Mrs. J. R. Adams, Assiniboia, Sask., writes: "For months I was troubled with a coated tongue, and had a bad taste in my mouth every morning.

Mr. Coulter thanked the friends in a very fitting manner and expressed his regret at leaving the community.

Refreshments were served and the party broke up, all extending their good wishes to the departing family, who are taking up their residence on the farm lately purchased from C. C. WHAT IS THE USE OF LIVING ?

What is the use of living when a woman gets up in the morning as tired as when she went to bed at night, with headache, backache, dragging-down pains, nervous, irritable and despondent? These are all symptoms of ailments peculiar to her sex which make life a burden. Every woman in this condition should rely upon Lydia E. Pinkham's Vegetable Compound, a good, old fashioned remedy made from roots and herbs. It contains no narcotics or harmful drugs.

You Must be the Judge
But You Have the Sani-Bilt Guarantee to Fall Back on

THE real test of a Chesterfield Suite is the test of time—the test of use and wear. You cannot supply the test of time to a Chesterfield before you buy it. That is impossible. You must be the judge yourself.

Rules of Procedure
In judging a Chesterfield suite proceed as follows:
Ask the salesman to tell his full story. Ask him what the manufacturers claim. Ask him whether it is moth-proof. When he has stated his case, you have one very simple piece of evidence still to bring out. Ask him: "What do they guarantee?"
Make him answer it clearly and straightforwardly in plain words—what do they absolutely and unequivocally guarantee?

Value of a Guarantee
If there is no guarantee you know at once that the "beliefs" of the salesman and the "claims" of the manufacturer will avail you nothing.
If the guarantee is for one year only it is useless. You might have moths the second year, and they would be just as bad the second year.
Make him say the suite is guaranteed moth-proof absolutely and for all time. No other kind of guarantee against moths is worth having. If he can't quote an absolute guarantee withhold judgment and adjourn somewhere else.
If he satisfies you that the guarantee is absolute, ask to see it. Then, as final proof, lift the cushions and look for the Sani-Bilt label.

An Absolute Guarantee
There is only one brand of upholstered living room furniture which is guaranteed absolutely. Snyder's Sani-Bilt furniture protects you from the danger of moths not only for the first year, or the second year, or for any limited period, but forever. It is a permanent guarantee. No other manufacturer dare offer such a guarantee, because the Sani-Bilt mothproof process is the only mothproofing process ever discovered which absolutely destroys the food value for moths in animal fibre such as wool, silk, hair and feathers, without injuring the material in the slightest degree, or leaving mark, stain, discoloration, odor or poison. Moths will never attack a genuine Sani-Bilt suite.
The Sani-Bilt guarantee also assures the buyer of a new Sani-Bilt suite, sound construction, clean, sanitary, upholstery fillings, and strong durable materials.
The extra beauty and comfort of Sani-Bilt Living Room Furniture testify for themselves at first sight, and the fabrics are of qualities that retain their shades.
Price comparison means nothing without an absolute moth-proof guarantee. Sani-Bilt is offered in a range of prices to fit every need. And in the most beautiful coverings—velours, tapestry, brocade, denim, etc., picked after world-wide selection. We leave you to judge. Ask to see our catalogue if the dealer's stock is incomplete.
