News From District Places

ARDEN'S NEW CREAMERY.

Will Help The District Greatly—Plant Ready in Spring.

Arden, Feb. 3.—The Arden Creamery Limited are very busy getting their plant ready for the spring business. The president of the Company, J. A. Martin, has been in Arden for the past few days making detailed arrangements for the completion of all necessary work to be done. As soon as the snow makes the roads good for sleighing, Ben Hayes will begin hauling wood for the year's supply.

On Monday Mr. Martin gave the contract for all the machinery, same to be delivered at Arden on or about March 15th. Installation of the machinery will be done immediately upon its arrival at Arden. The trucks will be ready at about the same time. Adrian Way of Tamworth and Clark Alexander of Arden are at present soliciting cream throughout the district, and are meeting with remarkable success. The Company has also arranged for their butter maker and help necessary for the manufacture of first class product.

By Arden having a creamery and a cheese factory, indications are that the district will greatly improve and enjoy a prosperity never before experienced in its history. Every person for miles around will profit by these two staple industries, and all that can be done, will be done through co-operation, to further the interests of farmers and merchants in the surrounding territory.

A load of young people went to Athens to witness the hockey game between Athens and Delta. Athens won by a score of 3 to 1. Next Saturday Delta plays at Portland.

The rink is in first-class shape for skating, and many young people enjoy that recreation. A lot of wood is being brought into the village. Some are engaged putting in ice. Mrs. J. Girden is nursing at F. Findlay's.

A sale of household effects will take place at J. Eatons on Saturday next. The Junior Institute will meet at the home of Miss Vera Whitmore, this week. Miss Armstrong, Iroquois, was the guest of Mrs. William Bell. She was here installing officers for the Rebekah Lodge.

THE ROADS FILLING UP.

And Auto Driving Is Hard—A Fine Carnival.

Newburgh, Feb. 2.—The measles are in town again, a few of the people being sick with them. Some of the young people are attending the hockey match and also the movies in Napanee to-night. The Young People's League in the basement of the United Church was well attended last night.

George Paul and his men are busily engaged at the wood business. Willard Embury, Wesley neighborhood, is hauling wood for the Vandervoort Bros. Russel Cris, Switzer, ville, was seriously injured when his sawing outfit upset on him. He is in the General Hospital, Kingston. We all hope for a speedy recovery.

Victor Miller has been sawing wood on the village for the past few days. The automobiles are still running although the recent snow storms nearly put a stop to them. The roads north of the village are pretty well filled with snow according to reports.

The carnival held on the rink on Tuesday night was well attended, even if the weather was a little unfavorable. Miss Nellie Babcock took charge of the service in the Mission on Sunday. Mrs. Herbert Embury is spending some time with her son, Roy, on the Deseronto Road.

DIED IN NEW YORK.

Proved to be Miss Airth, Formerly of Renfrew.

Renfrew, Feb. 4.—The remains of Margaret Bell Airth, aged forty-eight, who died suddenly in New York last Thursday, arrived here on Tuesday night and were taken to the home of her parents, Mr. and Mrs. John Airth from which the funeral took place on Thursday. She was a private nurse in New York for twenty-five years, graduating from Long Island Hospital. While out for a walk last Thursday, illness overcame her, and entering a drug store she asked that a doctor be sent for.

Before his arrival life was extinct.

No identification marks were found upon her person, but last Saturday Miss Marjory Mackay, a fellow-nurse, formerly of Renfrew, identified her. Her father is the descendant of the original pioneers of Renfrew. She was born in the original homestead, cut out of the wood by Sergt. Henry Airth, Crimean War Veteran, in 1822.

Among the things squeezed out of a man when the world's foot is on his neck are moral scruples. It is hard to remember when you were a boy, and even harder to remember if you're a boy.

The Charleston is much like wagging your ears; it affords no thrill except for the spectators.

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, itching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

LATE WILLIAM MORAN, TOLEDO.

Passed Away After Brief Illness. Aged Seventy-one Years.

Toledo, Feb. 3.—It was a great shock to the people of this community when the word went forth Sunday afternoon, Jan. 24th, that William Moran had passed away after a very brief illness. On Saturday he suffered an attack of acute indigestion.

The late Mr. Moran was born in Ireland in 1855, a son of the late Maria Hipson and John Moran, and when the boy, William, was six years old, his parents came to Canada and settled in this district where he spent the last years of his life, having in his younger days spent some time in Michigan, also in Western Ontario and later in Smith's Falls. He was an expert cabinet-maker and actively followed that vocation up to the day he became ill. He also did considerable work as a painter. Deceased was the possessor of sterling qualities, very quiet and unobtrusive in his manner, but ever ready to lend a helping hand when called upon. He was of Anglican faith. His first wife was Miss Maria Morrison, who passed away in 1910. There survive to mourn a loving father, Mrs. Gerald Gould, of Alhambra, California, and Mortimer A. Moran, of this place. A few years ago, he married Miss Cynthia A. Price, who survives. Of a family of eight there survives four sisters and one brother, Mrs. Thomas Rae, Flint, Michigan; Mrs. R. C. Russell, Detroit, Mich.; Mrs. Alexander McQueen, Morefield, Ont.; Mrs. Sanford Mor-
