51 Years Old Claims He Feels Like Boy Again

Prominent Business Man Explains
Joy of Youthful Activity and His
Defeat of Old Age.

"Not leaping from bough to tree top in the glim of a monkey" — but, from a tiny little box in his vest pocket, came this change from a weakened, all in condition to a feeling of youthful health and activity. He says: "The new Erbac discovery has certainly been worth a million to me. I cannot express too much thankfulness for it. At 51 I seemed pretty much 'all in' and had felt badly for several years — now, thanks to Erbac, I feel like a boy again!"

The simple treatment mentioned above has won the highest praise from those who have used it to ward off a feeling of weakness, lack of ambition and vigor, loss of nerve force and signs of approaching old age. Put up in tablets, plainly wrapped and convenient for easy home use, the treatment is the recently announced discovery called Double Strength Erbac. It contains no harmful or habit forming drugs — but as affirmed by many users, gratifying results are shown usually within a few days.

For the convenience and benefit of men and women in this locality, who have never before had a chance to try this discovery, James B. McLeod has been furnished with a limited shipment of the regular 15 day treatment to supply to all who wish to try it on a no risk basis. Results, in all instances, must be completely satisfactory or the cost of Erbac will be promptly refunded.

NOTE: Do not confuse this treatment with ordinary body builders or Nerve Tonics. Double Strength Erbac is a special formula — not intended for children — but particularly designed for the use of those near or past middle life.

UTTERLY DISCOURAGED

This Was the Condition of a P. E. I. Woman Before Taking Dr. Williams' Pink Pills.

"My illness began," says Mrs. M. J. Ahern, R. R. No. 2, Alberton, P.E.I., when my husband went overseas and I was left with the care of a farm and stock, with no help but that of a young boy. My health broke down and for the first time in my life I became utterly discouraged. I lost my appetite, had no strength, and was ready to die a crying spell any moment of the day, as the work loomed up ahead of me. A friend happened to speak one day of the good Dr. Williams' Pink Pills had done her and urged me to try them. I had not energy enough, or perhaps confidence enough, to try them, but she would not be denied and sent me three boxes, and by the time I had taken them I knew they were helping me and was anxious for more. I continued taking the pills for nearly six months and by that time I had safely passed a critical period in my life, and regained by usual good health. To all overworked, nerve-racked women — and there are a great many of them — I still say, and at all times, take Dr. Williams' Pink Pills and I know you will regain your energy."

There are many troubles due to weak, watery blood easily overcome by a fair use of Dr. Williams' Pink Pills. The whole mission of this medicine is to purify and enrich the blood, and when that is done all the varied symptoms of anemia disappear and good health returns. You can get Dr. Williams' Pink Pills from any druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

GANANOQUE

Gananoque, March 4.—Those who motored to Kingston on Tuesday evening for the hockey game had quite an interesting and not altogether delightful experience on their return journey. The trip up was made in about an hour, but during the course of the evening with quite a wind blowing the drifts made the road almost impassable. The first of the twenty cars or more left Kingston around 10.30 and spent about three hours shovelling, pushing, and using every means available to get the car just beyond Barrieffield hill. By this time there was quite a procession of cars coming along, each car and its occupants taking turns in paving the way and they arrived home something after 2 a.m. There were some ladies in the party, who enjoyed the novelty of the experience, but as yet none of the gentlemen members have been heard to enthrone much. They would all probably take the same chance again though to see another good game.
