

Love's on the highway,  
St. Valentine draws near,  
When a-body loves a-body  
Who is mighty fine,  
Then a-body tells a-body  
In a Valentine.

And for your party—Serviettes, Place  
Cards, Programmes, Tally Cards, Cupids  
and Hearts.

Send a Valentine Greeting Card.

RADIO DEPRESSION  
COMING TO AN END

Recent Bad Conditions Are At-  
tributed to Mild Winter  
and Moisture.

Radio fans will be glad to learn  
that the long period of radio de-  
pression which has been worrying local  
dial twisters is about to come to an  
end and that the radio fans old  
enemy "static" is due for a set back.  
Radio experts in the city, who have  
had their fingers on the pulse of gen-  
eral conditions in the radio world,  
all winter during the long siege of  
trouble, report that other conditions  
have improved and are convinced  
that a change is due. One expert  
has kept a record of conditions all  
winter, he says that the trend during  
the last four days is for the better  
and that other conditions are clear-  
ing up with the approach of the  
spring months. Although "static" is  
still with us, the music comes  
through strong from many stations  
and as long as you are not particu-  
lar about a squeak now and then it  
is possible to enjoy a programme  
from start to finish. This expert at-  
tributes the bad conditions this  
year to the mild winter with its ac-  
companying moist atmosphere which,  
as radio fans know is the chief point  
affecting radio reception.

One extensive experimenter in the  
city said: "The results this year  
haven't by any means equalled those  
of last year, but I am looking for a  
pick up in March." Dealers also re-  
port that the sales along all lines in-  
cluding even magazines on this sub-  
ject are still very popular, even  
though it was a struggle all winter  
for the radio fans to turn in on a  
station without all kinds of inter-  
ference.

One thing that has aided radio  
fans is the use by a number of large  
broadcasting stations of 50,000 watt  
transmitters using this type of trans-  
mitter are WGY, Schenectady, New York and WJW,  
New Jersey. Other stations are also  
installing them at present. Another  
fact that has been aiding the fans is  
the idea of installing the actual  
broadcasting stations in the country  
away from interference in the city  
where the studios are located. This  
system is called "remote control,"  
and is proving to be a great success.

The short wave length which is a  
contribution by amateurs to radio  
has proven to be a great success dur-  
ing the depression and it is hoped  
that in time the short wave may re-  
place altogether the long wave which  
has proven its weakness to the fans  
in their time of trouble. The days  
of amateur interference are over, ac-  
cording to the Kingston savants, and  
they claim that they have held con-  
versations between each other by  
radio when the stations were not  
more than a block apart. This kind  
of experimenting is being carried on  
in Kingston and the accomplish-  
ments of some of the amateurs here,  
should make the professionals sit up  
and take notice.

Some of the local amateurs are  
contemplating alterations in their  
broadcasting sets and they intend in-  
stalling the latest apparatus so that  
they can get distant stations. In  
many cases the Kingston amateurs  
have relayed messages when tele-  
phones between distant points were  
out of commission and in this way  
have proven the practical value of  
amateur radio.

A Really Fine Picture.  
The Toronto Globe says: A King-  
ston merchant advertises in The  
Whig to greet a reorganized firm  
and to commend its predecessors as  
"neighbors and friendly competi-  
tors" who never lowered their pre-  
tense "by resorting to the byways of  
sharp practices." This is a better  
picture than that sometimes present-  
ed by extremists in describing busi-  
ness and capital as forever devoted  
to "skinning" the rest of the world.

GANANOQUE

Gananoque, Feb. 13.—Miss  
Phyllis Sine spent Thursday at the  
General Hospital with her father,  
who is convalescing rapidly and  
hopes to be well enough to come  
home early next week. Mrs. Sine,  
who has been with her husband since  
his operation, returned home on  
Thursday.

Mrs. Nelson Amo was taken to  
the Hotel De Kingston, Friday  
and operated on that afternoon. Her  
condition last night was reported as  
favorable as could be expected.

The marriage took place on Wed-  
nesday afternoon last at the parson-  
age of Mrs. Daisy Belle Haesler and  
Gerald Pelow, Rev. Mr. Perry of-  
ficiating. The bride, who was gown-  
ed in blue charmeuse, fur trimmed,  
was attended by Miss Alice Bolton,  
Gerald Sheets being the groom's as-  
sistant. After the ceremony, a dainty  
buffet luncheon was served to im-  
mediate friends at the home of the  
bride, Georgiana street.

Miss Jane Cowan and George  
Webb were the prize winners at the  
bridge given by Jack Sampson on  
Thursday evening. Those who made  
up the three tables were Miss Jane  
Cowan, George Webb, Mrs. Mildred  
Baker, Miss Violet Britton, Ross  
Richardson, Mrs. Robina Arm-  
strong, Mr. and Mrs. E. S. Byers,  
Miss Helen Rees, Jack Hargrath,  
Keith Taylor and Wally Jones.

Wyman Mullin, Ottawa, is in town  
for a few days.

Mrs. C. S. Lee, Oshawa, is spend-  
ing the week-end here with her  
mother, Mrs. M. Brennan.

Dr. Fergus O'Connor's many  
friends here will be glad to hear  
that his condition yesterday show-  
ed some slight improvement.

NAPANEE

Napanee, Feb. 13.—Mrs. Henry  
Creighton left yesterday for Sud-  
bury where she will be the guest of  
her father and sister.

J. L. Murray, of the Collegiate In-  
stitute staff, is spending the week-  
end in Toronto.

Miss Margaret Wootton, of the  
Collegiate staff is also spending the  
week-end in Toronto.

A number from Napanee took in  
the Belleville-Cornwall game in  
Kingston on Friday night.

