**SPLENDID TALK
 BY DR. McNEILL**

**Registrar of Queen's University
 Made Plea on Behalf of
 Endowment Campaign.**

Dr. W. E. McNeill, Registrar of Queen's University, speaking at the meeting of the Kiwanis Club in the Hotel Frontenac, Monday noon, made a splendid appeal to the members to assist in Queen's Endowment campaign for \$2,500,000, which is being carried on, stating that the university must have the money if the work of the college is to be successfully continued.

The speaker stated that no university in Canada has revenue which meets the expenses. He said that Queen's had their first endowment campaign in 1839 when \$11,000 was raised, the city of Kingston giving \$1,100 of this amount. Since then several campaigns have been held, the last one being seven years ago when \$1,000,000 was raised.

Dr. McNeill stated that at present the university has an endowment of about two million dollars, of which the interest is \$100,000. This amount, he said, only goes to pay about one-third of the expenses of the college. He said that Varsity is spending more every year than Queen's total endowment, while in the United States the big universities are starting campaigns for great sums.

"Our expenditure," said the speaker, "is increasing every year, while our revenue is falling off. In two years \$70,000 in Western mortgages has been turned back, the university losing the eight per cent. interest on them. About \$80,000 was given to the women's building, and the same amount towards the heating plant. Then too, the students' fees have been falling off, and only go towards paying about one-third of the expenses."

Dr. McNeill gave figures to show how the cost of upkeep at the college has been jumping year after year. In the matter of the upkeep of the grounds alone, there has been an increase from \$900 in 1919 to \$2,400 this year. The university owns considerable land on which there are no college buildings, and on this the college pays taxes, which amount to \$5,600 this year as compared with \$1,600 seven years ago.

"Queen's University," said Dr. McNeill, "is Kingston's biggest industry. It spends its revenue of \$500,000 here, and it can be estimated that the students leave about that much money in a year in the city also, thus meaning that the college is worth at least \$1,000,000 a year to the city."

Dr. McNeill stated that there are many boys and girls in the city who would not get university education were it not for the fact that Queen's is located in Kingston. He referred to the fact that Queen's is national, stating that 225 students are at the University from the Western provinces, and over a hundred from the Eastern provinces.

In conclusion he outlined the work being done towards perfecting the organization of the campaign. Mr. Stalford has been secured as director of the campaign on a straight salary, and is already arranging matters in the Chicago district. There will be six divisions, divided into 33 sub-divisions. The Kingston division included the territory from Peterborough to Cornwall, and will be the last district to be canvassed.

The hearty thanks of the club was tendered Dr. McNeill by Kiwanian Ernie Sparks.

Club Business.
 Encouraging reports were received from the chairman of the committees in connection with the coming ice carnival. Kiwanian Harold Davis told of the arrangements to bring speed and trick skaters here from Montreal and Ottawa, and Kiwanian John Austin reported for the costumes committee.

Kiwanian George Bowden gave the report of the prize committee, showing that the members have responded most generously to the appeal for prizes. These prizes are to be displayed in Steacy's window. The prizes will be given as follows:

MARCH FURS

Every month in the year we make and sell Furs. For shrewd buyers March is an ideal time to buy.

secured by the locomotive works would mean a big boost to baseball. Last year there had been a falling off of about 33 1-3 per cent.

Ald. Reid said the committee should go on record as being in favor of the baseball club and the Driving Club submitting in writing to the committee, just what they were willing to pay the city for the grounds. This should be taken as a basis, and then everyone should get back of the scheme and put it through. If the city was assured of \$4,000 per year in revenue, he felt that there would be no danger of the bylaw being defeated.

Mr. Kane said the St. Lawrence League would have to play in an enclosed field and that there would be one game a week. He felt that the charge to the ball clubs should be fixed at so much per base, that is so much on each ticket sold.

Mr. Steacy contended that baseball was the big source of revange. In the big league there would be three games per week, and he felt that the baseball clubs should be given every consideration. He stated further, that he would call a meeting of the executive of the big league, and get their decision in writing for the committee.

Ald. Anderson favored taking up Mr. Steacy's suggestion for more grandstand accommodation.

After some further discussion, the committee decided in favor of asking the clubs for ten per cent of their gross receipts.

The committee also spent some time considering their estimates for the budget, and these will be brought down in time for the consideration of the finance committee.

