What the Press Agents Say About Coming Attractions
CONNIE TALMADGE MAKES HIT IN NEW COMEDY
Constance Talmadge plays her most unique role in "Her Sister From Paris," which opened at the Capitol Theatre yesterday. For the first time in her life, she acts the part of her own sister!
The story has to do with the exploits of a young and charming—although too thoroughly domesticated—wife who educates her husband into showing his love for her. To do it, she impersonates her own madcap sister from Paris, who has become famous as a dancer.
It was necessary to evolve for Constance a disguise which would so completely transform her that even her husband wouldn't know her, and at the same time retain enough of her real loveliness so that she looked like herself. Particular care was taken with her gowns, and dressmakers worked for weeks before Constance and Sidney Franklin, her director, were satisfied.

SHIRRIFF'S MARMALADE WEEK.
Wonderful Sales Effected Through Whig Advertising.
This has been a real week for Shirriff's Marmalade. This well-known Marmalade, made from Seville Oranges, imported from Spain, has been brought to the front in Kingston, Toronto, manufacturers of Shirriff's Marmalade, in introducing Marmalade Week here, used the British Whig exclusively to further make known the high qualities and of this marmalade and the names of the stores that sold it. The grocers in Kingston certainly deserve credit in the very fine window and counter displays, which are visible in all parts of the city and according to reports of the advertising in the Whig, with the co-operation of the grocers, has increased the sales wonderful.

QUEEN'S DEFEATED IN A KEEN DEBATE
Ontario Agricultural College Given Decision on Thursday Night.
The Ontario Agricultural College debating team defeated Queen's team on Thursday evening, in Convocation Hall. The contest was a keen one from start to finish, both sides presenting very strong arguments. The Queen's team excelled in points, but they won by a narrow margin, due to the better style of the Queen's debaters.
The subject, "Resolved that a System of Proportional Representation Should be Adopted in Canada," was the same as that argued a few weeks ago between Queen's and "Varsity."
J. S. Findley, first speaker for Queen's, in supporting the affirmative, pointed out five reasons why a system of proportional representation should be adopted. He declared that it would give equitable rights to every one, and would relieve a great deal of discontent. The new system would also raise the standard of intelligence of the members of the House of Commons, and would give the government of the country a definite mandate of the people on which to base their programme. It was the only system that represented the people adequately.
Gorden Mackinney, first speaker for the negative, built up a strong case, pointing out the many faults of the proposed system, and citing incidents where it had proven to be a failure. This speaker backed his points up strongly with statistics.
The second speaker for the negative, D. A. Skelton, pointed out the abuses of the present system of election, and urged that the proposed measure would remedy this fault. It would also give the people greater freedom, and would weld together the many national units.
Thomas Gorin, second speaker for the negative, in a very able manner, refuted many of the affirmative's points and brought out the weakness of the measure in regard to bye-elections and technical difficulties.
The judges were Principal E. O. Siler, of the Collegiate Institute, Rev. T. W. Savary, and Mr. J. B. Stewart, American Consul-General at Large, Washington, D.C.

OBITUARY
Mrs. Mary Ann Honie.
Kingston lost one of its oldest, most well-known and respected residents Thursday night, when Mary Ann Galloway, aged eighty-six years, widow of the late James Hanley, former local customs officer, passed peacefully away at the Kingston General Hospital, after a short illness. Mrs. Hanley became seriously ill on Sunday last.
The deceased was born in Quebec City; but came to Kingston when very young and spent the remainder of her years in this city. She was very well known and, having a kindly disposition and a charitable nature, she was beloved by all who knew her. The news of her death was received with the deepest regret by her many friends.
The deceased is survived by one sister, Miss Belle Galloway, who tenderly cared for her in her late years. Her two sons, Drs. George and James, predeceased her, the former passing away sixteen years ago and the latter three years ago. Both sons were graduates of Queen's University and Dr. George served for four years as a British army medical officer during the great war. The late Mr. Hanley passed away about a year ago.
The funeral will take place on Saturday afternoon at 3.30 o'clock from her late residence, 73 Gore street, to St. Mary's cemetery, Rev. W. E. Kidd will officiate at the service at the residence, which will be private.
Mrs. Catherine Boyd.
Mrs. Catherine Boyd, aged sixty years, passed away at the Hotel Dieu Hospital on Thursday night, after an illness of some time. The deceased had lived in the city for a number of years and was very well known and kindly regarded. The remains were sent to Lavant on Friday morning for interment.
Fire Motor Expert Here.
Ben Graf, an expert from the Ahrens-Fox Company, Cincinnati, arrived in the city on Thursday night, and will be engaged by the city in instructing motor mechanics for the fire department.
Mr. Graf was in Kingston at the time the big pump was delivered to the city. He met the members of the Fire and Light Committee at a special meeting held on Friday morning when arrangements were made for the instruction of the men of the fire department. As a result of the resignation of Hugh Poille, who held the position of motor expert, the city has to fill this vacancy and it was also decided to put on an extra man so that the department will have an expert motor mechanic for both day and night platoes.
Had "Social Evening."
The members of the Kingston Shrine Club were the guests of The Ancient St. John's Lodge at a "social evening" held at the conclusion of the regular lodge meeting. The chairs were occupied by members of the Shrine, who conferred the first degree. An excellent programme was given by local talent, the chairman of the evening being Mr. Claude Gordon.