The fifth form of the Collegiate  
Institute held a jolly sleighride  
party on Thursday night to the home  
of Miss Bernice Nugent, Newburgh  
Road.

KEEP LITTLE ONES  
WELL IN WINTER

By Regulating the Stomach and  
Bowels With Baby's Own  
Tablets.

Winter is a dangerous season for  
the little ones. The days are change-  
able—one bright, the next cold and  
stormy, that the mother is afraid to  
take the children out for the fresh  
air and exercise they need so much.  
In consequence they are often cooped  
up in overheated, badly ventilated  
rooms and are soon seized with colds  
or grippe. What is needed to keep  
the little ones well in Baby's Own  
Tablets. They will regulate the  
stomach and bowels and drive out  
colds, and through their use the baby  
will be able to get over the winter  
season in perfect safety.

In using Baby's Own Tablets the  
mother has an absolute guarantee  
that she is giving her precious little  
ones something that is absolutely  
safe and something that cannot pos-  
sibly do harm to even the newborn  
babe as the Tablets contain not one  
particle of opiate or other danger-  
ous drug. They are sold by medicine  
dealers or at 25 cents a box, by mail  
from The Dr. Williams' Medicine Co.,  
Brookville, Ont.

Our national forests cover ap-  
proximately 187,000,000 acres.

ST. VALENTINE'S DAY

Back in the days when Roman  
maids and swains trod the purple  
grapes into wine and danced and  
sang in the golden outdoors, there  
was much feasting and dancing at  
the old feast of the Lupercal.

This feast was in honor of the  
horned god Pan and of Juno, the  
haughty and feared wife of Jupiter.  
At this feast a marriage lottery  
was held. Names of marriageable  
damsels were put within a box and  
drawn out by spouse-seeking swains.  
That's one story of how St. Valen-  
tine's Day came about!

Legend has it that when the  
Christian God shooed away the old  
gods of the pagan Greeks and Ro-  
mans, they did away with the mar-  
riage lottery, too, but put the names  
of patron saints within the box and  
drew.

Each Christian, then, had a saint  
to guide him or her through the com-  
ing year.

Then, in later centuries, the  
"drawing slip" idea was revived on  
one eve a year, St. Valentine's Eve,  
and the slips grew into flowered and  
ribboned and lace valentines.

That's only one story of the  
myriads which try to explain how St.  
Valentine's Day came about. The  
colorful legends of all nations try to  
explain it. In fact, we have not an-  
other holiday which so teems with  
contradictory stories.

But every story is so plausible, so  
pretty a tale, so dramatic, that we  
might as well keep them all.  
There's this one: The merchants be-  
lieved that the birds selected their  
mates on Feb. 14th, so humans be-

use. Good Furniture in your home is a paying in-  
vestment. It insures comfort, refinement, satisfac-  
tion and happiness. Satisfied with the price, satis-  
fied with the quality. When you buy here you have  
the added comfort in knowing that you are pro-  
tected from inferior goods.

JAMES REID

THE LEADING FUNERAL SERVICE.

Phone 147 for Service.

On the beautiful valentine which his  
wife, Deb, received from a mutual  
gentleman friend.

Later on England ruined Valen-  
tine's Day by making it an occasion  
for the sending of malicious anony-  
mous missives.

Our own country did not send val-  
entines until the late 1840's, when a  
young New England miss copied a  
valentine sent her from England and  
soon amassed a fortune.

MILLER BROS. SHOWS  
FOR THE KINGSTON FAIR

An Important Announcement  
Is Made by Mr. R. S.  
Bushell.

R. J. Bushell announces that he  
has been successful in securing Mil-  
ler Bros. great shows for the car-  
nival of the Kingston Industrial Ex-  
hibition, Sept. 14-15. The Miller  
Bros. train consists of twenty-five  
cars, with five sleepers, their em-  
ployees numbering 375.

Arrangements have been made  
whereby the shows will be in place  
on the fair grounds Monday the 13th,  
so that citizens will be permitted to  
see this great show previous to the  
opening of the Kingston Industrial  
Exhibition the following day.

Owing to the magnitude of the  
Miller Bros. shows they can only af-  
ford to contract with the larger  
fairs, as the Kingston Industrial Ex-  
hibition is now classed with the larger  
exhibitions of the Dominion.

Perth Church Union.  
Perth, Feb. 13.—For the past two  
months negotiations have been going  
on between Knox, former Presbyter-  
ian, and Ashbury, former Methodist  
churches, with a view towards local  
union. The basis as drawn up by  
the negotiating committee and pas-  
sed by the boards of the respective  
churches received the unanimous ap-  
proval of the congregations of the  
two churches. The new congrega-  
tion will be known as the United  
Church of Canada at Perth, Ont., and  
the edifice to be used will be that  
formerly known as Knox church. The  
union will be effected on April 1st.

Swollen Joints,  
Quickly Limbered Up  
Rub On Nerviline

You would be surprised at the won-  
derful action of "Nerviline" in just  
such cases. Being this and not an  
oil preparation, it is able to penetrate  
quickly, and down it sinks into the  
tissues, carrying its healing, soothing  
action wherever it goes. For stopping  
muscular or nerve pain, for easing a  
stiff joint, Nerviline is a complete  
success. Pain, soreness, stiffness all  
vanish before the magic power of this  
wonderful liniment. Nearly fifty  
years of success prove the merit of  
Nerviline, which is sold everywhere in  
large 35 cent bottles.

HAROLD LLOYD  
in "Never Weaken" at the Capitol,  
Monday, Tuesday and Wednesday.

PUZZLE  
\$9,000  
GIVEN FREE

The above amount of money  
has been given away by us in  
CASH PRIZES.
