notice to S. Anglin & Company, to remove lumber from Bay street."  
"That an electric sign be erected on the east side of Arch street, showing both ways 'No Parking,' in accordance with section 28 of the Traffic By-law."

These recommendations of the Fire and Light Committee were passed:

"That the agreement between John Hunter and this corporation arranged by the City Solicitor, with regard to said John Hunter's horses now in possession of the Department, be approved."  
"That a light be installed at the corner of Billee and Division streets."  
The Finance Committee will deal with the following communications: Department of Highways, re main-

## At Our Big Inauguration Sale Tuesday

## Inlaid Linoleums At Special Prices

New arrivals in Inlaid Linoleums including Block and Tile patterns and Jasper and Granite effects in the newest color combination, and the prices are so reasonable now that it will pay you to use Inlaid Linoleums on all your floors.

INLAID LINOLEUMS make the most durable floors, because the pattern goes clear through to the strong Burlap-backing, insuring years of hard wear. They are the most economical, because they never require expensive refinishing—just a washing makes them look like new, and they are the only sanitary floor, as there are no seams to hold germs, and the ingredients used in making Linoleums are deadly to germs.

Here you will find a pattern and coloring to suit your new color scheme for the home, office or store, in Dominion and Scotch makes at specially low prices.

MAKERS OF FINE FURS

### DESERONTO

Deseronto, Jan. 25.—Miss Ruth Irwin and Miss Kathleen Craggan, who are attending Napanee College, spent the week-end at their respective homes.

Chas. Thompson, of Thompson's Garage, gave an exhibition of car acrobatics on the ice on Sunday afternoon, to a number of interested spectators.

Mr. and Mrs. E. W. Scott have returned from Montreal where they have been spending a month with their daughter, Mrs. Frank Peden.

Mrs. Robert Dewar, of Belleville spent Sunday with Mrs. T. Allum.

Mr. and Mrs. E. C. Metcalfe left on Monday for California, where they will be for six weeks. Mr. Metcalfe will attend the canners' convention at Louisville, Kentucky, en route.

Mr. Spences of Napanee was a business caller in town on Monday.

On Saturday evening, under the auspices of the Ladies' Citizens League, seven tables of bridge were played at Greenbank, the home of the president, Miss Marjorie Rathbun. The first prizes were won by Mr. and Mrs. John Burns and the consolation by Miss Edna Warren.

At the conclusion of the playing refreshments were served. This method of raising money for the work, for which the league holds itself responsible, promises to be very lucrative.

### GANANOQUE

Gananoque, Jan. 25.—Miss Jean Gordon, nurse-in-training at Geneva, N.Y., is home for a few weeks with her parents, Mr. and Mrs. Alexander Gordon.

C. K. Wright, George R. Webb, C. S. MacKenzie and George Haynes are among the Gananoqueans attending the Montreal motor show.

Misses Edna Scott, Irma Nettall, and Daisy Gooding, Brockville Business College, spent the week-end at their homes here.

Mrs. Herba, Carthage, N.Y., who has been here with her 'aunts,' the Misses Quinn, left yesterday to spend a few days in Ottawa. Mrs. Herba was called to Kingston recently on account of the serious illness of her father, Frank Quinn.

Mrs. H. Hutcheson, Ottawa, is the guest of her parents, Mr. and Mrs. F. Haesler.

Mr. Crockett, Bank of Toronto, who has been spending his holidays at his home in Ottawa, returned to town on Saturday.

St. John's sanctuary choir, under the direction of Rev. O. T. Martin, who has been training them; sang the Vespers very creditably for the first time on Sunday evening.

Elected General Cashier, J. E. Sutherland, Joliette, Que., who has been elected general chair-
