Strengthens the Stomach Improves Digestion

By Clearing the System of Sour, Fermenting Wastes, Dr. Hamilton's Pills Quickly Restore

If fermentation of food in the stomach can be prevented, you go a long way towards stopping the most frequent ailment of the day. After once using Dr. Hamilton's-Pills the stomach is cleared of the sour, fermenting matter that causes gas, heartburn, indigestion and headaches. You will be pleasantly surprised at the smooth, easy way in which Hamilton's Pills tone up the liver, kidneys and stomach. To secure the aid your system needs, use

into their own in the British markets, following the removal of the cattle embargo, with shipments of over 100,000 during 1925.

Few countries can show a greater percentage increase of exports or a great per capita trade since the close of the war.

Canada had a substantial waterpower development, of more than 300,000 horsepower, during 1924, involving \$45,000,000 in added capital expenditure, and bringing the total development up to 3,569, 275 h.p., and a development of 700,000 h.p. in 1925-another re-

Canada's wheat crop average 1925 reached 17.8 bushels per acre, as compared with 11.9 bushels

roads aided by the Dominion Government grant of \$20,000,000 have been built, and the total length of the road systems to which this contribution has applied is 25,000

The Bankers' Trust Company New York says that Canada is the only country where the income per capita is now greater than before the war, having risen from \$250 to \$261, while those of Great Britain and the United States have fallen. Canada's death rate is one of the owest in the world. Canada's silver production

been the greatest within the Empire for two decades. The port of Montreal is the world's great grain exporting sea-

Canada's live stock value has eached 3641.000,000. Canada stood first in 1924 in actual consumption of electrical energy, of over 1,000 kilowatt hours

per capita, being second in turbine horse-power development installation and third in installation per 1 .-000 population. Canada's exports of paper and paper products now exceed \$100 .-

000,000 annually. Motor vehicles registered in Canada have increased from 69.547 in ten times as many, and over 700,- public ownership schemes in the capture this limpid simplicity, 000 in 1925. Nearly two million world. motor cars entered Canada in 1925.

opples annually. The half million milch cows in the track). prairie provinces in 1915 have loubled in number.