The chairman, Ald. J. E. Johnston, presided at the meeting and others present were Mayor Angrove, Alds. Allan, Anderson, Bennett, Reid and Danphy.

FORMER KINGSTONIAN DEAD.

Walter Scott Passed Away on Saturday in Utica, N.Y.

Walter Scott, aged 60, a native of Kingston, died at his home, 517 Kosuth avenue, Utica, N.Y., on Saturday, Feb. 27th. The cause of death was anemia. He is survived by his wife, Emily Beatty Scott, one daughter, Mrs. Sidney Corson; two sisters, Mrs. Charles Bogridge, Toronto, and Mrs. Ben Woollard, of Greenwich, Conn.; one brother, Fred C. Scott, of Syracuse, N.Y., and three grandchildren. The funeral will be held Tuesday and burial will take place at Utica.

Thirty-six years ago deceased was on the staff of Rockwood Hospital, where he met and married Miss Emily Beatty, who was a nurse at Rockwood. He was a son of the late Martin and Mary Scott, the former in the early 70's being bandmaster of the Forty-seventh Regiment Band.

There are nearly 4,000 picture theatres, large and small, in the British Isles, and at least 15,000,000 persons visit them every week.

Super-tax was payable by about 95,000 persons in Great Britain and Northern Europe in 1925-24.

A big bear movement in Wall Street, New York, wipes out weak marginal accounts.

The population of metropolitan Boston is 1,895,345.

**TWO PORTRAITS ARE
 IN NEED RETOUCHING**

Property Committee Asks Expenditure of \$550 on Memorial Hall Paintings.

If a recommendation of the City Property Committee is passed by the City Council, and there is every reason to believe that it will go through without objection, two very valuable paintings in Memorial Hall will receive some much-needed attention.

The paintings in question are those of Sir John A. Macdonald and Hon. Mr. Hagerman. The portraits of these two distinguished men are sadly in need of retouching—in fact it is stated that if they are not given attention soon, they will be ruined. The matter was taken up by the Property Committee last year, but, owing to shortage of funds, no money was voted for the work, but it is felt by the committee this year, that the work must be undertaken in order to keep up the city's much-prized collection of portraits of famous men, in its Hall of Fame.

M. J. L. Rawbon of Toronto, a celebrated artist, has made an offer to do the work, and his offer is regarded as a most reasonable one. The two portraits are in such a condition as to require special attention, and it will mean a delicate piece of work. Mr. Rawbon will retouch the portrait of Sir John A. Macdonald for the sum of \$250 and that of Hon. Mr. Hagerman for \$300, a total expenditure of \$550. The portrait of Sir John was painted in 1863.

The Property Committee will place this amount in their estimates for the work, and are hoping that

their colleagues in the Council will see to it that the amount is passed so that Mr. Rawbon can proceed with his work this summer.

Twenty blocks of homes were destroyed by fire and three thousand persons are homeless at Newport, Arkansas.

Premier Ferguson himself may take the portfolio relinquished by Hon. James Lyons.

Indigestion

When chronic, is best relieved by Dr. Chase's Kidney-Liver Pills.

In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and aid to digestion fall in this chronic form of indigestion. You must get the filtering and excretory organs right before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion is a very common condition. On this account many suffer for years not realizing that relief is at hand in the form of Dr. Chase's Kidney-Liver Pills. Headaches, biliousness, spells of constipation and diarrhoea are among the accompanying ailments.

What a relief it would be to be free of this condition which makes one feel so miserable and it is so easy by using this well-known regulator of the liver, kidneys and bowels.

**Doctor Says Bad Feet
 Are Worst Handicap
 of 20th Century**

Sore feet make one unfit for business, pleasure, or home life. They ruin the sweetest dispositions and turn joy into gloom—the greatest known source of "bad temper" in the world. But, here's good news—joyful news that you can really believe. Corns, bunions, callouses and sore, dried, tender, itching, burning feet—can be surely and almost instantly relieved by the cooling, pain-killing touch of Gevo Wormwood Balm!

Without grease or stain, Gevo Wormwood Balm—the "rub" that's good and within 30 seconds the "cooling" comfort will be felt. Pain stops—corns go—and in a few days your feet will feel as cool and comfortable as those of a barefoot boy. Every foot, sore or aching, suffering, of satisfaction by all good druggists—try it to-day.