Mr. Giller holds a number of medals and trophies as evidence of his skill in speed skating. Licut-Governor Cockburn has been working for some months to secure the best possible talent in Toronto for the Ice Carnival. The fact that he has been able to secure Al. AXE HANDLE ROW AIRED IN THE COURT
Recent Rumpus at Arden is Being Probed in Assault Charge Before Judge.
The ability of the Parks family to make axe handles was the cause of a row at Arden on January 14th, when Tom Parks, playing the role of the innocent bystander, was hit over the head with the axe handle in question, and sustained a fractured skull. Gus Knight, who, it is alleged, wielded the axe handle, was arraigned for trial before Judge Lavell on Friday morning. Crown Attorney Eigney prosecuted and J. M. Simpson appeared for the defence.
According to the witnesses called for the Crown, Edward Hughes, Thomas Parks, Claude Parks, Charlie Parks, Leo Thompson, Orville Thompson, Roy Knight, Gus Knight and Mrs. Gus Knight were congregated at Gus Knight's house on the night when the assault is alleged to have taken place. There was no party on, but they had been invited in at different times during the evening.
Gus Knight showed an axe handle to Orville Thompson and Charlie Parks. Thompson asked Parks if he could make an axe handle as good, and Parks said he could. Thompson, according to the testimony of the Crown witnesses replied that he could not, nor could any of the Parks family. Parks then invited Thompson outside. Charlie Parks said that outside he asked Thompson if he intended to make fun of him, and Thompson had said no. Thompson then went back into the house.
Gus Knight, Claude Parks and Tom Parks had followed the original contestants out, and Claude Parks said that Knight had the axe handle in his hand and struck him with it. Claude Parks had grappled with Knight and Roy Knight and Charlie Parks had mixed in the fight. They had separated and it is alleged that Gus Knight then swung on Tom Parks, who had said nothing and had taken no part in the fight.
J. M. Simpson asked very witness if there had been any liquor in evidence during the night, and they all replied that there had not been.
Dr. Bogart gave evidence as to the extent of the injury to Tom Parks, and said that he had operated and had removed six small fragments of bone that were broken in the skull. He said the wound was one which might very easily be inflicted by an axe handle, but could not have been caused by a fall unless the man fell with his head down.
The court adjourned at 12.30 until 1.45.

FATHER NOW FACES CHARGE OF MURDER
The Attorney-General Takes Charge of the Peterboro Case.
Peterboro, March 5.—George Dwyer, aged forty-five, was, on instructions from the attorney-general's department, charged with murder this morning when he appeared on remand on a charge of neglect. His son, John Dwyer, aged twelve, died on Tuesday as the result of beating, starving and exposure, it is said. The death certificate, giving the cause of death as meningitis, was issued by the doctor, and the crown attorney declared last night that no inquest would be held, but the attorney-general's instructions this morning include orders to hold an inquest.

After the refreshments Mrs. H. WANT TO KNOW CANADA'S VIEWS ABOUT LOCARNO
British Premier Says That the Papers Are Not Yet Complete.
London, March 5.—Premier Baldwin was pressed in the Commons yesterday to state what Canada and the other Dominions thought of the Locarno Treaty.
He replied that the Dominions would have their representatives at Geneva and every opportunity for discussion of the question would be given them there. It was not possible at this stage to lay papers giving the Dominions' views.
A member asked: "Is there any intention ever to lay the papers?"
Premier Baldwin replied: "That depends on what is in the papers, which are not complete yet."

Toronto, March 5.—A proposal made to the fish and game committee of the Ontario Legislature yesterday, and on which no action was taken, was that of changing the game law so that the open season for bass and pickeral will be the same, as at present, persons ostensibly fishing for pickeral are actually taking bass during the closed season. It was also proposed to shorten the bass season by putting the opening date back to July 1st, as the bass are spawning lightly this year.

FARMERS SEARCHING FOR MISSING FAMILY
Who Likely Lost Lives Crossing From Pelee Island to Leamington.
Leamington, March 5.—Two dozen farmers with ice sleds and sleighs to-day began a systematic search of the eighteen mile ice road between Leamington and Pelee Island in Lake Erie for James Phipps, his wife and their three children, Paul, 9, Hazel, 5, and Elmer, 3, missing since Monday when they started from the island for the mainland in their automobile. Although hope has been abandoned that the family has survived the days of exposure, the searchers hope to find some evidence as to the fate of the five. There is a large stretch of open water near the ice road ten miles from the island, and this was being dragged to-day.
